

TAUROA

Tauroa (2009)

ocad

2009

Location	Havelock North
Date	October 2009
Type	Farmland
Scale & Contours	1:15,000 with 5m contours (Normally printed at 1:10,000.)
Source	Photogrammetry, Stewart Hyslop (Oakdale Mapping – OM??)
Cartography	Alan Berry (ocad)
Fieldwork	Duncan Morrison, Geoff Morrison, Alan Berry
Field checking	
History	<p>This is a remap of the old Te Mata (farmland) map, using new photogrammetry. It now merges seamlessly with the “Over the Hill” and “Horseshoe Bend” maps. (Was originally drawn as “Bigmap...” which already included “Over the Hill” and “Horseshoe Bend” joined together.)</p> <p>The photogrammetry was completed in December 2000. Initially the fieldwork was given to W.Lee, but he was too busy setting up a McDonalds food franchise. It was then passed on to Ross Morrison, then Duncan Morrison and finally picked up completed by Geoff Morrison in mid 2008.</p> <p>Alan Berry started the cartography in December 2008 and the map was completed just in time for the first event in October 2009.</p> <p>New mapped area is 2.25 square km., which took Alan 38 hours for the cartography.</p>

***** OBSOLETE *** see Bigmap.**
