

Craggy Range

Craggy Range (2009)

ocad

2009

Location	Craggy Range road, off Tukituki road, Tukituki valley
Date	March 2009
Type	Farmland
Scale & Contours	Drawn at 1:15,000 normally printed at 1:10,000
Source	Photogrammetry by Stewart Hyslop, Oakdale Mapping (OM83).
Cartography	David Fisher
Fieldwork	Rachel Goodwin, Kate Morrison, Dec2008, Jan-Feb 2009. Rachel's 2nd map (fieldworked Taheke), Kate's first map. Both are off to university in 2009 so fieldwork had to be finished by late Feb2009
Field checking	Rachel, although the story is... planned for holidays before Easter 2009, but Rachel hurt her foot, so delayed.
History	First used for a club OY event on 28 March 2010
Note	
Photogrammetry	Drawn Aug-Nov 2008, Stewart.Hyslop, Oakdale Mapping, "OM83" from aerial photos flown on 26/11/1988 & 15/03/1995 Area has been looked at many times over the years, should be good for club events, but probably not a good enough area for a badge event. Some areas difficult to access due to deer fencing. Photogrammetry was of 8.0 sq.Km, however northern part (1.3 sq.Km) of photogrammetry abandoned as new landowners will be growing organic crops., leaving 6.7 sq.Km to be finally mapped. (but wait... we actually drew the entire area, although the fieldchecking of the out-of-bounds area is very rough.
