

Hawke's Bay Orienteering Club Inc.

Compass Points magazines contents

1977 - 1999

Compass Points magazines prior to 2010 are scanned images of the paper magazine, so they cannot be searched.

Compass Points magazines from 2010 were created in PDF format and are searchable.

This document is a searchable list from the contents section of each Compass Points magazine with a link to the magazine, but not the relevant page number.

The listed page numbers are the page numbers as shown on the Compass Points magazines. They may be different from the PDF page number, often less, as we don't always count the cover page.
