

BIGMAP

Bigmap (2011)

ocad

2011

Location	Tauroa Rd. to Waimarama Rd., Havelock North
Date	August 2011
Type	Farmland and park.
Scale & Contours	1:15,000 with 5m contours.
Source	Various. Tauroa area (see Tauroa notes) Te Mata Park area (see Te Mata Park notes.) Over-the-Hill area (see Over the Hill notes.) Horseshoe Bend area (see Horseshoe Bend notes.)
History	Big map was created at the time the Tauroa map was developed. By merging all these adjoining maps into one map events can be designed that would have crossed the boundaries of the original maps. Bigmap will probably never be used as a map. Parts will be cutout to make event maps, at various scales, as required.
Note	Although Te Mata Park is included in this the scale is not suitable for a map of the park. See separate map of Te Mata Park at 1:4,000

Bigmap (2011) - Map resized to fit on one page, not to correct scale.
