EDITORIAL

Welcome to 1992. Forget all those moments when you wondered, 'Where am I?', 'Am I on the map?', 'The control must be in the wrong place?' - that was last year. This year it will be easier !

There is a new president holding the reins (the old one has been put out on the farm !), and the year begins with a new innovation, the Summer Series, running on thursday nights.

OFFICE BEARERS AND COMMITTEE FOR 1992

=====

President:	Rosalie Adlam.	Ph. (06) 843 5557
Secretary:	David Fisher.	Ph. (06) 843 5557
Treasurer:	Peter Watson.	Ph. (06) 843 5557
Committee:	Tim Barnsley	Ph. (06) 844 1233
	Alan Berry	Ph. (06) 877 7223
	Bill Walsh	Ph. (06) 844 7715
	Pamela Morrison	Ph. (06) 877 4870
	Sharon Mardon	Ph. (06) 876 8558

SUBSCRIPTIONS FOR 1992

=====

It was decided at the AGM that the subscriptions for 1992 would be:

Family	- \$67.50	(Includes NZOF affil. \$42.00)
Adult	- \$27.00	(Includes NZOF affil. \$16.00)
Junior	- \$13.50	(Includes NZOF affil. \$10.00)

(An account is enclosed with this edition of the magazine.)

MAP FEES FOR 1992

=====

The committee has set the map fees for 1992 to be:

Members	\$3.00	(with family maximum of \$10.00)
Others	\$5.00	(with family maximum of \$15.00)

PRESIDENT'S REPORT FOR 1991

WELCOME. THIS IS THE 15TH ANNUAL PRESIDENT'S REPORT FOR THE HAWKE'S BAY ORIENTEERING CLUB, AND IT IS MY PLEASURE TO RECORD ANOTHER GOOD YEAR.

FOR TWO YEARS IN SUCCESSION WE HAVE INCREASED OUR MEMBERSHIP. WE ALL KNOW THAT FINDING THE CONTROLS IS WHAT TURNS YOU ON. IF YOU INTRODUCE YOUR FRIENDS TO THE SPORT OUR CLUB WILL CONTINUE TO PROSPER.

WE HAVE HAD A GOOD MIX OF SOCIAL EVENTS, AS WELL AS HOLDING AN EVENT ALMOST WITHOUT EXCEPTION EVERY TWO WEEKS FOR TEN MONTHS OF THE YEAR. A CONSIDERABLE ACHIEVEMENT, AND THANKS GO TO ALL WHO HAVE MADE THIS POSSIBLE.

THE MACPAC KAWEKA CHALLENGE WHICH IS RUN JOINTLY BY OUR CLUB, AND THE HERETAUNGA TRAMPING CLUB WAS AGAIN RUN VERY SUCCESSFULLY FOR THE SECOND TIME, AND IS NOW BEING ORGANISED FOR FEBRUARY 1992. THIS EVENT IS A MAJOR FUND RAISER FOR US WITH MEMBERS HELPING TO MAKE IT A SUCCESS, PARTICULARLY ON THE WEEKEND IN QUESTION.

WE AGAIN HELD A "LIVE-IN" COACHING WEEKEND AT OMATUA. I'M NOT SURE OF THE EFFECT THE COACHING HAS ON YOUR ORIENTEERING RESULTS, BUT AS A WAY OF MEETING THE REST OF THE CLUB IT IS EXCELLENT. THE VENUE CAN BE CHANGED, BUT I WOULD LIKE TO SEE THE CONCEPT RETAINED.

WE DID VERY WELL TO 75% FILL THE BUS FOR OUR AWAY EVENT IN THE MANAWATU. ALAS WE WERE UNSUCCESSFUL IN RETAINING THE CHALLENGE TROPHY. CONGRATULATIONS TO THE RED KIWIS.

INITIALLY WE WERE TO HAVE HOSTED THE 1991 QUEEN'S BIRTHDAY 3 DAY EVENT. FOR VARIOUS REASONS THIS WAS CHANGED TO THE NATIONAL CHAMPIONSHIPS AT LABOUR WEEKEND. I'M NOT SURE OF MY FACTS, BUT I WOULD VENTURE TO SAY THAT IT WOULD BE A FIRST FOR ONE CLUB TO RUN ALL THREE DAYS OF THE MAJOR EVENT ON THE NEW ZEALAND ORIENTEERING CALENDAR.

TO ALL THOSE WHO CONTRIBUTED TO THE ORGANISATION OF THIS EVENT, I SAY YOU HAVE THE SATISFACTION OF A JOB WELL DONE.

PERSONALLY IT HAS BEEN A SOURCE OF PLEASURE, AND PRIDE TO BE ASSOCIATED WITH A GROUP OF PEOPLE WHO WORKED SO ENTHUSIASTICALLY TO BRING SUCH A HAPPENING TO FRUITION.

WITH REGARD TO THE FUTURE, WE HAVE TO PREPARE TWO MAPS FOR A MULTI-DAY EVENT IN JANUARY 1994. BOTH AREAS ARE ALREADY DECIDED UPON.

WE SHOULD ALSO BE PRODUCING MAPS FOR CLUB USE. IDEALLY THESE SHOULD NOT BE TOO FAR FROM SUBURBIA, BUT OUGHT TO BE CHALLENGING FOR NEWCOMERS TO THE SPORT.

AT LAST YEAR'S A.G.M. I MADE IT CLEAR THAT I WOULD HAVE PREFERRED NOT TO HAVE BEEN PRESIDENT. IT WAS NOT TO BE. CONSEQUENTLY I WOULD LIKE TO RECORD MY APPRECIATION TO THIS YEAR'S COMMITTEE FOR DOING THEIR DUTIES SO ADMIRABLY, AND WITH SUCH ENTHUSIASM THAT MY JOB BECAME A PLEASURE.

BEST WISHES TO YOU ALL FOR CHRISTMAS AND THE NEW YEAR.

STEWART HYSLOP

H.B.O.C. TROPHY AND CERTIFICATE WINNERS (1991)

The Proficiency and Club Champion certificates and cups were presented by Stewart Hyslop at the AGM.
The O.Y., O.Y. Handicap and Day Relay certificates were presented by Rosalie Adlam at the christmas event.

Proficiency Certificates

Paul McKelvie,

G. Lucas

1990 Club Champions

W12	Anita Lloyd	M12	Ben Lee
W13	Cathy Smith	M21	Peter Watson
W21	Caroline Watson	M35	Bruce Perry
W35	Rosalie Adlam	M40	Derek Morrison
W45	Sharon Mardon	M50	Stewart Hyslop
W55	Kath Berry	M55	Alan Berry
		M60	Brian Crawford

1990 Orienteer of the Year Handicap Winners

W12	Michelle Barnsley	M12	Geoffrey Lucas
W13-16	Cathy Smith	M13-16	Brian Nairn
W17-39A	Diane Lucas	M17-39A	Wayne Lee
W17-39B	Leigh Clark	M17-39B	Tim Barnsley
W40+	Anne Sapsford	M40+	Alan Berry

1990 Orienteer of the Year

W12	Anita Lloyd	M12	Geoffrey Lucas
W13-16	Cathy Smith	M13-16	Brian Nairn
W17-39A	Caroline Watson	M17-39A	Maurice Lloyd
W17-39B	Catherine Lee	M17-39B	Tim Barnsley
W40+	Anne Sapsford	M40+	Stewart Hyslop

Charles Dook Cup

Tim Barnsley
(National Championships
weekend computerization.)

Heather Mardon Trophy

Caroline Watson
(Best performance, women.)

Mark Hyslop Trophy

Maurice Lloyd
(Best performance, men.)

Clipper Challenge Trophy Peter Watson
(Most points scored at Badge
Events.)

Lloyd Cup Caroline Watson
(Ladies Open Grade Champion.)

Nicholson Cup Peter Watson
(Mens Open Grade Champion.)

(The following trophy winners were not decided until after
the AGM and were presented by Stewart Hyslop at the
Christmas event:)

Watson Trophy Caroline Watson
(Ladies Open Grade O.Y.winner.)

Bee Trophy Peter Watson
(Mens Open Grade O.Y. winner.)

Robbie Smith Cup Derek Morrison,
Linda Llotd,
Bob Harris,
Rosalie Adlam.
(Day relay champions.)

Night Relay Shield (Not awarded this year.)
(Night relay champions.)

TWILIGHT SUMMER SERIES -1992.

In 1992 there is to be a Twilight "Summer Series" of events. The courses will be designed to cater for newcomers and our less experienced members.

Everybody is welcome, bring a friend.

There will be six weekly events in the series, to be held on Thursday evenings from 30th. January 1992. START times from 6.30pm.-7.30pm.

Normal map fees will apply but there will be a maximum for the series and a family maximum.

For details of event venues and dates see the "Coming Events" list at the back of this newsletter.

**BARBEQUE
SOCIAL
NIGHT EVENT**

5.00 pm Saturday 1st February

Pernal Orchard, Pakowhai Road,
Hastings.

BYO - togs/towel, food and drinks

(Bill - please bring your togs !!)

ARE YOU READY FOR THE TAUPO ALL NIGHT RELAYS ?
ONLY SEVEN PLACES IN A TEAM, DON'T MISS OUT.

MARCH 14TH - 15TH

MACPAC KAWEKA CHALLENGE - 1992 - KURIPAPANGO.

The 1992 Macpac Kaweka Challenge is to be held over the weekend of 14-16 February 1992.

This is a joint venture between the Heretaunga Tramping Club and the Hawke's Bay Orienteering Club.

To enable us to run the event successfully we require volunteers to help with various tasks.

I will be collecting lists of definite helpers at the club barbeque on February 1st. In the meantime we would like you to think about how and when you could help. None of the tasks are particularly onerous and the experience is usually very enjoyable.

The times we need helpers are as follows ;

1. Sunday February 9th - Working bee - Kuripapango ; 8-10 people to work on track marking to the finish.
2. Friday February 14th - Pack checking - Pernel Orchard or Kuripapango - From 6pm. 8 -10 people.
3. Saturday February 15th - Pack checking and start - Kuripapango. From 6.30am. 12 people minimum.
4. Sunday February 16th - Finish;-Times and Pack checking. 8-10 people.

Feel free to volunteer for any part of this schedule, or all of it!
I will be in contact with YOU!

Rosalie.

CLIPPER CHALLENGE.

The Clipper Challenge Trophy is awarded annually to the H.B.O.C. member who gains the most points in Badge Events.

For the benefit of some of our newer club members, the following is an explanation of the rationale behind this trophy.

1. The purpose of the trophy is to encourage competition by club members at a national level.
2. The trophy is to be awarded annually for the period 1st January to 31st December.
3. Points are to be awarded to members who compete at events which carry N.Z.O.F. Badge Credit Status.
4. Points are to be calculated according to the person's performance in their own grade. These grades can be A, B or C.
5. Points are to be accumulated over the twelve month period and will be gained as follows:

Within Gold Credit time	10 points
" Silver " "	8 "
" Bronze " "	6 "
" Iron " "	4 "
Start but did not finish	2 "

6. For those competing in B or C grades, credit awards will be calculated to give gold, silver and bronze status as with A grades.
7. For those unable to compete at events due to Course Setting duties, points will be allocated on the basis of Bronze Credit times, i.e. 6 points.

So What is a BADGE EVENT Anyway?

A National Badge Event is an event out of the N.Z. Orienteering Federation Calender. These require pre-entry, we include entry forms in 'Compass-Points' when we receive them. And they have an entry fee. They provide an opportunity for people to compete with others from all over New Zealand. They provide the National Selectors with an opportunity to compare people on the same courses to help select N.Z. Teams.

Well that's all very interesting, I hear you say. I think I'll stay at home. BUT WAIT.....remember Labour Weekend 1991...The National Championships. That was a Badge Event. So of course they are also a great way for a group of hard-working, dedicated club-members to get involved in organising a bigger than usual event (along with all their family and a few unsuspecting friends).

O.K.-that was great fun too! But we wouldn't want to do it again for a while.!

Isn't that the point? -we appreciate the effort involved in creating a Badge Event. The courses we ran on were great, not really too different from our O.Y.'s.

Badge Events are a great way to catch up with 'O' friends from other areas. And to try out other Maps. Groups could travel together. The Juniors seemed to enjoy themselves too.

So how about 1992 being the year we see more Hawkes Bay Members out and running around at Badge Events.

Rosalie.

DON'T QUIT

When things go wrong, as they sometimes will
When the road you're trudging seems all uphill,
When the funds are low and the debts are high
You want to smile but you have to sigh,
When care is pressing you down a bit,
Rest if you must - but don't you quit.

Life is queer with its twists and turns
As every one of us sometimes learns,
And many a fellow turns about
When he might have won had he stuck it out,
Don't give up, though the pace seems slow
You may succeed with another blow

Often the goal is nearer than
It seems to a faint and faltering man,
Often the struggler has given up -
When he might have captured the victor's cup,
And he learned too late when the night came down
How close he was to the golden crown.

Success is failure turned inside out,
The silver tint of the clouds of doubt,
And you never can tell how close you are
It may be near when it seems afar,
So stick to the fight when you're hardest hit
It's when things seem worst that you mustn't quit.

12 Novemb 1991

The Secretary
Hawkes Bay Orienteering Club
26 Trent Street
Napier

Dear Dave,

NATIONALS 1991

On behalf of the NZOF Management Committee I would like to thank and congratulate Hawkes Bay Orienteering Club for staging what sounded like a successful New Zealand Orienteering Championships. I am sorry I was not able to be there.

The club took on the organistaion of the championships with relatively little notice before Labour Weekend so at all times were working under a time constraint. As well, organising all three events by one club is a mammoth task for any club, and even more so for one the size of Hawkes Bay Club. It is so often a task shared among three clubs in larger centres.

Thankyou too for arranging the venue for the Council meeting - I hope you have been reimbursed for that hireage.

I did not receive a copy of the programme for Nationals - would you please send me a copy of the programme with the results.

Regards,

Chrissie Williams
NZOF Secretary

1992 WORLD VETERANS CUP - TASMANIA

N.Z. has two new World Champions with Anitra Dowling winning the W40 and Trish Aspin winning the W45 grades at this event. Judy Martin was placed 2nd in W50 and Ross Brighthouse was 4th in M45

I was 39th in the M35 grade and 14th overall on my course for the 4-day event. Caroline was 10th overall in W21B for the 4-days.

Peter Watson.

(Caroline and Peter have just returned from two weeks orienteering in Tasmania. They weren't allowed to leave the airport until they had whipped-up this quick article and promised a more detailed article for the next issue.)

NEW ZEALAND ORIENTEERING FEDERATION

NEWSLETTER

AGE GROUPS FOR 1992

The Management Committee ask that clubs now use the IOF nomenclature for age grades as they better define the ages eligible in each grade. This affects the junior grades especially.

So M-12 means men up to the age of 12 on 31 December. The year of birth are included below for 1992 grades.

Grade	Born ...
M/W -10	in or after 1982
-12	in or after 1980
-14	in or after 1978
-16	in or after 1976
-18	in or after 1974
-20	in or after 1972
21	
35-	in or before 1957
40-	in or before 1952
45-	in or before 1947
50-	in or before 1942
55-	in or before 1937
60-	in or before 1932

MASTERS GAMES - 8-9 February 1992

A reminder that these are in Dunedin and entries close on 17 January 1992. Club Secretaries have entry forms.

NATIONAL WALK WEEK 21-29 March 1992

National Walk Week is being organised by the Federated Mountain Clubs of New Zealand (FMC) and is supported by the Hillary Commission. Local committees have been formed and these committees have the addresses of Orienteering Club Secretaries. The objectives of the week are to promote walking as a fun, healthy and social activity for all ages and to encourage people to join clubs.

The national organisers see the week as an opportunity for orienteering clubs to promote themselves and provide promotional events. If your club has not been contacted please get in touch with the NZOF Secretary for further information.

GREAT DAY O - 28 March 1992

In exciting innovation in "endurance orienteering" to be held in the Auckland area. Entry forms and information from Lisa Head, 10B Patuone Ave, Devonport, Auckland. Ph 0-9-445 4555. Entries close 29 February.

NEWSLETTER**HILLARY COMMISSION FUNDING**

The Hillary Commission have made their 1991/92 grant to the NZOF.

Coaching Director	\$10000	(NZOF Contribution \$5000)
Participation/Promotion (L Baxter/J Martin introducing orienteering to new areas)	\$6000	(NZOF Contribution \$9050)
Delegate to IOF Controllers Clinic	\$2500	

The total grant is slightly more than last year, but is spread on more projects. The required contribution from NZOF is much higher. The NZOF acknowledges this financial support from the Hillary Commission.

QUEENS BIRTHDAY 1992

North West Orienteering Club is not now able to offer a 3-day badge event at Queens Birthday Weekend because of the loss of an area due to the World Cup 1994 Embargo. They can provide three days competition including a score event, a short course event and a standard length event.

If any club or area can put on a 3-day Badge Event would they please contact Stan Foster by the 31 January.

OVERSEAS EVENTS

The NZOF Secretary has the IOF 1992 Calendar of events. If you want information from this please write to her with specific dates you are interested in.

She also has information and entry forms for the following events:

APOC '92	Japan	2-5 May
World Cup 1	Orebro, Sweden	9 May
World Cup 2	Helsinki, Finland	13 May
LOF - Open	3 day Latvia	15-17 May
KO-4	4 day Latvia	20-23 June
Weiner 5-Tage-OL	5 day Vienna, Austria	6-11 July
4 Jours de Champagne	4 day Reims, France	9-13 July
O Ringen	5 day Sodermanland, Sweden	20-24 July
CROESO '92	6 day Wales	2-8 August
Nordic Open (Elite)	3 days Rena, Norway	17-20 September

H O W T O D O I T ??
=====

A T T A C K P O I N T S

Control Standards are less than a metre high and the controls ("flag") are only 30 cm squares, so to set off cross country especially in the forest to find such a small object is really chancing you luck.

The method used to solve this problem is to select a feature, close to the control, on the map, that is easy to find on the ground. These features should be an exact point, for example a track junction, pond, corner of a forest edge, sharp bend of a stream, building or top of a hill. This becomes your attack point.

Having reached the attack point, set the compass from it to the control and measure the distance between them. You now know the direction to go and the distance to the control.

If you are still uncertain how to set the compass, ask the person at the caravan to get someone to show you.

For measuring distance, using the map select any two points 100 metres apart and count the number of your normal paces between them. Runners usually take 30 to 40 paces, walkers more. My own technique, which is very uncommon among orienteers, is to count in single paces when running and double paces when I drop to a walk. It is not very accurate but it does allow for shorter paces going uphill and longer ones going down! However, do not hesitate to adopt whatever pacing method suits you.

(On the following page is a section of the Seafield Road map showing the D Course used on 1st December with notes on selecting attack points for each control.)

As it is holiday time there is no exercise with this edition, but if you wish to continue, select any map available and work out which controls need attack points and which features would be good to use. Ideally it should be within 100 metres of the control as it is difficult to accurately follow a compass bearing much further. Longer distances can be used when the route from the attack point to the control is along a "line feature" such as a track, stream or vegetation boundary etc.

Brian Crawford.

HOW TO DO IT: ATTACK POINTS

This map section is the D Course at Seafield Road on 1st December.

Control 1: is an isolated tree and should be easy to see from some distance and therefore does not need an attack point.

Control 2: the pond, or the tree, or the ridge to the east of the pond make equally good attack points.

Control 3: moving south from control 2 it should be easy to pick up any of the tracks leading to the junction of the four tracks and the ridge. This junction becomes the attack point, but it is best to go 80 metres along the South-east track before turning left into the forest at right angles to the track. The scale on the compass will show that the control is only 20 metres ($\frac{1}{5}$ of your paces per 100 m) of the track.

Controls 4 and 5: do not need attack points being a track bend and a distinct tree in a watercourse.

Control 6: is a small boulder which may be no higher than the control, so it is wiser to use the distinct tree 50 metres to the South-east of it as an attack point and pace count to it to avoid overshooting the control. It is not necessary to set the compass as the route is clearly straight down the watercourse.

Control 7: is a water trough on a forest boundary, so no further help is needed for it.

Control 8: is just north of a pond, which automatically becomes the attack point.

Control 9: is 10 metres east of a large pond, so head for the pond, but keep 10 metres to the east of it and you should run straight onto the control. The small watercourse will stop you overshooting it.

MANGARARA REVISITED

Every event and its preparation provides certain incidents that stand out above all others. In the case of Mangarara it was the rain.

Due to the Nationals being held so ^{late} I was not able mark any control sites prior to that event without risking confusing ~~the~~ ^{those} course setters. . . . at
This left me two weekends to do the fieldwork and set final courses, weather permitting this is usually sufficient.

The weekend after the Nationals I ventured into Mangarara under a darkening sky with a lousy weather forecast for Saturday and a slightly better one for Sunday. After an hour or so it started to rain. Every so often it stopped, during which intervals I furiously wrote details memorised about various control sites. At those times it was really great to be there, vivid green hills, dark clouds and glorious rainbows. Disregard the soggy feet.

To get the maximum daylight hours in the area I camped out overnight. I sorted out a nice dry spot and settled down for the night. Damp but pleasant. One of the local farmers had their Guy Fawkes fireworks that night. Beautiful rockets which went up with a whistle and a whoosh to burst with brilliant colours. I was impressed. My neighbours in the bull paddock were really enthusiastic, charging around the paddock bellowing their appreciation. At one stage I thought that they were going to come through the fence to share their joy with me. That was just before I put out my light, I was not prepared to accept credit for the evenings entertainment.

During the night I occasionally woke to the sound of heavy rain. Not to worry it will be bright sunshine in the morning. Some hope, it was fair hosing down and my tent was surrounded by water. Fortunately I had been able to park the car just outside the tent and pointing downhill to the road. Road! What road? It looked like a canal had been put in its place during the night. I had some breakfast, cleaned up, packed up and sat in the car reading for an hour or so waiting for the weather to break. The only thing to break was my resolve. Even to the most optimistic the rain looked pretty damned settled. Rain followed by rain. I called it quits and returned home for a second breakfast with the family.

The following Saturday I had to go down to Palmerston North. It was raining there but cleared as I returned to Hawkes Bay. On the strength of the ^{bit of} weather I diverted to Mangarara with the intention of putting in a couple of hours on the way home. As soon as I left the main highway and headed towards Mangarara the weather started to close in. Reached Mangarara got out of the car put on my boots and started again, so did the rain. I reached the first control site just 500 metres from the car and down it came again. I got the message and carried on to Hastings.

The next day Tim Barnsley and I returned for another attempt. This was the last day left. Tim is obviously climatically compatible to Mangarara as good weather all day saw the job completed.

The following Saturday Tim and I returned to put out the controls weather again fine. The Barnsley influence was still holding. In fact his magic seemed to go from strength to strength as on Sunday the weather could not have been better. I suspect that the course 1 boys would have welcomed a light rain

Mangarara is a farm area and as such is essentially a runners map. However the variety of terrain does provide interesting ^(over) setting potential, especially the longer courses.

The cliffs , the river and those areas of of native bush provide scope for precision orienteering. The courses were set with the aim of producing the the following times:

- A Course - 70 minutes
- B - 60
- C - 50
- D - 40
- E - 30
- F - 15

The course setters like every one else like to get home at a reasonable hour after the event is over so I would like to thank all those kind people who ventured out again to help collect the controls. Many thanks Tim for your assistance preparing for the event and so effeciently doing the lions share of the work on the day. Especially the weather control.

TED SAPSFORD

		Louise Barnsley	33.51
		Michelle Barnsley	34.50
		Amanda Barnsley	43.35

This event was originally scheduled as OY3, to be held on July 28th 1991 and ended up as OY6 on the 1st December 1991.

I fully expected that we would not be on the map at all and I was going to run the event on Smedley. Fortunately through Rosalie Adlam's persistence and Stewart Hyslop's phone call, Mr Exeter allowed us to use the map.

I always like to use a different start area and this is why I chose the northern area of the map. The start area had an added bonus in that we kept a low profile for Mr Exeter.

The disadvantage with the northern side of the map is that control features are hard to find. With last years times in mind I tried to avoid contouring through trimmings.

Most courses concentrated on route choice problems rather than control picking. The second legs on the A, B and C courses gave you the choice between down and up or running through the trees at the same height.

Winning times were within minutes of the recommended times with the exception of the A course.

The A course had two long legs including the second leg which was over 1.5km. I intended that the course should have been 6.0km but when I measured it on the morning of the event I found it was only 5.3km. With a few hasty phone calls I secured another control flag and added it to the course for 'distance' reasons only.

My congratulations to the grade winners and on a personal note, my congratulations to Maurice Lloyd for winning the A course in a time of 62.19 minutes and the series for the year.

My thanks to Rosalie Adlam for taking over the caravan duties, Wayne Lee, Bill Walch, Ted Sapsford and Alan Berry for collecting controls.

Peter Watson

What's to say!

After the Nationals I thought I'd be clear till next year, but alas a hole appeared in the fixtures list. No setter for the last event of the year. Must have the lolly scramble, so away we go.

There were micro-light aircraft on the strip earlier in the day and I would have liked to have gone up in one after the massed start to see where you all went. Different to going off at intervals.

Heartening to see Derek Morrison come through and take fastest time on the A leg, well done. Makes for an interesting 1992.

We've had problems with permission on 'Raretu', but its still a pleasant venue especially in the spring with short green grass and no thistles.

Many thanks to Max for your help, and also to those good folk who collected controls.

Stewart.

XMAS EVENT RARETU

It transpired at the H.B.O.C. AGM, that I was honoured by being duly elected to the ccommittee.

Then the problem, oh, what to do with a guy who can't orienteer for nuts was solved. The new Pres, Rosalie said to me "you are the Social Convener and the club xmas 'do' is on Sunday week". Oh Gosh, what am I going to do, I ponder.

Being a man of action I phoned last year's social convener Sharon, to see if she would like to do it. "Sorry'she says, 'we have other commitments! Then I did a smart thing (doesn't happen often) I phoned Catherine Lee and it all became easy. What evolved from that was a Kids Treasure Hunt at Euchre Flat, with an orienteering theme, which seemed to be well received, then with lollies at each control and prizes at the end. Just to ensure dentists can afford to run their Bee Ems, we conducted a lolly scramble. The Adults? performed a game and it was fortunate that the ballons broke before someone broke a leg. It certainly brought about a few broad grins and the B.B.Q. was executed in fine style by Maurice Lloyd and Catherine.

We have a twilight series planned (see calønder of events) and it is hoped to make them sociable occassions. So please bring your sausages etc.

It is a good opportunity to mingle and fraternise as Orienteers at events are generally like 'ships that pass in the ~~dark~~ ^{night} because there is little mingling!

So here's to a good social twilight summer series.

B.H. Wale
