## Editorial

Whoops! Almost out of space. Just room left for a quick thank you to all the contributors to this edition of the magazine. You are wonderful!

Thanks  
Rob McD

# PRESIDENT'S REPORT

It's great to be back into Orienteering! The year has had a very busy start to it kicking off with the Junior camp at Moore Road. The weather didn't help much but with the enthusiasm of coaches Neil, Lisa and Geoff the kids picked up a lot of valuable knowledge and skills. A big thank you to Geoff for organising this camp.

The Summer Series saw great turnouts and the introduction of pivot controls saw good one on one competition especially relished by Jack and Scott who seemed to finish seconds apart in each race. The Frank Smith Trophy has just been contested and we won again for the seventh straight year – I don't know why we bother taking the cup down! This was an awesome effort considering it was part of a pre entry two day event. The turnout from club members was brilliant, especially as the club did not organise a subsidised bus as in other years. We can hope for some top results at Nationals to be held on similar maps. By the time you read this the Kaweka Challenge would have been run. From all reports record entries are expected with good representation from the club. Max Kerrison and his organising committee have put a huge amount of time and effort into this event and are to be congratulated especially as this is a big fundraiser for the club.

The Taupo Night Relays are to be held in mid March followed by our first two OY's of the year, the Nationals at Easter and Geoff's Rogaine the following weekend at Wanstead. All in all we have some excellent orienteering to look forward to and hopefully we will see plenty of club members at the Nationals.

One other important event coming up is the Special Meeting to decide whether the HB Orienteering Club is to be affiliated to the Wellington region or the Central Districts region. Please attend this meeting to be part of this decision. It is a Club decision and I encourage all members to consider both sides of the argument.

Here's to an enjoyable year's orienteering.  
*Hamish.*

## COMMITTEE NEWS

Well it is great to have a full contingent of 10 on the committee....

1. We have discussed the need to sharpen up the **Hazard identification process**. There soon should be 2 boards; one at the start and at the caravan. You will be asked to read them, please do for your own safety.
- 2 The **setters training evening** is coming, watch this space.....Geoff Morrison will advise soon.
- 3 We are purchasing **new compasses** and Graeme Barrett has constructed a **shadow board** so that all event caravan assistants will know who has them.
- 4 We will possibly be hosting the **Orienteering Nationals 2005**. Your help will be appreciated in any way. Pencil in Easter next year.
- 5 We hope to soon have all of our master **maps laminated in their entirety**. This will be invaluable for setters when planning events.
- 6 **CD OR WOA.....Please note the SPECIAL MEETING** notice later in the magazine. It sounds as though there will be a robust debate, so pencil the date on your calendar.

THE NEXT COMMITTEE MEETING IS 16th MARCH 2004

*Ruth*

# COMING EVENTS MARCH - APRIL 2004

## MARK YOUR CALENDARS NOW

### MARCH

- 13 – 14<sup>th</sup> Katoa Po night relays in Taupo.
- 14<sup>th</sup> CDOY for those already in Taupo.  
14<sup>th</sup> Hawke's Bay Adventure Race.
- 19<sup>th</sup> Closing date for National entries.
- 21<sup>st</sup> HBOC OY1 at Maraetotara
- 22<sup>nd</sup> Special meeting of the HBOC to discuss the WOA/CDOA matter. See notice later in magazine.

---

### APRIL

- 4<sup>th</sup> HBOC OY2 at the Mission.
- 9<sup>th</sup> – 12<sup>th</sup> Nationals – hosted by Red Kiwis in the Manawatu.
- 13<sup>th</sup> Closing date for the Hawke's Bay rogaine.
- 17<sup>th</sup> Hawke's Bay Rogaine.
- 23<sup>rd</sup> – 24<sup>th</sup> NISS Champs, hosted by Wairarapa.
- 25<sup>th</sup> Club event, Over the Hill.

---

# *New Zealand Orienteering Federation* *(Inc)*

**GENERAL MANAGER:** Stuart Payne, 171A Fifield Tce, Christchurch 8002, NEW ZEALAND  
ph/fax: 64 - 3 - 337 2275 email: nzof@nzorienteering.com

## **NZOF NEWS - JANUARY 2004**

### **NZ COMMUNITY TRUST FUNDING**

The NZOF SuperSeries for 2003/04 is once again being supported by the NZ Community Trust. Their sponsorship provides for air travel for competitors. The NZOF gratefully acknowledges this generous support.

### **NZOF APPOINTMENTS**

The NZOF is pleased to announce that:

- Paul Smith (HB) has been appointed as NZOF Webmaster for 2004, following the resignation of Alistair Stewart. The NZOF thanks Alistair for his services over the last few years by which he has developed the website to the highly effective medium that it is today.
- Neil Kerrison (E) has been appointed Coaching Coordinator of the NZOF Development Squad for 2004. Neil takes over from Ray Pratt. The NZOF thanks Ray for his sterling efforts over the last two years.

### **NOVEMBER COUNCIL MEETING**

At its meeting on 29 November, the NZOF Council:

- agreed to contract new webmaster, Paul Smith, to upgrade and redesign the NZOF website;
- adopted a new Selection Policy, which is currently being discussed with SPARC before being circulated to clubs;
- agreed to develop a Health and Safety Policy to embrace the existing NZOF Health and Safety Guidelines, as well as circulate a statement on event liability to clubs;
- decided that the General Manager would act as NZOF Fixtures Officer. As a result, clubs should notify the General Manager of major events and should also, in the first instance, forward applications for A-level, etc events to him, which will, in turn, be forwarded to the Technical Committee, as appropriate.

### **AGM 2004**

The NZOF Annual General Meeting for 2004 will be held on Friday 9 April in the Manawatu in conjunction with the National Championships. It will be preceded by a meeting of the NZOF Council. Fuller details will be sent to clubs.

The AGM will consider a constitutional remit, required by SPARC, to take account of the establishment of the Sports Disputes Tribunal of New Zealand.

### **JALAS SPONSORSHIP**

NZOF, and in particular the NZOF Development Squad, continues to benefit from sponsorship courtesy of The MAPsport Shop through the sales of J alas O-shoes. The NZOF thanks Michael Wood and The MAPsport Shop for this ongoing support for orienteering.

### **NZOF MEMBERSHIP**

For the fifth year in succession, NZOF membership increased, reaching 1634 as at December 2003, up from 1613 at the same time the previous year.

### **APOC 2004**

The Asia Pacific Orienteering Championships (APOC) are now confirmed as 22 to 30 May 2004, with seven races (including the Kazakhstan Open Cup), plus model events. The official APOC website is at [www.lik.kz](http://www.lik.kz).

### **NZOF VACANCIES**

#### **JWOC 2004 Manager/Coach**

The primary role of the Manager/Coach is to ensure all financial and logistic matters pertaining to the team's participation at JWOC are attended to, and to assist the team to perform to the best of their ability and to improve upon previous results achieved by New Zealand representative teams at JWOC. The venue for JWOC 2004 is currently uncertain, as Russia have had to withdraw.

#### **NZOF MTBO Committee**

Vacancies exist on the NZOF Mountain Bike Orienteering (MTBO) Committee. This committee aims to assist clubs to develop MTBO in New Zealand. Current hard-working members, Trevor Knowles and Michael Wood, would appreciate extra heads on the committee. Communication is by email.

#### **NZOF Technical Committee**

A vacancy still remains on the Technical Committee. Communication is by email and applicants are required to be nominated by a club.

Job descriptions for the above positions are available from the General Manager.

This issue of NZOF NEWS is also available at [www.nzorienteering.com](http://www.nzorienteering.com)

The NZOF acknowledges the support of  
**Sport & Recreation New Zealand**

# *New Zealand Orienteering Federation (Inc)*

**GENERAL MANAGER:** Stuart Payne, 171A Fifield Tce, Christchurch 8002, NEW ZEALAND  
ph/fax: 64 - 3 - 337 2275 email: nzof@nzorienteering.com

## **NZOF NEWS - FEBRUARY 2004**

### **CONGRATULATIONS**

Congratulations to the following recipients of Prime Ministers' Athlete scholarships for 2004: Chris Forne (PAPO), Lisa Frith (NW), Penny Kane (D) and Lara Prince (PAPO).

### **JWOC 2004**

Congratulations also to the following selected for the SILVA New Zealand team to compete at the Junior World Championships in Poland, 5-11 July.

Men: Chris Ingham (W), Martin Peat (CM), Tim Renton (A).

Women: Claire Paterson (RK).

Coach: Michal Glowacki.

### **NZ AT SKI-O WOC 2004**

New Zealand was officially represented at this month's World Ski-Orienteering Championships for the first time. The 2004 championships, held in Sweden, saw the participation of Greg Barbour, Michal Glowacki and Alistair Landels. While NZ's participation was more experimental than competitive it enabled the IOF to pass its target of 25 countries taking part in their quest to have ski-orienteering in the 2010 Winter Olympics. The event organisers offered free entry for countries such as New Zealand to encourage participation.

### **AGM 2004**

The NZOF Annual General Meeting for 2004 will be held on Friday 9 April, 7:30 pm, at Mt Biggs School, near Feilding, Manawatu, in conjunction with the National Championships. A meeting of the NZOF Council will precede it. Fuller details will be sent to clubs.

The AGM will consider a constitutional remit, required by SPARC, to take account of the establishment of the Sports Disputes Tribunal of New Zealand.

### **WOC 2004 / A-NZ TEST: AVAILABILITY FOR SELECTION**

*World Orienteering Championships 2004*

Elite level orienteers are asked to notify the Convenor of Selectors of their availability for selection for WOC 2004 to be held in Sweden, 11-19 September 2004. Notification must be received by 31 March 2004. Trials to select the team will be held in conjunction with the New Zealand Championships at Easter 2004.

*Australia v. New Zealand Test Match 2004-1*

Elite level orienteers are asked to notify the Convenor of Selectors of their availability for selection for the first 2004 Australia-New Zealand test match to be held over Queens Birthday Weekend, 4-6 June 2004 in Auckland. Notification must be received by 31 March 2004. Trials to select the team will be held in conjunction with the New Zealand Championships at Easter 2004.

In both cases, please forward your notification to Marquita Gelderman, 45 Slater Road, RD 1, Helensville or e-mail: rg&mg@xtra.co.nz.

## **CHANGES TO JUNIOR CLASSES**

Following the review by the Technical Committee last year regarding changes to M/W16 and adjacent classes, the NZOF Council approved the following:

- M & W 16A will run red courses;
- M & W 14A will run orange courses;
- M & W 12A will run yellow courses;
- New classes for M & W 10 will be introduced, which will run white courses; and
- These changes will take effect from 1 April this year and therefore will be in place for the Nationals at Easter.

Note: There are also other changes consequent to the above.

## **NZOF VACANCIES**

### **WOC 2004 Team Manager**

Applications are invited for the position of manager for the New Zealand team to this year's World Orienteering Championships. The 2004 championships will be held in Vasteras, Sweden, 11-19 September. The team manager will be responsible for financial and logistics matters pertaining to the team's participation including preparing Gaming Trust applications for team funding. Applications close 31 March. The team will be named on 20 April.

### **WOC 2005 Team Manager**

Applications are invited for the position of manager for the New Zealand team to next year's World Orienteering Championships. The 2005 championships will be held in Aichi, Japan, provisionally 3-15 August. The team manager will be responsible for financial and logistics matters pertaining to the team's participation including preparing Gaming Trust applications for team funding. Applications close 31 March.

### **NZOF Technical Committee**

Vacancies still remain on the Technical Committee. The committee is responsible for ensuring that major events are organised in compliance with the NZOF rules; recommending changes to these rules; maintaining standards of event controlling, mapping and course planning; and grading controllers. Communication is by email and applicants are required to be nominated by a club.

Job descriptions for the above positions are available from the General Manager.

This issue of NZOF NEWS is also available at [www.nzorienteeing.com](http://www.nzorienteeing.com)

# Eye in the Sky Special

## By the Magpie

One of the favourite subjects of the Magpie, has resigned from the club this year. Max McEwan was the oldest active orienteer in NZ but has lost his 'mojo', as he puts it! Max has been a club-member since 1990. Here are a few entries from the Magpie Archives.

August 1996 – Talking of Max. Another Max, alias McEwan, was caught doing wheelies at McNeil. It's this type of incident we don't need. Next thing, he and his cohorts, Mac & Ngaire, will be wearing their 'patches' to events.

October 1997 – If you're flying in the skies over the Bay, keep a wary eye out, for rumour has it that Biggles and the Red Baron are on the loose. The pair, alias Mad Max McEwan, that ageless M75 and Demented Dave Smith, terrorised poor Stewart Hyslop recently, by practising mock attacks on his house. Beware, you could be next.

August 1999 – Max McEwan was so shocked at his performance in the club relays that he even took a photo of the results. His reaction to the fact that he, Stewart Hyslop and Katie Wynands were leading at that stage was to comment that "there is no justice in this world".

August 2000 – Max McEwan was a bit worried to see Philip Mardon climbing the fence into the cemetery on the Havelock Hills map. He didn't think it was advisable because of the possibility he mightn't get out! Max decided to circumnavigate this area for peace of mind.

October 2000 – Sharon had spent \$50 getting her watch cleaned before Te Awanga and on finishing her course, to her horror, discovered her watch gone. Meanwhile, tackling the yellow course were Margot Young and Max McEwan. They had actually got themselves a wee bit misplaced and were floundering around trying to get themselves back on track when Margot spied a nice watch lying in the grass. To say Sharon was happy was an understatement, which Max will attest to, for rumour has it he was the recipient of a big kiss which sent his heart into a bit of a flutter.

October 2000 – Apparently Max McEwan is on the staff at Senior-net, despite not having a computer. He vacuums the floors.

June 2001- Max McEwan let slip that he was having massages recently, but on intensive questioning on where, it was finally discovered that it was by his friendly physio, female of course.

June 2001 – Kay Ward was having lunch at Arborfield with a few of our elderly gentry when she lightened their day with a quote, "you only feel as old as the woman your feel".

August 2001 – Max M decided to walk from his home to the event at Havelock Hills because he thought parking would be at a premium. Unfortunately, when he arrived he decided that it was too much to do a course and walk home, so he ended up doing the latter.

February 2002 – The topic of conversation varies when travelling around Hawke's Bay, depending on who you travel with. Inevitably, airstrips are discussed when with Max McEwan....

# JUNIOR NATIONAL CAMP

Back in December last year six juniors from Hawke's Bay travelled to New Plymouth for a week to attend the NZ Junior Training Camp. Emma, Helen, Paul, Josh, Erika and myself were joined by around 35 other juniors from all over the country. We were fortunate enough to be coached by some of NZ's top elites - Karl Dravitzki, James Bradshaw, Neil Kerrison, Andrew McCarthy, Brent Edwards and a group of older juniors. The week gave everyone the chance to greatly improve their orienteering techniques as well as make heaps of new friends.

Over the course of the week we did a contour only map, route choice exercises, a demon course, two relays, a micro course, night relays and a 'course setters revenge' course, all of which led up to the ultimate challenge, the Camp Champs. As well as all that we also managed to go to the aquatic centre, the movies, the beach and play laser tag. With all that, we still seemed to have many hours of free time which was usually spent playing touch, talking and swimming in the swimming hole.

The highlight of the camp for me was the Camp Champs. It gave us all a chance to put everything we had learnt over the week to the test. The Red Long champions were Thomas Reynolds (Auckland) and Emma Watson and the Red Short Champion was ME!!!

*Cara*

Base camp New Plymouth

## Coaching Corner

Often on older maps, we come across things that have changed. More than likely this will be vegetation, i.e. blackberry or gorse. This problem arose at Horseshoe Bend on the river flats. Some people had a few problems in this area, so how do we negotiate it?

Before committing yourself to the leg, have a good look at what is on your map. In this case, it was the first control on the river flats in the small depression. There were two long narrow depressions you had to cross before the control plus a line of trees beyond the control which were the most obvious things to look out for. Being flat terrain, it was a good area to then run as accurately as possible on a bearing. Despite the patches of gorse, there was still enough on the map to take you accurately to the control, as the line of trees acted as a catching feature with the placement near the end.

Catching features can save you a lot of time, especially if your attack point is quite tricky. Picking up a good attack point is very important, but a good catching feature is as well. Often the control is set before a major feature to ensure the approach is difficult. Often though, beyond the control are obvious features. If this is so, it means you can confidently attack the control, knowing if you miss it, it will be easy to pick where you are for relocation purposes.

GM

## HELP WANTED!

Coming up in May is the HB School Championships. Someone is required to undertake the administration for this important event. You will need to:

- Update the event entry form.
- Co-ordinate with Sport HB for the distribution of the entry form to schools.
- Accept entries from participants – by phone, fax or e-mail – and keep an electronic list of entries.
- Answer queries about the event.
- Help with preparing start lists, clipcard labels, etc.

If you feel as though you could assist, please contact Geoff Morrison (phone 877 4870).

# Hawkes Bay Junior Camp

January 19-22

Coaches; Neil Kerrison, and Lisa Frith,

Assistants; Amber Morrison, and Geoff Morrison, with contributions from Todd Oates, Derek Morrison, Hamish Goodwin, Rachel Kerrison, and Peter Watson.

Participants; 27 fulltime with 3 taking part at various other stages. The age group ranged from M/W18 to M/W12.

Activities; Contours were the theme of the camp. Unfortunately, one day was wiped out due to weather conditions, but all was not lost, with other exercises within the confines of a hall used instead.

The sessions must have been effective, as no-one was lost using a contour only map of Maraetotara in rather thick fog.

It was back to Maraetotara for the final event, on courses that had been used previously at the beginning of the year for an OY. Nine ran the red course which included one W14 and two M14's. Cara McDonald (W16) was fastest time, finishing ahead of Jack Vincent (M16). Both are first year 16's, and Cara was 9 minutes faster than the winner of the OY (James Watson, who just headed off Emma Watson).

13 ran the orange course, where the winner was Duncan Morrison (M12), just beating Lucy Macmillan (W16), while six undertook the yellow course with Jamie Brigham-Watson (M14) fastest time.

Everyone had to step up a grade from where they were at the previous year, except those that were already running red.

The draw for the final day was done by three of our junior national representatives, Todd Oates, Ross and Amber Morrison.

It is obvious we are doing something right because numbers keep rising for the camp, going from 19 to 20 to 27. Many are returnees. With prompting, I'm sure we would have had at least another 10-15, but tried to keep a lid on it. On top of that, another four had been to the camp in New Plymouth.

The camps are a success due to having good coaches, and parental support, with varied alternative activities.

*Geoff*

# HAWKE'S BAY JUNIOR ORIENTEERING CAMP

JANUARY 19<sup>TH</sup> – 22<sup>ND</sup>.

If I had one word to describe this year's Hawke's Bay Orienteering Club's junior camp it would be ... RAIN!! ... but apart from that I could also use fun, interesting, challenging, motivating and wet.

As a first time camper (there were some third timers), I wasn't sure what to expect. I had heard stories of past camps from Ross and Paul, so I went in slightly apprehensive. As usual I arrived late (and wet) to discover a hall full of strange looking people walking around with blindfolds on shaking hands...don't ask...anyway I was soon introduced by Geoff.

That afternoon the group departed in convoy to Te Awanga. Teams were made up of orienteers who were all at the same level and we did some group orienteering with instructors (in the rain). I picked up some valuable hints from Hamish. That night we discussed the day's orienteering then had tea and went to bed (well some of us tried to, eh Oliver?).

The next morning we were greeted by a beautiful, sunny Hawke's Bay morning (yeah right) and departed to Maraetotara but conditions were so bad (Neil chickened out) that the group returned to base...very wet. For the rest of the day the leaders entertained the group and we did a bit of theory. That night we did some indoor orienteering and played games.

The next morning we awoke to the pitter patter of raindrops on our roof and a drip drop sound coming from the bedroom floor as the rain leaked its way into the building. Optimistically we drove back out to Maraetotara to do some contour only orienteering - I found this particularly challenging as did my compass which I was able to return to Geoff in three pieces following a slippery slide down a rock face. We stopped for lunch (in the rain) then began some highly competitive relays (in the rain). We returned back to base just long enough to get out of our wet clothes, put on some dry clothes, then change back into our wet clothes as we headed to the club summer series event at Woodford.

This was a good (wet) event and was enjoyed by all. Notable performances included the very modest author convincingly beating Paul Smith by well over 10 split seconds! A rather wet and tired group returned back to the camp.

The next morning we were at it again back out at Maraetotara and the final orienteering course of the camp. Most people were competing in the grade higher than what they were used to. The fact that we all finished showed what skills we had picked up over the camp.

I left the camp with a bag of wet clothes, one dry sock, extremely sore calf muscles, a whole new set of skills and a different approach to my orienteering plus I had met some interesting people.

Thank you to Neil, Lisa, Geoff and all the other support crew who fed us, transported us and looked after us while on camp. I gained a lot from it, as did many others, and to all those juniors who couldn't make it this year - if you hear of another camp give it a shot (and bring a good rain coat!)

*Daniel McCormack*

Strong wind eh Oliver

Oliver, Rachael and Aari seeking shelter from the storm.

## The Southern Six Day

We had planned a South Island holiday before we even knew about the Southern Six Day, and the timing was perfect. We'd already organised to spend Christmas in Christchurch with my family, then we were dragging them down to Te Anau to walk the Kepler Track between Christmas and New Year. That just gave us time to visit Milford Sound, call in for some lugeing in Queenstown the next afternoon and be ready for Naseby the next day.

Ready for Naseby???? Who could ever be ready for this map? I had been warned how technically difficult it was – and it was!! I do remember that I went straight to the first control – it's hard to remember much after that! Erosion gullies that all looked the same, few obvious features on the map, a hot sunny day – when I staggered into the finish after 2 ½ hours I felt pleased just to have got round my course. After taking the plunge and moving from my usual W40AS to W45A, my aim for the 6 days was not to be last on my course each event. I was often last in my grade, but achieved my aim of not being last on my course (just!).

Day 2, same map, same problems. Rob reckoned he had the map worked out and was having a great run until being stabbed in the eye by a branch metres from the last control – that knocked him round for a couple of days! I spent 2 ½ hours wandering round the course again – at times like this I wonder why I continue orienteering.

The 3<sup>rd</sup> event at Mt Ross was a score event. Everyone (whites to elites) had the same, large A3 map covered in 1001 circles, but different grades had different amounts of time varying from 30 minutes (white) to 60 minutes. After lecturing the children not to be late back, I was the only one in the family late back. It happens every time! And deductions were vicious at 10 points per minute when controls were worth between 1 and 9 points each. I enjoyed running in the cooler, overcast conditions on a map full of rocky outcrops that was a bit like Maraetotara. After Naseby it was great to have a map where I could work out where I was!

The 4<sup>th</sup> event was at Cuttance, a spur/gully map south of Dunedin that everyone said was similar to Hawke's Bay "so you shouldn't have any trouble". Really?? I managed to get very lost once and a bit confused twice and before you know it nearly 3 hours was up!

The 5<sup>th</sup> event was Waikaia, a map on native beech forest. Very interesting orienteering and almost enjoyable being totally remote, lovely surroundings, a lovely sunny day, and I bet Josie again (3 out of 5).

The last event at Overton was on eucalypt forest and was rather like Taupo. It was probably my favourite map as I found every control easily – except for one where I made such a silly mistake and wasted about 20 minutes being a headless chook. At least, as people kindly commented, I got my moneys worth over the 6 days, being out so long on each course. I'm sure it was good for me, although six events in 10 days did take its toll on my body and writing this six weeks later my achilles and knee still haven't recovered. It was a great concept to have an event like the Southern Six Day and I know club members from Dunedin and Southland worked hard to make it the success it was. And it was wonderful to go to event after event where you didn't have to do anything except compete.

Hawke's Bay had 16 club members down south. Junior fields were generally small (less than 8) while senior courses were large. Top three placings went to:

M12	<b>Christopher McDonald</b> Sean Morrison	1 <sup>st</sup> Day 1,2,3,4,5 and 6. Clean Sweep!!!! 3 <sup>rd</sup> Day 5 and 6
M14	Conal Boland-Bristow	3 <sup>rd</sup> Day 1 and 2
M16	<b>Scott McDonald</b> Conal Boland-Bristow	1 <sup>st</sup> Day 2,4,5 and 6 2 <sup>nd</sup> Day 1 3 <sup>rd</sup> Day 4
M40AS	Greg Bristow	2 <sup>nd</sup> Day 4 and 6
M21AS	<b>Mark Hudson</b>	1 <sup>st</sup> Day 1,4,5 and 6
M45A	Geoff Morrison	2 <sup>nd</sup> Day 4 and 6
M50A	Rob McDonald	3 <sup>rd</sup> Day 4
M21A	Todd Oates	2 <sup>nd</sup> Day 1
W21C	<b>Debbie Hudson</b>	1 <sup>st</sup> Day 4 2 <sup>nd</sup> Day 5 and 6
W16A	<b>Cara McDonald</b>	1 <sup>st</sup> Day 1, 3, 4 and 6 2 <sup>nd</sup> Day 2 3 <sup>rd</sup> Day 5
W18A	Erika Boland Bristow	3 <sup>rd</sup> Day 1,5 and 6
W40A	Pamela Morrison	2 <sup>nd</sup> Day 4 and 6
W21A	Erica Hobbs	3 <sup>rd</sup> Day 2 and 5

Hawke's Bay 'also runs' include myself and Josie Boland-Bristow running W45A. Everyone else got a top 3 placing except for us !!!

*Faye McD*

Lord of the Rings territory at Mt Ross

# NZ National Orienteering Championships 2004

---

## Programme Details

Events will cover the Easter weekend from Friday 9th April to Monday 12th April 2004

- Friday 9th: Sprint-O (Mt Lees Reserve)
- Saturday 10th: Long Distance [Individual Classic] (Osgiliath)
- Sunday 11th: National Relays (Bombing Range)
- Monday 12th: Middle Distance [Short-O] (Koitiata)

Courses offered and entry fees will be comparable with those provided at recent NZ National Orienteering Championships.

---

## Embargo

All red kiwi maps, and currently unmapped coastal forest areas between Hokio Beach (on the coast west of Levin) and Wanganui are embargoed against use for orienteering or training from now until Easter 2004.

---

## Maps and Terrain

The maps used, except for the Sprint-O on Friday 9th, will be from the superb Manawatu sand dune areas between Wanganui and Levin. The Sprint-O will be on gully and spur terrain with some forest and native bush.

Those people familiar with the area will be aware of the tremendous variety of terrain to be found along this coastal strip, sometimes within the one map.

---

## Host Club

The Red Kiwi Orienteering Club, based in Palmerston North is hosting the 2004 National Championships. Other clubs within the Wellington Region are providing additional support.

---

---

## NZOF Super Series

Round 4 of the 2003/04 NZOF Superseries will involve the three events on Friday, Saturday and Monday. Refer to [www.mapsport.co.nz/ss/ss.html](http://www.mapsport.co.nz/ss/ss.html) for more information.

---

## General Information

The standard set of courses will be provided so that there will be something suitable for orienteers of all grades and abilities.

Sportident controls will be used for all events. Sportident cards will be available for hire by competitors who do not have their own.

Competitors take part at their own risk and are responsible for their own safety.

Entry forms will be available from Club secretaries, the Red Kiwi Orienteering Club, and will also be distributed with New Zealand Orienteer (February 2004 edition).

The closing date for entries will be early March 2004 (about a month prior to the event).

There will be a creche tent provided, with parents using it expected to contribute to the care provided.

Food, provided by local schools or other community groups, could be on sale at all events.

There will be a social function and prizegiving on the Sunday evening at Rongotea. Tickets for this function will need to be ordered at the same time as event entries.

---

## Manawatu

The Manawatu is a very central location and has a wide range of activities available to visitors. Consult the Manawatu Visitor Information Centre for details.

The weather will be late summer or autumn, typically with warm days and cool evenings. Be prepared, however for a spell of cold weather during the event.

---

## Travel Times

Travel from Palmerston North to the maps to be used for events will vary from about 3/4 of an hour (if going to Wanganui), to about half an hour (if going to Levin).

Bulls, about half-way between Wanganui and Levin, is the most central location, but accommodation options in Bulls are limited.

There are motels and camping grounds in Palmerston North, Levin and Wanganui. There is also some accommodation available in smaller centres such as Foxton, Bulls, Feilding and Marton.

---

## Location Map

Palmerston North, home of the Red Kiwis, is reached via State Highway 3 from Bulls/Sanson (both of which are on State Highway 1).

---

## Organising Team

The organising team for the 2004 National Orienteering Championships is:

- Graham Teahan - Overall Controller and IOF Adviser
- Royce Mills - Planner, Long Distance [Classic]
- Max Kerrison - Controller, Long Distance [Classic]
- Mark Pritchard - Planner, National Relays
- Alan Berry - Controller, National Relays
- Dominic Teahan - Planner, Middle Distance [Short-O]
- Alan Horn - Controller, Middle Distance [Short-O]
- Russell Higham - Event Organiser and Osgiliath Mapper
- John Doolan - Logistics Co-ordinator
- Ross Davies - IT and things digital
- James Scott - Publicity

For further information, contact Russell Higham

- 116 Main South Road, Levin
- Phone: 06-368 2341
- Fax: 06-368 2341
- Mobile: 025-626 7384 or
- Email: [rusden@xtra.co.nz](mailto:rusden@xtra.co.nz)

# HAWKES BAY ADVENTURE RACE

MARCH 14<sup>th</sup> 2004

- 6 Hour Event
- 24 Hour Event

## Introduction

Adventure racing is the fastest growing sport in the world. It is one of the only sports in the world where both genders race together in the same team. It is a team sport which combines decision making, physical endurance and mental ability. Come to sunny Hawkes Bay for an adventure experience of either 6 hours or 24 hours. The course and event have been put together by experienced international adventure racers. They will bring some of the experiences they have encountered in their races to this event.

## 6 Hour Event

The 6 hour event is an introductory level adventure race which will cover a distance between 30km to 40km. The event will involve teams of either 2 or 4 open and mixed teams racing together over a secret course. 2 person teams \$95 and four person teams \$185 per team. The course has been designed to be achievable with a minimal level of fitness, while also incorporating disciplines and activities which can be challenging from a mental, physical and teamship point of view. It will include:

- Trekking - on farmland / native bush / trails
- Flat water kayaking - double plastic sit-on-top **kayaks will be supplied** (no experience required)
- Mountain biking - mainly down hill and on flats, off road and on road (mountain bikes can be hired from most bike shops)
- Other activities - ropes (no experience required, not compulsory), introductory navigation and other mystery enjoyable activities

This event is ideal for the beginner adventure racer, ex-support crew or even the ex-couch potato. Get some friends together for an enjoyable and memorable adventure. We can help out with team building - phone Dave on 870 6951.

## 24 Hour Event

This event is targeted at teams of mixed gender, either 2, 3 or 4 persons and relay teams looking for a longer and harder challenge. It will include trekking on and off trail with navigation required, ropes ascending (no Certificate required and not compulsory), kayaking, on and off trail mountain biking, orienteering section and special mystery activities. The terrain in Hawkes Bay is superb for adventure racing with multiple route choices and varied country. Entry fee for the 24 hour is \$185 per person. Kayaks will not be supplied.

Both races are secret courses. All team members must race together at all times.

Meals, category prizes and lots of spot prizes will be provided at the Sunday prize giving.

Entry forms will be available shortly at [www.24houradventurerace.com](http://www.24houradventurerace.com) further information and updates will be posted on the web site news room.

Any enquiries phone:

Richard Anderson (03) 315 7599, 027 208 5198 [richard.anderson@arrowa.co.nz](mailto:richard.anderson@arrowa.co.nz)  
Tim Wilkins (06) 878 9142 (0274) 46 46 41

Run in association with Richard Anderson Events Management and Hawkes Bay Adventure Racing Club and also endorsed and supported by Hastings Tourism.

# New Zealand National Championships 2004 Entry Form

Closing date 19th March 2004

Entries can be made on-line at [www.nationals.orienteeing.org.nz](http://www.nationals.orienteeing.org.nz)

## Map Descriptions

### Day 1 - Friday 10<sup>th</sup> April, Sprint-O, Mt Lees.

**Map:** Scale 1:4000 with 2m contour interval. This is a new map.

**Terrain:** This area is a well maintained reserve with areas of native bush, farmland and mixed plantations of pine, eucalyptus & exotic trees of varying ages. Gully spur terrain with variable runnability. Some walking tracks within bush. Full body coverage recommended

**Start times:** Begin at 3.00pm, followed by a BBQ (cost included in entry form)

**Directions:** Signposted from SH1 just south of Ohakea.

### Day 2 - Saturday 11<sup>th</sup> April, Long Distance (Classic), Osgiliath Wood.

**Map:** This is a new map.

**Scale/Contours:** 1:7500, 1:10000, 1:15,000 (for elite courses) with 2.5m contours. This is a new map.

**Terrain:** This area is entirely forested coastal dunes. Blocks of Radiata Pine vary in age from mature, to young (12 years old). There is great contrast in runnability, with areas of slow run due to logging operations, areas of young dark unthinned or unpruned blocks, and areas that are mature and fast running. Recent logging operations have left trimmings and skid tracks (unmapped) scattered over much of the map, which have not affected the generally good runnability. Also sprinkled over the area are patches of the ubiquitous bracken, and inkweed. There are areas of gnarly unpruned mature stands, as were depicted in the last scenes of Lord of the Rings - The Two Towers. There is also a coastal strip of mature Macrocarpa. The terrain varies from rolling to intricate forested dunes no higher than 20 meters.

**Directions:** Signposted from SH1 between Foxton and Levin.

### Day 3 - Sunday 12 April, Relays, Raumai Bombing Range.

**Map:** The map has been used before for WMOC 2000; Wellington Champs short O, Nov. 2000; Orienteer of the Year, Aug. 2001; Warm-up for ANZ Challenge Jan. 2002.

**Scale/Contours:** 1:7500 & 1:10,000 with 2.5m contours

**Terrain:** This map has quite a mixture of distinct areas. There is a block of fast open mature pine forest in a steep area; there is another open pine forest area in a flat area and another with intricate contours in open to slow run near the beach. The most distinctive part of the map is the triangular bombing range, which is mainly rough open. Parts of the bombing range are mowed (so as not to catch fire) and are shown as fast run.

#### Notes:

- (1) Do not remove any metal objects that may found lying on the ground.

- (2) Poisonous bait stations are present - please do not touch these.
- (3) There are many unmarked motorcycle tracks.
- (4) Electric fences are off.

**Special symbols:** This map has a special symbol marked in purple: This symbol is shown in two areas of the bombing range and indicates a circular area of drums where bombs are dropped.

There is also a dangerous area marked in purple (containing a dump of old bombshells).

Runners will not be going near the bombing or dangerous areas. The RNZAF have reassured us that there are no live bombs in the area and there is no danger to any Orienteer as long as they stay away from the dangerous areas.

**Directions:** Signposted from centre of Bulls

### Day 4 - Monday 12<sup>th</sup> April, Middle Distance, Koitiata.

This event, of only one race, will finish about 1:00pm and is approximately a 45 minute drive to Palmerston North

**Map:** The Koitiata map has been used previously for WMOC 2000 and the Wellington Champs 2000, OY Mar 2002; and NI Championships Jan 2002.

**Scale/Contours:** 1:7500, 1:10,000, & 1:15,000 (elite courses only) with 2.5m contours.

**Terrain:** This area consists mainly of mature planted radiata pine forest on flat to rolling intricate sand dunes with some areas of rough open coastal sand dunes near the beach. There is also usually a strip of thick vegetation near the coastal sand dunes, which can vary from fight to slow run. Sprinkled about the maps are boxthorn bushes, which are marked as thickets. There are also variable clumps of gorse and some areas of blackberry, thinnings, toitoi and ink weed. The ground is soft, though the visibility and runability is generally very good. There are some motorbike tracks in the forests. These are not be mapped as they constantly change.

**Special symbols** A green circle is used to mark a distinctive tree in the farmland only. A green dot is used to mark a small thicket, isolated boxthorn bush or small gorse patch. Larger thickets are shown by their shape.

**Fences** There are fences in the forest. Some of them are electric and some have barbed wire. All electric fences will be turned off. Take care when crossing tracks as there may be electric fences (one or multi wire) running parallel to the tracks and these may be difficult to see. Some of these electric fences [adjacent to roads] have been recently removed. They are not shown as a map correction.

**Directions:** Signposted from Turakina on SH3.

# General Information and Merchandise Details

## Instructions for Completing the Entry Form

**Contact Name:** please enter the name and address of the person responsible for this entry. This is important when the entry is for multiple competitors. Please provide an email address, as event programmes and results will be distributed by email (PDF Format) unless printed copies are ordered (cost NZ\$8 per set).

**Competitor Details:** For each individual being entered, provide name (please underline family name) and his/her world ranking ID number if known. Enter the year of birth (required for checking classes), Club if any (used for preparing relay teams), and Sport-Ident card number if providing own card (leave blank if Sport-Ident card to be rented or purchased). Record the class entered for each event, and calculate the entry fee for this person.

**Sub-Total:** Add the entry fees for each competitor.

**Programme and Results:** Please indicate if any printed copies of the programme and results are required. They will be sent to the address at the top of the form. If printed copies are not ordered, then programme and results will be distributed via email (PDF format). Calculate and enter the cost of any printed sets.

**Socials:** Please indicate the number of tickets required for the opening BBQ, and the Dinner. Indicate the number of child dinners separately, and whether any vegetarian meals are required. Total numbers of dinners will be number of adults plus numbers of children (some of which may be vegetarian). Calculate and enter the costs of attending any socials

**Sport-Ident:** Cards: Please indicate whether and cards are or be purchased or hired for the event. All competitors must either provide their own card, or arrange to hire or purchase from the event organisers. If providing own card, then the Sport-Ident number must be provided on the entry with other competitor details. Calculate and enter the costs of any purchase or hire.

**Split Start Times:** Please describe any special requirements for split start times to accommodate care of children or other special circumstances.

**Merchandise:** Enter the style/size/colour and quantity of each of garment required. See below for descriptions. Calculate and enter the costs of any merchandise purchases.

**Payment:** Calculate the total payment required from the sum of the entry fees, and any of the optional items:

- Printed programme and results
- Socials - BBQ and Dinner
- Sport-Ident cards purchase or hire
- Merchandise

Payment is to either be via a cheque which must accompany the entry form, or via Direct Credit (using telephone or internet banking - see your bank) to the specified bank account. If paying via direct credit:

- ensure that the payment is made prior to posting/faxing the entry form
- Use a transaction reference code of the family name and given initials of contact person at top of form.

## Merchandise

All Tee-shirts, Polo shirts and Polar Fleece vests will have the NZ Orienteering Champs 2004 logo (refer below for details) embroidered on the left breast. Individual items are as follows.

**Tee-Shirts:** There are two different weights of tee-shirt available.

**Light weight:** 145 gsm unisex combed cotton, top stitched, med length sleeve. Colour: snow-marle; Sizes: S, M, L, XL, 2XL, 3XL, 5XL

**Heavy weight:** 200 gsm (95% Cotton 5% Spandex) round neck, twin stitched hem and sleeve. Separate styles for men/women. Colour: white; Sizes: (men) S, M, L, XL, 2XL, (women) 8, 10, 12, 14, 16, 20.

**Polo Shirts:** These use 210 gsm material (65% Polyester 35% Cotton) twin striped collar, pique knit. Separate styles for men/women. Colours: snow-marle with black trim, or white with either navy (women only) or red trim; Sizes: (men) S, M, L, XL, 2XL, 3XL, 5XL; (women) 8, 10, 12, 14, 16, 18, 20.

**Polar Fleece Vest:** There are three styles available;

**Reversible vest:** Micro Fleece / Nylon With Pocket. Event logo will be on one side (gold) only. Colours: Gold/Navy; Sizes: XS, S, M, L, XL, 2XL, 3XL

**Medium Plain:** 285 gsm plain anti-pill polyester polar fleece with zip pockets. Unisex style. Colours: charcoal or maroon. Sizes: XS, S, M, L, XL, 2XL, 3XL.

**Heavy Plain:** 360 gsm contrast anti-pill polyester polar fleece with zip pockets. Unisex style. Colours: navy/beige and forest/navy; Sizes: XS, S, M, L, XL, 2XL, 3XL

**Headwear:** There are four styles of headwear offered.

**Beanie:** Polar fleece beanie, one size fits all. Colour red.

**Surf Hat:** Heavy brushed cotton, cord with slide toggle, cotton sweatband, gunmetal eyelets, UV protection information label attached. Colour natural, bottle, or maroon. Sizes: 53cm, 55c, 57cm, 59cm, 61cm.

**Sandwich Bucket Hat:** Sandwich trim, brushed cotton sweatband, gunmetal eyelets. Colour Natural/navy, and bottle/white. Sizes: S/M and L/XL.

**Sunbuster Unifit Bucket Hat:** Polymesh sandwich bucket, breathable mesh, contrast colour sandwich peak. Colour Stone/navy. One size fits most.

Refer to the web site for additional details, including photos of each item.

## Event Logo

The event logo is based on the standard orienteering orange and white flag, with blue stripes to indicate the waves along the beach, interspersed with white cloud stripes and orange sand-dunes. The NZOF and Red Kiwi insignia have been added to complete the logo. Refer to the web site ("[www.nationals.orienteering.org.nz](http://www.nationals.orienteering.org.nz)") for a full colour picture.

## Classes

The following revised set of classes recently adopted by the NZOF, will be used for all individual events in the 2004 National Championships.

Course	Men	Women	Length	Difficulty
1	M21E (Open)		100%	Red
2	M20A, M21A (Open) M35A	W21E (Open)	60%	Red
3	M18A, M40A, M45A		47%	Red
4	M50A	W20A, W21A (Open) W35A	41%	Red
5	M16A, M21AS (Open), M55A	W40A, W45A	37%	Red
6	M60A, M40AS	W18A, W50A	33%	Red
7	M65A	W16A, W21AS (Open), W40AS, W55A	27%	Red
8	M70A, M75A, M80A	W60A, W65A	18%	Red
9	M18B, M20B, M21B (Open), M40B	W20B, W21B (Open)	35%	Orange
10	M14A, M16B, M50B	W18B, W40B, W14A, W16B, W50B	29%	Orange
11			23%	Orange
12	M12A, M14B, M21C (Open)	W12A, W14B, W21C (Open)	2.5-4km	Yellow
13	M10, M12B	W10, W12B	2-3km	White

Classes for the relays on Sunday 11th will be as follows:

Leg	Restrictions	Win time	Difficulty
<i>Mixed Long</i>			
1	Open	35 mins	Orange
2	No E classes, No M18A - 50A, No W20A - 35A	20 mins	Orange
3	No E classes, No M20A - 35A	25 mins	Orange
<i>Mixed Short</i>			
1	No E classes, No M21A - 35A	30 mins	Orange
2	No M14 or above, No W14 or above	15 mins	White
3	No E classes, No M16A - 50A, No W16A - 50A	20 mins	Yellow

## Age Restrictions

Competitors aged 20 or younger belong to each class up to the end of the calendar year in which they reach the given age. They are entitled to compete in older classes up to and including 21. Competitors aged 21 or older belong to each class from the beginning of the year in which they reach the given age. They are entitled to compete in younger classes down to and including 21.

## Entry Fees

	Fri 9th Sprint-O	Sat 10th Long Dist	Sun 11th Relays	Mon 12th Mid Dist	All four events
Senior	\$10	\$28	\$20	\$20	\$78
Junior	\$5	\$10	\$10	\$10	\$35
Family	\$25	\$66	\$50	\$50	\$191

A junior is anyone eligible to compete in M20 / W20 or younger classes. A family is up to two seniors living at the same address and any number of juniors that look to at least one of the seniors as a parent.

## Payment

The full amount of fees shown on the reverse must be paid before an entry can be accepted. Payment can be by accompanying cheque, or by direct credit to the specified bank account **before** the form is sent. If paying by direct credit, enter the family name and given initials of the contact name in the bank "Reference" field. If paying in Australian dollars, please use an exchange rate of NZ\$1.00 = A\$0.95.

## Start Time Requests

Please note that with block starting of classes, requests for separate start times to accommodate child care requirements must accompany entry form.

## Sportident

Enter the Sportident number on the entry form for any competitors providing their own. Competitors without Sportident cards can purchase or hire one for the event.

## Social Event

Please indicate the number of tickets needed for the dinner, and whether any vegetarian meals are required. Note that in this instance, children are youngsters aged under 14.

## Late Entries or Changes

Entries received after the closing date of the 19th March will be accepted only at the discretion of the organisers. Additionally, requests for change of grade received after the closing date will be at the organisers' discretion.

Hawke's Bay Orienteering Club Inc. invites you to the .....

## HAWKE'S BAY ROGAINE

### "Nevis Ay Die"

Saturday, April 17, 2004

Enjoy the outdoors? Whether you're ultra-competitive or just enjoy exploring the countryside, then a rogaine is for you. You'll be travelling by foot in a team (of 2 - 5 people), using a 1:50,000 scale map to navigate to control points. Each control has a pre-allocated score value and the object is to locate as many controls as possible within the time allowed, to maximise your total score.

SOUNDS LIKE YOUR SORT OF THING?

**WHERE IS IT?** We have selected a piece of Hawke's Bay countryside, off the beaten track, for you to explore. The rogaine is being held in the Wanstead area, which is approximately 30km, south-east of Waipukurau. There will be camping available at the event centre on Friday (from 5.00pm) and Saturday nights.

**WHAT TIME DOES IT START?** There will be three time options - 12, 8 and 4 hours. All courses will finish at 7.00pm and there will be planning time allowed before your "race" time starts. All courses will have at least an hour of darkness. Maps will be available at the following times:

12-hour	6.00am
8-hour	10.00am
4-hour	2.00pm

**WHAT HAPPENS AFTER THE EVENT?** Afterwards, it's time to relax and enjoy the evening. A meal will be provided at approximately 8.15pm, scores will be tallied and stories shared.

**WHAT CATEGORIES ARE THERE?** Men (M), Women (W) and Mixed (X)

**HOW MUCH DOES IT COST?** Your entry fee includes camping, a map and a meal. Per person, the fee is:

12-hour	\$35
8-hour	\$30
4-hour	\$25
Junior (20 & under)	\$20

**HOW TO ENTER:** Detach the section below and send with your cheque (payable to Hawke's Bay Orienteering Club Inc), by Tuesday, April 13, to:

Pamela Morrison  
27 Margaret Avenue  
Havelock North

Enquiries to [pamela.m@xtra.co.nz](mailto:pamela.m@xtra.co.nz) or phone (06)877 4870

Pre-event information and results will be posted on our club website - [www.hborienteering.org.nz](http://www.hborienteering.org.nz) and will also be sent by e-mail to those entered.

For further information on rogaing in NZ, visit the RogaineNZ website - [www.mapsport.co.nz/rog/rogaing](http://www.mapsport.co.nz/rog/rogaing)

## **ORIENTEERING CHAMPIONSHIPS**

Hosted by: Wairarapa Orienteering Club

Date: 23/24 April, 2004

Individual event on Friday 23<sup>rd</sup>, Relay on Saturday 24<sup>th</sup>.

Map: Halcione.

The map is situated at Mauriceville West, 25 km north of Masterton and was created for the NZ National Championships, 2000.

Courses: Championship and Standard grade courses are offered

---

Further event information and **entry form** are available from the event website:

<http://www.trusthouse.co.nz/sport/orienteering/niss-champs.htm>

Closing date for entries is 8 April, 2004.

## HBOC; 20 Years Ago

**From a report in the HB Herald Tribune, 1985.**

The Hawkes Bay Orienteering Club held an event on Smedley Station, Tikokino, yesterday. Mr Maurice Lloyd, president, said about 40 people entered the event. One of the events held yesterday was the third heat in the Hawkes Bay Orienteer of the Year series. Mr Lloyd said the Hawkes Bay Orienteering Club, which has about 70 members, organizes a family event every two weeks, and more competitive events once a month.

**From 'Compass Points' Summer 1980-81**

It could be said our club has now fully come of age with the christening of our first full colour orienteering map at the Hawkes Bay Open Relays at Te Mata Park. I am sure all club members will agree that Roger (Bee) did a fine job of the cartography.

I can't wait for us to invite another club over for a meeting. The relays were not as well attended as some of us hoped, but those that did enter proved to be an enthusiastic bunch and a great time was had by all (in spite of the weather).

## Woodford and Iona 'Park O'

If you take some time to read the last two reports of events organised by the Barretts, you will notice that extremely poor weather conditions have created the challenge in orienteering rather than the courses. In fact, after the event staged at Horseshoe Bend last year, I suggested to Terry, the events organiser, that if the farmers needed some rain then he should get us to be responsible for the event so rain would come to Hawkes Bay! For those of you out of the Bay at the time, the weather was characteristically wet and wild for the Barrett's event (but uncharacteristically so for the end of January).

The concept of loops with two runners competing worked well with the top of the hill at the school being the centre of the course. We were pleased to be able to incorporate the Iona grounds across the road to extend the third loop. For those not familiar with the school grounds there were good control sites and there are still more in treat for another year.

Due to the junior camp being held at the time, the numbers were good despite the weather. It was only the young (with no choice) and the very hardened orienteerers who braved the conditions. Thanks to you all, it made the time and effort in setting the course worth it.

Thanks must also go to Pamela for stepping in at the last minute to vet the event. As always, her ideas and calm approach was very valuable.

I am forever hopeful that our luck will turn with the weather and when Graeme sets his course later in the year the sun will shine and it will be dry underfoot. Lets wait and see!

*Jenni*

# SUMMER SERIES #2 - ANDERSON PARK

## 28<sup>TH</sup> JANUARY

Setter: Richard Lynn    Vetter: Paul Smith

### Park O

Derek Morrison	18.01	Hayley Tristram	32.43

# ANDERSON PARK

The planning of the loop courses began two weeks before the event, but it was only the Monday night before the event that they were finalized with Richard. Then it was off to Dave Fisher's house so you could all have pre-marked maps. Two hours later, after having a variety of troubles with the computer, such as getting the control descriptions to show on the map, there was no going back. (In the end, we printed the control descriptions out separately, so I guess we wasted a good half hour).

The day itself was rather hectic, but we got through alright. Sorry to those who had to delay their start because I was still getting organised at 6 o'clock. It must take a heck of a lot of work to organise a major event, and organising Anderson Park helped me appreciate that.

I tried to set courses that provided route choice and rewarded accuracy. I hoped that someone would try to make some ground on their opponent and go through the creek. None of you were brave enough (or thick enough?).

Richard and I decided to use the street controls so there was a bit of a challenge on a map that was nothing more than a lake and some trees. I hope you found control number two (or nine depending on which loop you were doing) pretty testing. Who would have guessed that such an area could be so technical? Okay, I guess I better clear up what happened. For those of you who didn't attend the event (shame on you!), and don't know what I'm talking about, there was a discrepancy in the placement of a particular control. Well here's what happened: the black and white inkjet map I had given to Richard to put out controls was ruined by the rain. In the end the map looked like a maze of thickets. It would have been near-impossible with the map I had given Richard to put the control in the correct place. So, if you need to blame someone, blame me. If the map had really been like that we would have been able to have a very difficult course.

Derek posted the fastest time doing the 2.5km course in 18 minutes. One minute back was Rob McDonald who it seems benefited from the slight disagreement we had in the location of one of the controls, as mentioned above. On the white course were a few newcomers who all got around, in particular Geoff and Pam's AFS student Pedro from Chile. It will be interesting getting to know him and watch his progress during the year here in New Zealand.

I really enjoyed the Loop format, not only setting this event, but also competing at the other ones during the summer series. I hope the club decides to continue with this event format for next year's series.

*Paul Smith*

## Windsor Park 'O'

We had thoroughly enjoyed the loop concept used in this year's Summer Series and were eager to try it out at Windsor Park. Cara's initial plan was a bit more challenging than the course you finally faced. It was a little longer and involved crossing the muddy, duck-polluted creek or else having a lengthy detour around the streets. It also included a bonus control on an island worth two minutes off their time for anyone brave enough to collect it. Sadly we let the idea lapse but perhaps fun and 'outside the square' ideas like this have a place in less serious events such as this series.

It was great to see Ross Morrison back in action again, winning from Todd Oates and Neil Kerrison and also to see the younger brigade start to challenge some of the established stars. Amber Morrison and Hayley Oates both went well and Scott McDonald and Jack Vincent continued the battle that has gone on all series with never more than a few seconds between them at the end of the loops and at the finish. As well as a good turnout of the regulars it was also great to see a large number of newcomers, some of whom have since signed up as members. Thank you to Faye and Scott for their assistance on the day and Pamela Morrison for her work setting up the maps. Especial thanks to Cara for setting good courses on what is a fairly bland map.

# Park Island

The last of the Wednesday night Park O events for the summer had another huge turnout. We only printed 60 maps for the loop courses, but had 62 competitors, so some people had to steal maps from finishers before they could start. I made a big effort to make the A and B loops very easy and relatively short, with the same distance and the same number of controls. Hopefully this meant the two runners started the final loop within sight of one another. Early runners had the added danger of running across the archery range while archers were practising, which seemed to worry the archers more than the runners. (What's the symbol for an archery range?)

There was a small hiccup with the organisation but special thanks to Geoff and Pamela Morrison and Rob McDonald for standing in at the last minute to help run the event. Thanks also to Daniel McCormack for picking up most of the controls and the Napier City Council for permission to use the area.

*David Fisher*

## Notice to Course Setters/Controllers/Competitors

1. At all events in future the Hazards Board should be filled out and placed at the Start. The starter should remind each competitor to read the board before they can begin their course. This will ensure that everyone is aware of the hazards before they begin.
2. New IOF Course Descriptions, valid as of 1st January, 2004, have been introduced. Among the changes are **new symbols** for boulder cluster, water trough, tunnel, crossing point, low, beneath, paved area, **changed symbols** for copse and distinctive tree, a **redefinition of the symbol** previously used for seasonal watercourse and the **removal of the 1990 symbols** for rib, cairn/stone pile, small marsh, ditch, felled area and hedge. There are **other changes** relating to the columns in which symbols appear, taped routes and crossing points.
  - ❖ For those who wish to find out the details immediately they are to be found on the IOF website.
  - ❖ The club is currently working on producing up-to-date control description booklets.
  - ❖ The updated version of CONDES (7.4.6) can be downloaded from [www.finn.arildsen.com](http://www.finn.arildsen.com)

# HORSESHOE BEND

I was just blown away with the help I received for this one, especially from Alan as my vetter and from Derek who helped me particularly in setting the red courses since I have almost no experience on red. I asked Derek if he would step in when Alan told me he would be away for a lot of the time when the setting and initial checking on the ground would have to be done.

The experience of setting is a great one for learning about orienteering, and I learned heaps, especially from the two gentlemen already mentioned. It's also a humbling one. So many people just step up and help to do all the host of jobs involved in making sure everything is available for the event; then others arrive and just pitch in to help set up or help it run during the day; and another crew helps with control collection and packing things away. There may be an official list of who is to help, but these events just wouldn't run without the informal help of all these others. I won't try to name you all. You know who you are, so thank you.

Being the setter changes your perspective, too. You worry about whether everyone will get round, and how long or hard the courses are. And you notice things. Like, these kids don't drop any rubbish.

I think the Horseshoe Bend map is a very good one for all levels, but it presents a few challenges for a setter. How to provide a white course which is not all fences and fence junctions? How to create enough technical difficulty for a true red course on a mostly open farmland map? How to set courses which avoid the out of bounds areas in the orchard, the horse paddock, the bull paddock and the saffron paddock and yet still provide route choice? How to be different on a map we've used three times in the last two years? How to keep the kids out of the long grass areas which would be too hard to run in?

The turnout of 72 starters was good, given the bad weather forecast and the fact that this event followed just four days after the Park Island one. The rain stayed away for the early starters, but came in very steadily for the later ones and this probably discouraged a couple from finishing.

The Red Long course provided some good competition. Derek went round in 65:42 running without a map, heading off Peter's excellent 66:29 run. Amber was first woman home in 81:21. Scott had a great run on his first red long, completing in 81:29.

The Red Short(ish) went to comeback king Bob Pocknall in 55:18 with Faye first woman home in 56:15. Aari may have been doing his first red and his 63:44 was a great run.

On a day when a number of youngsters stepped up to try a harder course, Duncan tackled the Orange Long, winning it in 50:59. Hayley Tristram's 65:35 was a top effort and best women's time.

Gary Gregory achieved his aim in beating daughter Chloe on the Yellow course, and beat everyone else as well in 36:54. Chloe was dancing with horses for a while before backtracking to find her third control. Sophie was first woman in 37:42.

Cam Barrett and Phillippe Groube went round the White course together in 31:29 for best time. Best solo run was Hayden Tristram's 31:59, while Rebecca Myers, whose only previous orienteering was at Park Island the Wednesday before, had a great run to finish in 38:21.

Well done all of you who ran in less than ideal conditions. You should have been there the day before when we were putting the controls out. The weather was glorious . . . Alan rated it a three litre day.

*Steve Armon*

# CROSSWORDS BY CANDLELIGHT

Maybe they think winning the Frank Smith Trophy six times in a row is being selfish, but we can't help being a group of superbly honed athletes with minds as sharp as razors. However the lengths they went to, to make it hard for us to win our 7<sup>th</sup> Frank Smith Trophy on the trot were truly outstanding.

First they make it a two day event, so scratch at least 10 HBO club members going, plus no bus trip down.

Second, it was held on our Art Deco weekend, Hawke's Bays busiest weekend of the year, so scratch another 10 club members.

Thirdly they kept changing the format of the races i.e. mass starts, relays, two short races.

Fourthly, using some old pagan rituals and a few chicken sacrifices, they summoned up the worst storm in living memory to hit the race area, to try to put more HBO club members off. Yeah, right.

The fifth tactic was using the storm as a cover to try to cut HB off from the race area by blowing up bridges, bringing landslides down onto roads, digging out support under railway lines and derailing trains.

Ploy six was to have the parking area in a such a position so they could use giant wind machines on the beach to sandblast any member of the HBO club who tried to venture across the open area to the forest and start area. We were all in great danger of getting sand in our eyes and losing our eyesight. It was odd how the wind died down when orienteers from other clubs went to cross to the forest and start area.

Plan seven was that once we had faced the sandblasting to reach the safety of the forest and got to the registration tent, we found they had lost our cheques and entry forms that had been sent down in plenty of time. We were told we could not run as we had not entered.

Step eight, at the start ready to take on the map, when of all things I am asked "Have you got your whistle? You cannot run without a whistle." Too late now to go back and get one out of my bag, so I am given a plastic whistle. But I mean, of all the people who would need a whistle, I think I would be the last one. This again seemed to be another diversion to put me off having a good run.

Ninth – the fear of the unknown. Starters instructions included this line quietly slipped into the notes " Watch out for goats." That was all. Quite insidious, it got your mind thinking. Were they all running round carrying some deadly biological mutation? Was the green of my top likely to induce a feeding frenzy? If caught would I be nibbled clean down to the bone, or was there just one giant billy goat gruff out there with a vicious temper? This was again another attempt to destabilise my inner calm and concentration.

10. They used pivot controls on the courses and gave that control multiple numbers out of sequence. This caused immense consternation and grief and had me going from control 2 to 10. It seemed the other WOA clubs would stop at nothing to deny us our rightful victory for a seventh Frank Smith Trophy win.

11. They found out where we were staying overnight and then turned the power off to our motel unit. The other units were quite okay, it was just our unit without power. That ended our plans of a quiet evening in, watching Super 12. Diane was most upset by this turn of events. This meant we couldn't even cook any tea. By this time Chris and Hamish were down to their last flask of hot water for cups of tea to keep them calm under all this unnatural pressure being put on us. Diane had already succumbed to the pressure and was having a wine or two. This forced me into action, to find food for my fellow club members to keep up our strength and spirits for the day of truth to follow. So I braved the elements. As I headed out they must have sacrificed another couple of chickens, for the storm gathered a new intensity, trying to deny me access to the food we so badly needed. Past disintegrating signs, falling trees and crashing cars I finally came to a shop where they hadn't been able to turn the power off. I bought some food and drink and once again headed into the storm, back to our unit without power. It's amazing how some warm food and good company can lift the spirits. The evening was finished off with a rousing session of crosswords by candlelight. The next morning, still no power, so it was cool milk for my cereal and cold cups of tea for Chris, Diane and Hamish.

12. The next hurdle was paying our bill and our hosts, Dave and Daphne, told us our cards had all been declined and they wouldn't accept a cheque from any of us as we all looked a bit suspect. They said they would have to take our 'O' shoes as collateral until we had enough cash to pay them. I think they were closet orienteers, in cahoots with the other WOA clubs to try and stop the mighty HBOC.

13. They even tried to put us off further from concentrating on the job at hand by blocking our way home by chainsawing trees down, to fall across the one obscure road we had managed to find (with our superior map skills) that could get us into the Manawatu from HB. It now occurs to me they may have thought we were just the advance party and had phoned back for the second wave of HBOC members telling them the way was clear and to send the troops down.

14. We duly arrived and I handed the trophy to the organisers. Chris and Hamish were going to stick around for the results and bring the Frank Smith Trophy back home. Would you believe it, someone went and locked the car keys inside Chris's ute so he couldn't leave with the trophy! Would there ever be an end to this unsportsman like behaviour? Could HB prevail and win the Frank Smith Trophy for the seventh year in a row? Maybe they will just have to expel us from the WOA so we can no longer win. Surely they would not stoop so low?

Reporting from the war zone  
*Howard U.R. Gullible dip BLSHT*

## The Frank Smith and how we did it!

Actual Points Contributed to Club Score												
	x=	1	2	3	4	5	6	7	8	9	10	Total
HBOC		0	0	0	0	0	18	0	24	18	40	100
WOC		0	0	0	0	0	18	28	8	18	20	92
OHV		0	2	3	12	5	6	7	0	9	30	74
RKOC		0	2	6	12	0	0	0	0	0	30	50
WAI		0	2	9	4	0	0	0	8	0	0	23
KHOC		0	2	0	4	5	0	0	0	0	0	11
	Chk	0	8	18	32	10	42	35	40	45	120	

Points were allocated by course rather than by grade. There were 12 courses in total – 6 mens and 6 womens. The twelve best scoring runners from each club counted. Four of our competitors won their grades and scored the maximum 10 points. They were Hamish Goodwin (Course 2), Derek Morrison (Course 3), Paul Smith (Course 5) and Duncan Morrison (Course 7).

### NOTICE OF SPECIAL MEETING OF HAWKES BAY ORIENTEERING CLUB Inc

7:30pm MONDAY 22nd MARCH 2004, SURF LIFESAVING  
CLUB, WINDSOR PARK, HASTINGS

The Committee has called this meeting and invite all financial members of HB Orienteering Club Inc to attend and discuss

"That the Hawkes Bay Orienteering Club Inc resigns from the  
Wellington Orienteering Association and joins the Central  
Districts Orienteering Association"

This was discussed briefly at the AGM 2003.

No other matters will be considered at this meeting.

A quorum for this meeting is 10 members

The meeting will be chaired / facilitated by Hamish Goodwin (President)

The motion will be decided by voices or a show of hands or ballot from those over the age of 16.

No proxy votes will be accepted.

**PLEASE COME AND HAVE YOUR SAY.**

28/29-Feb	Kaweka Challenge	Kaweka Ranges	<b>THE CLUB</b>		
14-Mar	Katoa Po-night relays				
21-Mar	HBOC OY 1	Maraetotora	Alan Oates	Stewart Hyslop	Ruth Vincent
4-Apr	HBOC OY 2	Mission	Wayne Hosking	Ken Holst	Diane Lucas
9-12-April	Nationals	Manawatu			
17-Apr	Rogaine	Wansted	Geoff Morrison	Wayne Tristrum	Club
23/24-April	NISS Championships				
25-Apr	Club	Over The Hill	?	?	?
9-May	HBOC OY 3	The Slump	Erica Hobbs	Dave Fisher	Deborah Turner
23-May	HB School Champs/Club	TBA	Bruce Perry	Max Kerrison	?
5-7 June	Queen's Birthday				
13-Jun	HBOC OY 4	Tangoio/Te Awanga	Chris Howell	Paul Steeds	Keith Vincent
27-Jun	School Relays + Club	Rochfort	Geoff Morrison	Philip Baker	Rachael Ferguson
18-Jul	Club (Winter H/cap Series)	Guthrie Smith	Hayley Oates	Sharon Mardon	Alan Oates
1-Aug	Club (Winter H/cap Series)	Te Mata Park	Graeme Barrett	Pamela Morrison	
15-Aug	Club (Winter H/cap Series)	Havelock Hills	Wayne Lee	Rob Poulgrain	Catherine Lee
29-Aug	Club (Winter H/cap Series)	Pukeora	Richard Lynn	Emma Watson	
19-Sep	HBOC OY 5 (RK Challenge)	Arborfield	Hamish Goodwin	Alan Berry	Louise Goodwin
3-Oct	Club points champs	Rowe Rd	Terry Russell	Ruth Vincent	Erica Hobbs
17-Oct	HBOC OY 6	Rotoma	Peter Watson	Maurice Lloyd	Watson Family
31-Oct	Club Sprint Champs	Mangarara	Norris Cox	Craig Tuohy	Gordon Rodgers
7-Nov	Wellington Champs				
14-Nov	HBOC Champs	New Map?	Derek Morrison	Bob Pocknall	Amber Morrison
21-Nov	Wellington Relays				
28-Nov	Xmas Event	TBA			

## **NZOF Website Revamped**

NZOF website is now in the hands of webmaster (and HBOC club member) Paul Smith and has been significantly modified. Find out all you ever wanted to know about orienteering in N.Z. by visiting [www.nzorienteering.com](http://www.nzorienteering.com).

### **Help!**

1. Has anyone seen the small black digital clock often used at the start area. The digital display is on an angled back. It has gone missing from the caravan sometime during the Sprint 'O' Series.
2. Mislaid at Arborfield event, October 2003.  
Black webbing carry belt – most probably dropped near our car.  
Ted Sapsford ph. (06) 876 0405

Hawke's Bay Orienteering Club thanks SPARC for supporting orienteering!
