#### What is Orienteering?

Orienteering is a sport, which involves using specially drawn maps and sometimes a compass to navigate around a pre-set course. It can be either a competitive sport or simply a relaxed walk where you enjoy the countryside.

All ages and abilities are catered for, so this makes orienteering an ideal family sport. You won't need any special equipment, simply wear shoes suitable for Walking or Running.

#### I Can't Read Maps!

What better way to learn – there will be someone at an event who can assist and point you in the right direction.
