2016 Hawke's Bay Schools
Sprint Championships

Date: Wednesday 23rd March 2016

Map: Onekawa

Scale: 1:4000/1:3000

Terrain & map notes: Intricate school building detail with some surrounding streets and parkland. Multiple alleyways join the separate areas of these maps. Runners will be crossing only a few quiet roads, which little to no traffic. There will be marshals around the road crossings.

Control descriptions: International control descriptions (symbols) are printed on the map and separate control descriptions are available at the start for senior courses. Intermediate, Junior, Year 7/8, and Primary courses have text descriptions on the map. Separate control descriptions are also available.

Out of bounds: Please stay in the event Centre, car park or start area or on the signposted routes between these areas. The event Centre has been situated to allow good views of competitors at the finish.

Planner: Chris Beckman

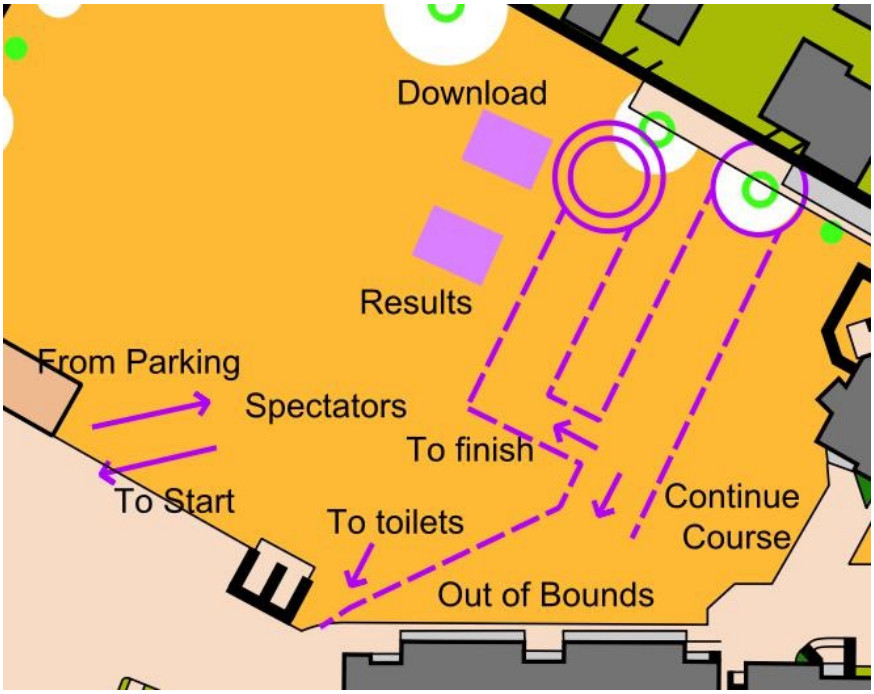
Controller: Devon Beckman

Directions: The event Centre is at Onekawa School. Parking is on Gallipoli Road or Anzac Ave. The event Centre is on the school field, to be accessed only through the school car park following event signage.

Parking: For all vehicles event parking is along Gallipoli Road or Anzac Ave. Please do not park in the school car park. From parking walk through the Onekawa school car park following the signs to the event Centre. Please do not deviate from this path. Please do not walk through St Patrick's School or Onekawa Park, Napier Aquatic Centre, these are out of bounds.

Registration: At the club caravan at the event Centre 5:00pm. Please get one team representative only to collect all hired sport idents for the team. Use only the sport ident allocated to you and return the ident at the finish.

Some base plate and thumb compasses will be available to hire from the caravan. These must be returned after the event otherwise there will be a charge to the competitor via your school to replace the compass.



Event Centre: The diagram above shows the event Centre. There is a spectator run through for every course. The first time competitors punch the control in the event Centre, they will be in the spectator chute. When running through the spectator run though, runners will run straight through the chute to the end of which where they will continue to navigate on their course. The second time they enter this chute, it will be to finish. This time, competitors will take a sharp right hand turn into the finish chute, and run to the finish. This will be signed and marked. It is the competitors' responsibility to run down the correct chute. Spectators and runners who are not on their course must remain on the western side of these chutes, and obey out of bounds signs.

Start: The start is located 150m from the event Centre.

Start times will be notified in the start list available from the HB Orienteering website from Sunday 20th March 2016. **FIRST STARTS WILL BE FROM 5:30pm.**

Competitors must be at the start ready to run no less than 5 minutes before their start time. Be prepared by knowing your grade and course number.

Finish: All competitors must report to the finish, even if they do not complete the course.

Results: Provisional live results will be displayed on the O-Lynx screens at the Event Centre. Unofficial live results will also be available on the web at www.o-lynxlive.com for family and friends at home. Official results will be available after the event at www.hborienteering.com.

Prize giving: At the event Centre 30-34 minutes after the last start.

Lost or late runners: DO NOT START YOUR OWN SEARCH. Organisers know who is or isn't out on the course at any given time. Report to the registration caravan and event organisers will initiate any action.

Casual starts: Casual starts will be 15 minutes after the last student starter. Usual map fees will apply.

Course closure: **8:00pm**

Food: A sausage sizzle and juicies will be available at the event.

Toilets: Toilets are available at the Event Centre

Map Flip: Courses 1-3 have a map flip during their course. The course will finish at a control, at which point the runner will flip their map, and then continue from the same point on their map, which will be marked with a triangle. This is also defined in the control descriptions.

Out of bounds areas and impassable features:

Please respect the areas shown as out of bounds on your maps. This includes the olive green symbol, the temporary construction symbol, and the striped symbol. There is a small area of garden construction taking place, and this is marked with the temporary construction symbol. The outskirts of this area is taped, so please do no cross it. The crossing of any of these areas will result in disqualification.

Similarly, please respect impassable features, including buildings, impassable walls and impassable fences. The crossing of any of these features is unfair and will lead to immediate disqualification. This includes closed gates. All gates that are shown as open on the map will be open in the terrain. If a gate is closed, it is meant to be closed and will be shown that way on the map. Leave it this way and DO NOT CROSS IT.

Hazards & Safety: Be cautious when going around tight corners, as there may be runners or members of the public coming the other way.
All courses have a road crossing; there should be little traffic on the event day. However, remember to still **watch out for cars** when crossing or running on roads on the course. For courses with road crossings a road marshal will give you instruction regarding crossing if there is traffic.

Important Notes: We would like to leave this map as we found it so if you cause any damage to fences or gardens, please help us by reporting it at the finish so we can repair it after the event.

NO SPIKES to be worn.

A map legend is available on the Sprint page of the club website and at the end of this notice. This differs from the rural legend so please make sure competitors are familiar with the Sprint Map Legend – in particular the Out Of Bounds colour.

NO DOGS!

We are only able to access this map with the ongoing goodwill of the schools and Napier City Council. Please bin all your rubbish and respect the regular users of these areas. Thank you.
