## Presidents Report

This year, for me, was going to be a great year. That was back in January and things didn't quite pan out the way I planned. This year, for me, is still going to be a great year. Hawke's Bays hosting of the Nationals has made it a great year.

I was sitting on the side of the road, on the way back from the Classic event at "Whanawhana", looking at a flat tyre on the trailer (with two 'full' portaloos on it) wondering what to do. Five or six orienteering car loads stopped and offered assistance and finally I sent Lou to town to get a new tyre. While I waited Stewart Hyslop pulled up and climbed out, offered me a cup of tea, and stayed and chatted with me. We discussed the day and what a success it had been and then we discussed the people in the club. Stewart and I covered almost everyone who helped with running the Nationals and we decided that this club is full of 'really good blokes'. I sit and think about it and it's true – you ask almost anyone in our club to help and they're there and they're still offering when the job's done. You all deserve a pat on the back and a big thank you for all the hard work you put in to make the Nationals such a success. I don't like to single people out, as you will always miss someone out, but Pamela's input was absolutely incredible. I don't know how many hours she spent on the event but the result was outstanding and she should feel very proud of her efforts. As a footnote, at the last Committee meeting Pamela even suggested hosting another major event next year !!!

Also to be congratulated are Paul Smith and Faye McDonald for receiving Silva awards at the prizegiving. Their contributions to orienteering have deservedly been recognised.

On the local calendar the OY series has got under way and looks like being keenly contested through all the grades. The School Champs are coming up later in May and this is always a good event to get the kids involved in. We will need some help to run this event so if your youngsters are running please try to lend a hand to make the day a success.

That's all from me.

*Hamish.*

## COMMITTEE NEWS MAY 2005

1 It is sad we have lost Amber Morrison to overseas and also as our "Junior Rep" on the committee. In her place we have seconded Cara. I'm sure that the input of the Juniors will again be well represented.

2 Our Fixturers officer Nigel has now posted the full Vetter /Setter checklist on the website. If you're planning an upcoming event, it is an excellent tool to ensure everything is covered. Even our more experienced setter/vetters would benefit from a refresher. Check it out.

3 Ruth Vincent was our representative on the NZOF AGM. HBOC Inc had a remit in that would make it more "fair" for those attending the AGM not to be reimbursed the travel. Why you say?? Generally clubs send a rep who is attending the Nationals as a competitor, so really why should someone else pay. This was agreed to but it wasn't applied to the 2005 AGM. So as well as hosting it we helped others get here. Lucky us!

4 Paul Smith has done some work for us in getting a good deal for our website. The result of this is that we now have a new domain name hborienteering.com. He was also honoured at the Nationals presentation evening by the NZOF (he also manages their website) with an award for contributions to Orienteering. Well done Paul.

5 With all the work surrounding the Nationals, we not only got a new map "Whanawhana" but also got some updated signs. You may have noticed these even if you didn't get to the Nationals. (Weren't they great? Thanks to everyone that helped and that seemed like 90% of the club. We are a great team.)

6 Jo Eames has done sterling effort sorting out the caravan. There is a "map" on the wall of where everything should go so do check it when repacking after an event. It certainly will make it easier for the next event team to find things!

7 The new Fixtures process of having 2 helpers in the Caravan is helping this and speeding up payment for maps at events. Please, if you are rostered on as a helper and can't make it- Ring Nigel, he needs to know. We have other people you could ring as a replacement. We have so many people at events now, that it is essential we have 2 on duty.

8 Janet Turvey is kindly co-ordinating the upcoming 2005 HB Schools Champs. (Or did we volunteer her?) Again it will be many hands to lighten the load. If she calls on you, please lend a hand. After the school event there will be an opportunity to see what the kids were up to. We are using the ecards/ Sport ident system that you would have seen at the Nationals. It is more common at "National" or Auckland events, but the opportunity came up and with our new skills (or should I say Pamela's) we thought we'd do it all again. So come and see what the fuss was about. Look no clip cards!!!

9 On May 4th a group of experienced players, committee members and Juniors met with Donna Trow of Sport HB, to discuss the Sports "Health check" for our club. We scored well on most things, some things need a bit of re-visiting and a few things we just hadn't considered. It was a great chance to see how we are performing and we will soon be sent a report containing recommendations for us to follow. This will be completed over the next year or so.

See you at the next event.

*Ruth*

# COMING EVENTS MAY - JUNE

## MARK YOUR CALENDARS NOW

### MAY

- 8<sup>th</sup> OY 3. Maraetotara. Mother's Day, so let someone else clean the dirty shoes.
- 14<sup>th</sup> MTBO Te Mata Park – information this issue.
- PLUS Red Kiwis are holding at night event at Mt Lees Start at 7.00 pm. For more information go to [www.mtlees.com](http://www.mtlees.com)
- 15<sup>th</sup> School Practice Day. Te Mata Park. A chance for all school students to have a practise before next Sunday.
- 15<sup>th</sup> OR MTBO Eskdale Forest
- 

- 22<sup>nd</sup> HB School Champs, Rotoma. Followed by a club event.

### JUNE

- 4 – 6<sup>th</sup> Queens Birthday 3 Day Event. Auckland. Pre-entry.
- 5<sup>th</sup> Club Event. Lower Tukituki.
- 19<sup>th</sup> OY4, Arborfield

*Not represented*

Also present were: Peter Bakos, Trish Faulkner, Nic Gorman, Hans Kunzi, Joe Sherriff, Ev Smith, Lindsay Smith, Alastair Stewart, Jo Wilson, Michael Wood.

### **3. APOLOGIES & RECORDING OF PROXIES**

Robyn Davidson (RK)

Moved, Jo Wilson / Joe Sherriff, that this apology be accepted.

### **4. CALL FOR ITEMS FOR GENERAL BUSINESS**

Draft Strategic Plan.

Status of clubs in terms of Area Association they are affiliated to.

Role of General Manager.

**5. MINUTES OF PREVIOUS A.G.M**

Moved: That the minutes of the Annual General Meeting held at Mt Biggs School on Friday 9 April 2004 be taken as read.

Rob Crawford / Ev Smith

Carried

**6. MATTERS ARISING FROM THE MINUTES**

None.

**7. PRESENTATION OF AWARDS.**

a) Silva Service Award - for services to orienteering  
This was awarded to Wayne Aspin (CM).

b) Silva Performance Award - for international achievement.  
This was awarded to Greg Barbour (Eg).

c) Silva Club Award - for Club growth/development  
The Ampro Sales Compass Award for 2004 was awarded to the North West OC.

d) Silva Administrator of the year  
This was awarded to Paul Smith (HB).

e) Silva Coach Of The Year  
This was awarded to John Robinson (CM).

f) Silva Magazine Of The Year  
This was awarded to *Compass Points* edited by Faye McDonald for the Hawkes Bay OC.

**8. PRESIDENT'S AWARD**

The award, for outstanding volunteer services at club level, was made to Russell Higham (RK).

**9. BRIGHOUSE TROPHY.**

This was awarded to Jeff Greenwood (A) for best performances in the Regional and National Championships.

**10. 2004 ANNUAL REPORT**

The 2004 Annual Report was distributed to Clubs and Officers prior to the meeting. The President offered delegates/officers the opportunity to comment on all the reports before presenting the full report for adoption.

Moved. That the annual reports be adopted.  
Rob Crawford / Alan Horn

Carried

**The AGM thanked all officers for their reports.**

**Statements of Accounts and Budgets;**

An audited copy was included with the Annual Report sent to clubs/officers prior to the meeting.

Moved. That the audited accounts be adopted.  
Rob Crawford / Alison MacDonald

Carried

**11. ELECTION OF OFFICERS**

President

One written nomination for President had been received: Rob Crawford nominated by Counties Manukau. As there were no further nominations, the Vice-President declared Rob Crawford re-elected. Confirmed unanimously.

Vice-President.

One written nomination for Vice-President had been received: Paul Dalton nominated by Wairarapa. As there were no further nominations, the President declared Paul Dalton re-elected. Confirmed unanimously.

## 12. APPOINTMENTS

Both having agreed to be nominated, the meeting appointed Greg Smithson as NZOF Honorary Auditor and reappointed Maurice Lloyd as NZOF Honorary Solicitor for 2005.

Confirmed unanimously.

Rob Crawford recorded the Federation's thanks to Alan Berry for his several years service as Hon. Auditor.

## 13. POLICY REMIT

Policy Remit "That the NZOF travel equalisation policy not apply to any meeting (including general and special meetings of the federation) or seminar when held in conjunction with the National foot-orienteeing championships."

Proposed: HBOC

The remit was moved by Ruth Vincent, seconded Alan Horn.

Following discussion, the remit was carried on a voice vote.

Ruth Vincent then proposed a procedural motion that the remit take effect from the current AGM. However, this was not supported by the meeting and therefore the remit will take effect from the 2006 AGM.

## 14. GENERAL BUSINESS

### 14.1 Draft Strategic Plan.

Rob Crawford moved that the Draft Plan be adopted in principle with a Final Plan to be ready by 15 April. This was endorsed by the meeting.

### 14.2 Status of clubs in terms of Area Association they are affiliated to.

Egmont (currently part of CDOA) has applied to join WOA. The question was therefore asked whether clubs and associations are free to decide on Area membership. The General Manager advised, Yes. He added that the NZOF Council would like to see the CDOA and WOA remain equal in size and, with Egmont transferring to WOA, this would be achieved if Hawkes Bay transferred to CDOA. Ruth Vincent replied that HB had considered this action quite recently and rejected it.

There was then a general discussion on the need for four Areas as opposed to say, three. Council representation and event circulation were cited as reasons for four Areas.

### 14.3 Role of General Manager.

John Robinson, on behalf of CMOC, asked the Council to consider the General Manager's workload and contract fee.

## 15. CLOSURE OF AGM

The President thanked delegates (and others) for attending and declared the meeting closed at 7:46 pm.

---

# *New Zealand Orienteering Federation (Inc)*

**GENERAL MANAGER:** Stuart Payne, 171A Fifield Tce, Christchurch 8002, NEW ZEALAND  
ph/fax: 64 - 3 - 337 2275 email: nzof@nzorienteering.com

## **NZOF NEWS – APRIL 2005**

### **WELL DONE HAWKES BAY**

Congratulations to the Hawkes Bay Club, led by coordinator Pamela Morrison, for a hugely successful Nationals - four championship events in four days at Easter, with two of these being World Ranking Events.

### **SILVA AWARD WINNERS**

Silva Award winners announced at Easter were:

- Silva Award for services to orienteering in NZ: **Wayne Aspin** (CM).
- Silva International Performance of 2004: **Greg Barbour** (Eg) for 2<sup>nd</sup>, M40A at WMOC in Italy.
- Silva Administrator for 2004: NZOF Webmaster, **Paul Smith** (HB).
- Ampro Compass Club Growth-Development Award: **North West OC**.
- Silva Coach of 2004: **John Robinson** (CM).
- Silva Magazine of 2004: *Compass Points*, edited by Faye McDonald for Hawkes Bay OC.

### **OTHER AWARDS**

The President's Award for volunteer service at club level went to **Russell Higham** (RK) and the Brighthouse Trophy for the best performances across the 2004 Nationals and Area Championships was won by **Jeff Greenwood** (A).

### **FROM THE AGM**

Rob Crawford (CM) and Paul Dalton (Wai) were re-elected President and Vice-President, respectively.

The AGM passed the policy remit:

“That the NZOF travel equalisation policy not apply to any meeting (including general and special meetings of the federation) or seminar when held in conjunction with the National foot-orienteering championships.”

The remit takes effect from the 2006 AGM.

The AGM also endorsed the Draft Strategic Plan, which is to be finalised during April and then distributed to clubs.

### **APPOINTMENTS**

- Mick Finn (HV) and Mike Pearson (Ham) were appointed co-editors of NZ Orienteering to replace Ev & Lindsay Smith, who completed just over two years as editors with the March issue.
- John Robinson (CM) was appointed convenor of the Technical Committee.

- Beverley Holder (W) was appointed Pre-tour Manager for the NZ Schools tour to Australia in September.

Big thank yous to those officers standing down: Ev & Lindsay Smith and, from the Technical Committee, Bruce Henderson and Royce Mills and, from the Selection Panel, Bunny Rathbone (see advert below).

#### **VACANCY: NZOF SELECTION PANEL**

Applications are invited for the position of NZOF Selector. The three-person panel operates mainly by phone and email. The appointment is for three years and applicants must be endorsed by their club. A job description is available from the General Manager. Applications close 15 May.

#### **VACANCY: NOS COACHING COORDINATOR**

Applications are invited for the position of Coaching Coordinator of the National Squad. This is a two year appointment commencing upon the completion of WOC 2005 through to the completion of WOC 2007. Direct expenses will be reimbursed within the budget. A job description is available from the General Manager. Applications close 30 June.

#### **VACANCY: ON-TOUR MANAGER, NZ SCHOOLS TOUR**

Applications are invited for the position of On-Tour Manager for the NZ Secondary Schools Team, to compete at the Australian Schools championships in Tasmania, late September. (as noted above in this issue of NZOF News, Beverley Holder has been appointed Pre-Tour Manager.) A job description is available from the General Manager. Applications close 30 June.

#### **DEVELOPMENT SQUAD**

The NZOF Development Squad for 2005 is:

*Women:* Sarah Gray (N), Rita Homes (W), Lizzie Ingham (W), Frances Peat (CM), Tessa Ramsden (RK), Kate Rea (HV), Emma Watson ( HB) and Georgia Whitla (PAPO).

*Men:* Simon Addison (H), Daniel Barnfield (PAPO), Simon Bloomberg (PAPO), Riki Cambridge (D), Tane Cambridge (D), Alastair Long (CM), Sam McNally (R), Ross Morrison (HB), Duncan O'Regan (PAPO), Martin Peat (CM), Thomas Reynolds (NW) and Jack Vincent (HB).

#### **OUTSTANDING ACHIEVEMENT**

Returning to awards, Jill Dalton (NW) was honoured for her work with the NZ Outdoor Instructors' Association (NZOIA), winning the 2004 Sport & Recreation supreme award for contribution to outdoor recreation. The citation read: "Her contribution to NZOIA since it started has been outstanding ... as President of NZOIA Jill's dedication and hard work has improved the standards and credibility of NZOIA, resulting in it now being a better, stronger and user-friendlier organisation."

The NZOF acknowledges the support of

## Eye in the sky

By the magpie

- Aari Barrett won the NZSS downhill mountain-bike champs. He did it without knocking himself out. The sport sounds like orienteering, get to the start and its all downhill from there.
- Talking of the Barretts, Graham went to have tea with some of the Hastings BHS group camping at Camp David. Only problem was that he ended up at Stony Creek ranch instead! By the time he had reached Camp David there was nothing left.
- Great photo of our classy M75's warming up for the nationals in HB Today. Paul and Brian looked like a couple of spring chickens.
- The Eames family has just returned from a trip to Borneo. Apparently they climbed a peak that was higher than Mt Cook though Sophie and Jo suffered a bit from altitude sickness. The guide told them they were the fittest family he'd taken up.
- Aiden Ellmers has shifted to the big smoke. He has taken up a plumbing apprenticeship in Auckland.
- Hamish had a tremendous run in the Coast to Coast. After rupturing ligaments in his foot in the first kilometre, he pressed on and still finished 5<sup>th</sup> in the vets. He said, for the first time he had time to enjoy the scenery.
- Kathy Jenkins likes doing things hard. Her first event was in the NZ champs long course. By her splits, it looks like she took 4 or 5 controls to work it out, then after that, went like a train.
- Paul Smith went on the Air Force flight to Gallipoli along with the dignitaries, after winning the trip after a national essay competition. I am sure it was a wonderful experience.
- Poor old Lou had a puncture on the trailer when she brought the port-a-loos back from the nationals. She had a crappy job fixing it.

# Coaching Corner

## Minimising your errors

The best way of improving your times is minimise your mistakes. I looked at splits from the Nationals and analysed where our club members have gone wrong. Often, it is one or two legs where the times have blown out. Why does this happen? What do you do?

Loss of concentration is probably the factor for the mistake, but then that can happen to even the best. It is the recovery that is the vital ingredient. The best orienteers have alarm bells that ring in their heads quickly and loudly. The first thing they do is find a spot where they know exactly where they are, and then they move on with minimal time loss. So how do they do it?

The best thing to do is to stop and look around, then look at your map closely. Often you observe something and it will relate to the map. If nothing is forthcoming, there might be something large or a point you will find easily to come off. The other option is to retrace your steps to your last 'stepping stone' and get back on track. If you can identify you are having a problem early enough, and use one of these measures to rectify it, you won't lose much time.

The worst thing you can do is start to scout around. This usually means spending less time reading your map and less chance of recovery. Teaming up with someone else who is also scouting around is another recipe to disaster.

So the idea is to avoid making mistakes, but if you do, minimise the effect. Stop, read your map and observe.

# NATIONALS '05 REVIEW

I hope everyone enjoyed the four days that made up Nationals '05. I've received many complimentary messages from competitors and everyone seemed to have enjoyed the event, the maps and the HB hospitality. My thanks have to go to the other Hawke's Bay club members who haven't received all the wonderful messages but who, "put their hands up" last year when I asked for members for the organising team. They all willingly took on tasks to make the event happen. The support and enthusiasm from everyone in the club was wonderful, even though many people were stepping out of their comfort zone and taking on jobs that they weren't experienced at.

So, once again these are the members of the organising team, who met at 12 Woodford Heights each month and who made the event possible:

Pamela Morrison - Event co-ordinator /Finance /Publicity

Alan Berry - Publications /Landowner liaison /Risk Management Plan

Paul Smith - Webmaster

Sharon Mardon – Entries/ Relay co-ordinator

David Fisher - Map production

Richard Lynn - Equipment

Stewart Hyslop – Personnel

Jo Eames - Dinner & Prize-giving

---

We will be having a final debriefing meeting on Tuesday, May 10, when we will review what we did and prepare some guidelines for Nelson for 2006. If anyone else has anything that they would like to contribute, feel free to contact me.

Early last year I also asked a few members if they would be interested in planning courses and none turned me down - thanks to Rob McDonald, Geoff Morrison, Chris Howell and Hamish Goodwin, for a great job done. Controllers posed a bit of a problem, as we didn't have all the expertise we required in the club. Thanks to Max Kerrison and Ken Holst for their duties and especially to Graham Teahan (Feilding) and Jim Barr (Mauriceville) who both travelled to HB to their event maps three times prior to the event to check things out.

Once the committee agreed to host the event last year we were left with having to find a map for the long distance event. A dedicated group of members spent many hours and kilometres poring over 1:50,000 maps and visiting potential areas searching for the 'Holy Grail'. In the end, we

discovered good Hawke's Bay farmland – a bit of bush, a few rocks, plenty of contours and some very enthusiastic landowners. All were not convinced that the area would be good enough, but a quote for the most expensive piece of photogrammetry in New Zealand meant there had to be something worthwhile there. I hope you all enjoyed Whanawhana!

So, we had the event, we had the map areas sorted, the only other major hurdle was the impending pressure to use Sportident. Despite four months of pleas in this magazine, I wasn't able to elicit a club volunteer to take on management of an electronic timing system. There was only one obvious thing left to do – go to where the experience is and ask the Auckland Association for help! In the meantime, unrelated to my enquiries, comes an email from Joanna Stewart offering to help if our club was considering using Sportident for Nationals. All I can say is "thank you" to Joanna and Alistair Stewart for their support and dedication to using an electronic timing system. Many HB members would have experienced the system for the first time and I'm sure you would have been impressed with the technology. If anyone is now keen to learn anything more about the system, just let me know as I'll keep you in mind for the future.

We had excellent entries for the events and I'll be working on "financial figures" in the next few weeks. We were fortunate to receive grants from Heretaunga Trust (\$10,000) and Eastern & Central Community Trust (\$3,000) to assist with our mapping costs.

Entry stats for the event were:

	Total entries	HB entries
Sprint	289	53
Long	447	85
Middle	442	82
Relay	282	66

Finally, best wishes to Nelson club in their planning for the 2006 New Zealand Championships. I hope everyone in HB is considering a trip south next Easter - we will definitely be heading that way!

*Pamela Morrison*

## **NATIONALS 2005: TE AUTE SPRINT O**

Finding a suitable new map in Hawkes Bay for the inaugural New Zealand Sprint O Champs was a major challenge as most of the potential sites had already been mapped and used for local events. It was Pamela and Geoff Morrison who finally came up with the idea of Te Aute College. Thanks must go to the proprietors of the school and the associated farm who were very happy for us to use their facilities.

My own experience of Sprint O's was limited but a read of the I.O.F specifications for these events soon cleared up my thinking. The emphasis is on (i) good runability, (ii) the provision of route choice options and (iii) a need to allow spectators some view of the race. The wider Te Aute map initially looked promising but on closer examination I realised large areas were unusable as being too hilly, private housing and therefore out of bounds, or too difficult to run through (the large forested area on the southern end of the map). This meant that I was restricted to an area smaller than that typically used for Sprint O's. This resulted in some rather convoluted courses as I wove people through the school buildings, grounds and fringes of farmland.

The winning time for Elites was required to be in the range 12 – 15 minutes; the nearer 12 minutes the better. In the absence of any written directions I decided to apply this same winning time to Courses 2 and 3 and was pleased when the winners of all three courses fell within this range. The highlight for me was going out on the map during the event with Max Kerrison and watching the route choices people actually made under the pressure of competition. A fair number invented routes I had never even considered. I learned as much about course setting in those few minutes as I have done in the last few years.

Congratulations to the Hawkes Bay winners Ross Morrison (M 20A), Aidan Boswell (M 21A), Scott McDonald (M16A), Alan Barry (M70A), Paul Steeds (M75A) and Cam Barrett (M10A) and also all the other placegetters.

Thanks must go to those who produced the map; Stewart Hyslop (photogrammetry), Ken Holst (fieldwork) and Dave Fisher (cartography). Special thanks must go to my controller, Max Kerrison who saved me making a number of embarrassing mistakes and ensured that everyone was given what I hope were interesting and fair courses.

Rob McDonald

N.B. The following chart may be of some use to future setters of sprint events.

<u>Event</u>	<u>Course</u>	<u>Length (km)</u>	<u>Climb (m)</u>	<u>Winning Time</u>	<u>Km Rate</u>
<b>At NZ Champs 2003</b>	1	2.53	50	12m 08	4m 48
	2	2.27	35	13m 16	5m 51
	3	1.68	40	9m 16	5m 30
<b>At NZ Champs 2004</b>	1	2.34	72	13m 52	5m 56
	2	1.98		15m 20	7m 45
	3	1.28		9m 22	7m 20
<b>Oceania 2005</b>	1	3.00		14m 10	4m 43
	2	2.50		16m 06	6m 26
	3	2.00		14m 31	7m 15
<b>NZ Champs 2005</b>	1	2.61	60	12m 55	4m 56
	2	2.08	40	12m 48	6m 09
	3	1.81	25	13m 03	7m 12

# Te Aute sprint

## NATIONALS 2005 – WHANAWHANA –LONG DISTANCE

From the time I first set foot on the place it had a nice feel about it. There was a surprising amount of rock, plenty of native totara, with some faces of clean manuka. The nice thing was there was very little 'green' on the map. With some 14 sq. km to map it was a vast job, especially with most of the bush-covered areas which were drawn by hand. The views from "The Fort" were magnificent, but unfortunately no-one got that high. At times, I couldn't map because of the wind, as I struggled to stay on my feet. The other problem when it is windy is that a gust will hit you as ones black pencil is poised, ready to pinpoint that vital boulder, mistakenly adding one of its own.

Luckily, rain came just over a week from the event, turning a potentially hard, ankle-turning ground into one where under foot conditions were nigh on perfect. The farmers were very obliging and were looking forward to the big day.

The day dawned perfectly, just as the base plates all turned themselves on at 6 o'clock, which had me searching around the car seeing if it was still functioning. As I was putting them out, the sweat was streaming off me and I knew it was going to be hot.

When I had done everything I needed to do, it was time to sit back and enjoy the day. With both mapping and setting courses, it left me wide open for plenty of criticism, but fortunately it never came. Most people seemed to enjoy the map, indicating they would be keen to return.

Of course, our juniors set the pace for the club, with Ross, Scott and Jack all doing the business. Paul Steeds flew the flag for the 'oldies', obviously the publicity in the paper creating higher expectations. It was good to see the large "B" grade fields where HB was very successful.

I think the greatest benefit of the club holding an event like this, is the bonding of new members and old. Everyone pitched in, and it made long, arduous jobs enjoyable with the time going quickly. Thanks to everyone who picked up controls, especially George and Chris Morrissey who both had spent nearly 3 hours on their course.

This will be a great club map in the future, with, I'm sure, plenty of good OY's in her.

Thanks to Pamela, for her patience doing the cartography (and changes), Ken for controlling me, Richard for making the finish area perfect, Dave putting out the water and all the helpers on the day.

Geoff

## NATIONALS 2005 – SPRINGVALE – MIDDLE DISTANCE

It was way back in July last year that I was asked to set the Middle Distance event for the NZ Championships and I thought, given the lead in time, I would have it all finished by December; map changes, planning, control descriptions, control location etc etc. How wrong can you be? With Graham Teahan as controller I finally had all fourteen courses ready for vetting by the end of January. Graham and I had some lengthy discussions on the merits of stumps as point features and control sites. Many of you will have appreciated the benefits of Graham winning out.

Some courses were particularly tricky to set given that we wanted to run as many as possible through the bush area on the southern boundary of the map.

Hawke's Bay was as dry as a crisp right through to the week before the event and so we started to remove all the marshes from the map. Clearly this was tempting fate as it promptly began to rain, and rained steadily for a week, washing away all the marks we had made for control placement. At least it softened up the ground as it was as hard as concrete prior to the rain. The farm was in perfect condition on the day for some fast times with little thistle or nettle to aggravate runner's legs.

Generally the courses were of the correct length though the elite men's course was a little long and the elite women a little short. There were some very good performances from HB runners including M21AS Wayne Hosking who cleaned out his opposition by 7:36 on a 30 minute course! In M16A Jack Vincent succumbed to the speed of Thomas Reynolds by 1:28 but held out a fast finishing Scott McDonald by just 10 seconds. In W16A Rachel Goodwin continued her good form to beat Cara McDonald by 1:45. It may have been different had Cara been firing on all cylinders. Emma Watson did well to win W20A and Jennie Barrett had a clear win in W40AS to beat Jo Eames into second by 5:22. Others to do well included Peter Watson who finished in a very creditable 54:30.

Some competitors struggled with the first control on course 7 with a few people either mispunching or losing significant time in confusing the end of the water course with a shallow re-entrant nearby. Accurate map reading was important here to ensure that the correct feature was followed.

Thank you to all those who made my job on the day easier than it may have been. David Holden for the use of the farm and his 4x4 farm bike which Max K used to joyride about the farm fulfilling a vital role delivering gear to the remote start. To Allan and Kirsten Hughes for pushing my bike and trailer out of the mud. To Pamela for the hours and hours she spent organising everything. To all my control collectors (the Vincent family, Alan Oates, Ken Holst and Terry Russell) for their hard work at the end of the day and for telling me to sod off at the end. Thank you also to Lou and Hamish who brightened up the day in the Caravan and thank you Hamish for shadowing Helen on the White Course. Finally thank you to Graham Teahan who more or less kept me on track.

*Chris Howell*

## NATIONALS 2005 – SMEDLEY RELAYS

In planning the relays at Smedley I wanted to achieve a fair contest between all the teams, along with something quite visual.

My first selections were the start/finish area, the spectator control and the approach to the finish. As I didn't want the White and Yellow runners crossing the road their courses were confined to the northern part of the map. On the day one of my biggest problems was trying to persuade some of the more over eager, younger orienteers that they didn't need to head across to the southern area after they visited the Start triangle!

What Jim and I wanted to achieve on the Orange courses was to split everyone and stop the 'follow the leader' syndrome. My first leg was a three way split with a route choice option. The other two splits were put in to keep everyone on their toes and reading their map – I hope we surprised you all!! The spectator control and finishing run seemed to work well with good crowd interaction.

Unfortunately Smedley is quite hilly and for that reason the courses were probably a little over physical for a fourth day. Thanks Chris and Karl for getting my long leg within one and half minutes of the EWT.

I hope my courses were enjoyable and you all had a great time at the 2005 Nationals in HB.

My thanks go to all the HB Crew who ran the whole show and especially to Jim Barr, who I thoroughly enjoyed working with. Jim's attention to detail saved me a number of times and I really valued his guidance. Next year Nelson - go all the way and have 27 different map variations!!

*Hamish Goodwin.*

### RELAYS – SMEDLEY

Mixed Long – **Scott McDonald, Jack Vincent, Ross Morrison.** 1<sup>st</sup>

Mixed Short – Aari Barrett, Jay Barrett, Jaime Goodwin 2<sup>nd</sup>

# WORK IT OUT!

It was great to get a letter from George Graham this month looking for the answer to Ted's puzzle in the last magazine. George is one of HBOC's Life Members who lives in Palmerston North and receives our magazine. In return he has sent a puzzle for you to work on.

Three men stood outside a room. They were told that each man would have either a white or a black cross marked on his forehead. They would not know which. They would all enter the room and at a signal would raise their right arms if they could see one or more black crosses. After 5 minutes, any man who had decided what colour his cross was, would leave the room and announce it, explaining how he knew.

Each was marked with a black cross. They entered the room. On the signal they all raised their right arms. At the end of the 5 minutes one man left the room and announced he had a black cross. How did he know?

NB There was no talking, no mirrors and no tricks - just logic.

Walkers... Runners... Orienteers... Explorers...

Announcing another

# CITY SAFARI

NAVIGATIONAL CHALLENGE

WITH A DIFFERENCE - BUSES AND TRAINS!

## LOWER HUTT AND SURROUNDING HILLS SATURDAY 6 August 2005

Navigational contests like orienteering and rogaining usually require you to move on foot.

The City Safari allows you to use **Public Transport**: buses and trains! You can use your head instead of your legs to get partway to the checkpoints. Each checkpoint has a score, the winning team collects the biggest score in the allowed time: **6 hours or 3 hours**.

The checkpoints will be spread around Lower Hutt between the Korokoro Stream and Wainiomata; and maybe as far as Eastbourne! The flat valley floor with houses and businesses. The hill suburbs with their bushclad gullies and connecting tracks. The eastern and western hills with their spectacular outlooks. The public transport network goes right through the area, much of it on a 15-minute frequency. Yep, even at the weekend!

The winning team will require fitness and speed, but the way they use the buses and trains will also be vital. A day pass will be part of your entry!

Founding partners Cityline Hutt Valley (buses), Tranz Metro (trains), Greater Wellington and Hutt City councils are enthusiastically behind the event, after overwhelmingly positive media coverage about public transport last year. So are founding winners Al Cross and Nigel Corry; Crazyman winner Cross was excited by the combination of Lower Hutt's bush and hill surroundings, and can see great possibilities elsewhere in the region.

Read about last years event on the OHV website [www.mapsport.co.nz/hvoc/hvoc.html](http://www.mapsport.co.nz/hvoc/hvoc.html) Full details and entry form early June. Enquiries to Michael Wood, Ph 04 566 2645.

Orienteering Hutt Valley, pioneers of Rogaining, MTBO and Sprint-O

# 2005 HB SCHOOLS ORIENTEERING CHAMPIONSHIPS

Sunday, May 22, 2005

*These championships are open to students from all Hawke's Bay schools. All classes will have separate boys and girls competitions:*

CLASS		LEVEL	Navigation skills
Primary (Years 1 – 6)	Championship	White	<i>Basic navigation with a map, following tracks, fences &amp; streams to control points.</i>
Intermediate (Years 7 & 8)	Championship	White	
Secondary junior (born 1991 or later)	Novice	White	
Secondary intermediate (born 1989 or 1990)	Championship	Yellow	<i>Navigation involves following tracks, fences &amp; streams, however control points are sited off the route being followed.</i>
	Novice	Yellow	
Secondary senior (born 1988 or earlier)	Championship	Orange	<i>Cross-country navigation requiring basic knowledge of contours to locate control points.</i>
	Championship	Orange	

**INTER-SCHOOL COMPETITIONS** - we will be running inter-school competitions - Primary, Intermediate & Secondary junior, intermediate & senior, for both boys & girls. The best 3 performances from each class will earn points in these competitions.

**START TIMES:** All competitors will have pre-allocated start times from 9.30am. The start draw will be available on the HB Orienteering Club website from Friday, May 20. It will be necessary to arrive at the event about 45 minutes prior to your start time.

**MAP:** "ROTOMA" - a colour orienteering map, on which courses and control descriptions will be pre-marked.

**HOW TO GET THERE:** From Bridge Pa, turn into Raukawa Road and continue for approximately 12 km. The road then forks, take the left fork (Anaroa Road) and continue a short distance to the event. Parking will be in a large flat paddock.

**PRIZEGIVING:** Afterwards, there will be a brief prize-giving to award certificates to place-getters.

**ELECTRONIC TIMING:** This event is using the Sportident electronic timing system. Instead of a clipcard all competitors will be required to carry a small plastic stick called an SI-card. These will be available for hire.

**COST:** \$6 per student (\$5 entry & \$1 SI-card hire) payable on the day.

**TO ENTER:** Please phone, fax, email or post the details below (by Wednesday, May 18) to:

Sue Field  
710 Tomoana Road, Hastings  
Phone: (06)878 2581, Fax: (06)878 7486  
Email: [suefield@xtra.co.nz](mailto:suefield@xtra.co.nz)

School	<i>This is the person who is the contact for this school team – pre-event information will be sent to this person for distribution to students in the school team.</i>
Contact name	
Contact email address	
Contact phone number	
Name	<i>This information is required for each student entered.</i>
Gender	
Class	
SI-card number (if owned)	
SI-card number (if owned)	

The pre-event information and start draw will also be posted on the HB Orienteering Club website – [www.hborienteering.com](http://www.hborienteering.com). All competitors need to be aware of this information.

**Attention:** Parents, Supporters and other club members – the courses will be available from 12 noon, if you would like to "Give Orienteering a Go". Entry fee is \$5 per person, optional SI-card hireage \$3 – clipcards will also be available.

**NEED SOME PRACTICE?** To participate in this event you will need some experience at the level you are entering. HB Orienteering Club is holding a practice day on May 15 at Te Mata Park, in Havelock North. This will start from the main car-park on Te Mata Peak Road, from 10.30am. There will be no charge, and it will be an ideal opportunity to learn about orienteering with experienced people available to help you.

..... KEEP Sunday, July 3 free - for the 2005 HB Schools Relay event.....

## Mountain Bike Orienteering

- What:** MTB-O is an adrenaline packed mountain biking challenge for anyone that can ride a bike. If you can ride but can't navigate don't worry, it's as simple as fighting your way out of a wet paper bag. If you can navigate but can't ride don't worry, it's as easy as falling off a bike. Seriously it's great fun as a cross training sport.
- When:** 14<sup>th</sup> & 15<sup>th</sup> May 2005
- Where:** Havelock North & Napier, Hawke's Bay
- Maps:** Te Mata Park & Eskdale Forest
- Gear:** MTB & helmet (compass optional but is an advantage)

The first MTB-orienteering race has been given the green light for Hawkes Bay. After running the highly successful National Foot Orienteering Champs at Easter the HB Orienteering Club are now giving all mountain bikers the opportunity to try out the two wheeled version of the sport.

Two new maps have been updated by NZ MTB-O representative Neil Kerrison who promises a challenging & fun course. To check out what a MTB-O map looks like follow this link <http://trusthouse.co.nz/sport/orienteering/images/whitby.jpg> or check out [www.mapsport.co.nz](http://www.mapsport.co.nz) and then go to MTB-O section.

For all those first timers Darryl Taylor will be available to give you a crash course in what to do on Saturday 14<sup>th</sup>. He will be at Te Mata Park for 90 mins prior to the event start.

For further information & stupid questions call Darryl on 021 434 891 or 06 875 0576

# KATOA PO

Katoa Po is an annual highlight for many North Island orienteers and although overall numbers were down on past years, HB sent a large contingent of Arabs across to Taupo for the night relays. With team names like Late to Bedouin, Camel Traders and Behind the Chador, plus at least 75% of HB competitors dressed up for the event, we were definitely unlucky not to win the "Best Theme" competition. Maybe they thought the magpie was out of place!

For the first time in some years HB entered a 7 man team, the Jihad, to wage war against other clubs, but victory was not ours, having to settle for 4<sup>th</sup> place coming in 8 minutes behind 3<sup>rd</sup>. It was so cold (and so late) that few supporters were up to welcome home 7<sup>th</sup> leg runner Ross Morrison – a lonely event for him.

Out of the 15 five man teams, HB's five teams came 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup>. The top HB team, flying into 3<sup>rd</sup>, was the Magic Carpets comprising Sean Morrison, Lydia Parker, Cath Howell, Rachel Goodwin and Geoff Morrison.

Once the mist lifted, Sunday was a brilliant day and most competitors went out for the one hour score event run over the same terrain as the night before. Top HB runners that morning were Chris Howell, Jack Vincent and Scott McDonald, with Chris on 380 coming the closest to the maximum 410 points. You wonder how you could have had so much trouble in the dark!

## Rowe, Rowe, Rowe Your Boat.

"I'm a checking sort of person as you might have noticed," Stewart said laconically as we headed out to Rowe Road. I was eagerly clutching the laptop, saviour of setters I thought. Stewart sees the computer. "Most probably need to leave that behind," implying the laptop. "We could waste a lot time with it," he added. Obviously my demonstration of the orienteering programme Condes had not convinced Stewart of its merits. My ineptitude may have had a small bearing on the situation.

We had spent a couple of hours looking at the map and roughing out our courses. Stewart brought with him neatly labelled envelopes with strings of different lengths which he used expertly to get a general layout of the different courses. Our start area was flatish, in a manner reminiscent of the southern approach of Kilimanjaro is, but promising all the same. The start could be hidden and route choice from the start concealed. We pulled up on the edge of the road and stepped out to find a drain half the size of the Ngaruroro River directly blocking the access to our start site.

"Oh golly gosh" I thought "that could annoy a person". Stewart, of course, was the calm pragmatist and after mopping up my tears guided us to "the slump". This piece of ground is an orienteers' dream with lots of detail, parallel features and contouring. Stewart had explained his tag method of marking the sites of interest. At our first site I thrust the tag, complete with its piece of sturdy wire at the rock hard ground but its advances were rejected and the wire bent impotently. Out came the road marking spray that I had been dying to use. Legitimate graffiti. The rest of the day was very pleasant, strolling, chatting, discussing, drinking cups of tea and enjoying the fantastic view and the sunny day.

At home I furiously practiced mapping on the Condes programme. I asked Chris Howell for a couple of pointers at a secret Hastings location while his daughters practice gymnastics. A couple more meetings with Stewart and I thought we had it nailed down, cut and dried, home and hosed.

It is Saturday. The day before the event and it is raining. It rains as we drive out. It rains as we stop for the first controls. My lovely ink jet printed master maps, the tangible proof of the superiority of new technology, bleed to death while Stewart's hand drawn maps survive with impunity. It rains as we have lunch in the barn and it rains as we go home. Contingency plans are decided on and we rue the possibility of people, especially all the secondary school kids who are training for the North Island Champs, being put off by the weather.

Sunday dawns and it is a stunning day with blue sky and not a breath of wind. We set up and at 10am people start arriving. Sue has the caravan under control and starts taking entries. Several people offer to help. I solve the riddle of setting the large clock and start clock. Through fear I leave the finish clock, which has as many buttons as the cockpit of a small airship, running a couple of minutes behind the start clock. I rationalise this lack of courage by saying that it is fair for everyone. I just manage to have the finish clock ready as the first competitor finishes. I'm so flustered that the first two pathetic attempts to get his time right fail miserably and I forget to collect his card. Later on it is the lack of a cup of tea that is blamed for Ruth's record breaking time. Rob and Cara McDonald come to my rescue and sort the cards with calm efficiency.

My equilibrium is restored with a good cup of tea and I see the young kids enjoying the string course that Paul Steeds, Stuart Field and Graham Black had set up. The little and not so little kids really seem to enjoy the pictures. The idea of pictures has taken root since Amber used it with the Nationals. The finishers seem pleased with their outing and the day rounds off nicely. Hamish comes in from his red course. Gee I wonder how long to go before his Doctor actually says he can go on a course? Fortunately for me however he can still spot some remaining addition errors on the cards before committing them to the website results list.

A crack team of control collectors is dispatched and soon all but one control is back. Maps are consulted, brows furrowed, names are taken. Well what do you know, the carefully hand drawn master map is missing a control. Technology rules at last but there is only a thin crowd to witness this pivotal moment in orienteering evolution. Stanley Kubrick may have visualised this, as a young ape-like creature in slow motion lifts a laptop power supply above his head and against a setting sun sets about pulverising a pile of archaic bic pens. Pieces of splintered biro and gobs of red ink arc majestically before falling to the ground in a spent heap.

But that's not how it was. I had thoroughly enjoyed my time setting courses and running an event with Stewart. His sage advice, calm manner and clarity of purpose made this a rewarding experience and I am indebted to him for his time. We shared a quiet moment after everything was packed up then headed home as the light just started to fail.

# So...How do you do Mr. Condes?

Where have I been hiding all this time?

For the previous three years I have vetted guys who had Condes, but from memory it was only used for printing control descriptions. This year for Rowe Road, it was full frontal with Nigel tickling the ivories on his laptop, banging out courses, distances, breaking circles and lines, the whole works!!!

So what do I do with my envelopes containing varying lengths of cotton carefully marked with their km. length and scale, with my plastic ruler, my plastic stencil with the correct size circle and triangle indicated?? Seen a few midnights these trusty tools. Guess they will have to be added to my "**How things used to be done**" museum.

The other surprise was to find out that it is possible to plot courses with quite good route choice on this map. I mean lets be honest. As you drive along Middle Road past this area it never shouts out to you "**Map me**". I can remember when we added the slumpy bit to the original **Phillips Bush** map, including the two paddocks on Rowe Road which largely served as car parks.

But with this new version of the map there always seems to be a control site where you want one. There aren't that many, but there it is – just where you want it. I would say we shouldn't use it too frequently, because it is an easy to 'learn' area. But close to town... lets have more of them.

Now Condes is downloaded I guess I'll have to learn it. First it was spreadsheet for the Nationals, now this!!!! And I can't phone Nigel when I get stuck. His phone doesn't work!!!!

Thanks go to Nigel for your company, and those who helped on the day: Nigel's family, Cara the baker, Graham Black [barefoot control collector!], Richard, and our New Zealand M75 Champion in all disciplines, Paul Steeds.

*Stewart*

What a chilly day. At least you guys got a chance to warm up.

On the morning we were frantically trying to get tents up as the showers came across, which was made more difficult by only having enough pegs for one tent rather than three. So we propped the tent up and hoped for the best.

This wasn't quite enough as there were several occasions where people inside the start tent had to be rescued after the wind blew the sides out.

When setting the courses we noticed many changes since the map was drawn such as new fences, tracks and pine trees. We decided that it would be impossible to map every change, so it is good news to hear that the Slump is up for a re-map.

The winning times looked about right, but there seemed to be some very long times at the other end of the scale. Still everyone seemed to come back happy, smiling and thankful for a great day, with many amusing stories.

One of the Red Medium runners spent a long time running around a large lake yet was still unable to figure out where she was on the map.

Then there was the Red Short course where we tried to keep the terrain and obstacles simple for our older competitors, but reports were that the course was too easy, being too near the lakes.

We also gave the Red Short course a different finish to keep them away from difficult electric fences. However one runner decided the setter wouldn't have been that nice and became convinced that there would be a control tucked away in the pines. However upon getting in there she finally looked at her map and discovered it wasn't her control and the setter really was being nice.

Thanks to every one who helped out on the day, putting up tents, organising the caravan and collecting controls. A few extra hands make things so much easier.

Enjoy the rest of your OY's.

Wayne

## Dear Setters and Veters

At our last event on the **Slump** map, three senior citizens of the Club were eating their lunch in a car of all places, when the subject of the **Red Short** courses came up. I feel our thoughts are worthy of mention.

As we all know there has been a progression of youngsters moving up through the colours until the only place an adult can run without some fourteen year old breathing down their neck is the Red Long. And that probably will not be for very long either. Now these school children generally enjoy a number of physical advantages... good eyesight, memories, fleet of foot, long of wind, with the ability to even run uphill at speed!!!

Too level the playing field a little, the NZ Super Card carrying members would like to see the **Red Short** course made **harder**. By that we do not mean longer [although that will probably happen anyway as the speed of the winner increases] or with more climb, but let's make it **technically** more difficult. I mean they have only just said goodbye to fences, prominent attack points, catching features and 'stepping stones'. So lets throw them in the deep end. This is the real world. Lets make it **hard**.

I have a feeling that setters and veters spend a lot of thought and effort on the White, Yellow and Red Long courses, and once that is done the Orange, Red Medium and Red Short tend to fall into place. So our request is could you please make it a **hard** place?

*Stewart*

## NORTH ISLAND SECONDARY SCHOOL CHAMPIONSHIPS

Over 100 enthusiastic students and supporters from 8 HB schools headed north towards Auckland for two full-on days at the NISS Champs held in Waiuku on the last Friday and Saturday of the holidays. Nearly all HB schools stayed together at Camp Adair in Hunua, a great chance for young HB orienteers to get to know each other better.

Friday morning was cold and misty at camp but turned into a fine day by the time first runners went out at Waiuku Forest just before 10.00am. Running on sand dune pine forest was a new experience for most of the HB contingent and that, combined with some difficult controls for beginning white and yellow runners in the junior grades, saw a large variation in times.

Jack Vincent, HNHS, running up in SB, had a one minute victory over Sam McNally, which was a great result. As expected Scott McDonald, Karamu, again took out the JB race with a two minute win over Aucklander Nic Mead.

Other Championship performances of note were Kate Morrison, NGHS, running 4<sup>th</sup> in SG (she is still a JG), Jamie Brigham-Watson and Joshua Nicholls, both NBHS, coming 2<sup>nd</sup> and 3<sup>rd</sup> respectively in IB and Aari Barrett, HBHS, 3<sup>rd</sup> in JB. Although not official, Jaime Goodwin (Year 8) went out later and ran IG in a time that would have put her 3<sup>rd</sup> in what was the most competitive grade in the competition. Watch out Rachel!!

As usual HB runners performed strongly in the standard grades with Robert Spall, NBHS, 3<sup>rd</sup> in SB, Avril Turvey, NGHS, 1<sup>st</sup> in SG, Kate Boekhurst, HNHS, 3<sup>rd</sup> in IG, Hamish Patrick and Robert Creffier, both HNHS, 1<sup>st</sup> and 3<sup>rd</sup> in JB.

Havelock North, Napier Boys and Napier Girls keenly contest the top schools competition and points were close at the end of the days

racing. As usual the relays would decide who took home the trophies the next day.

The relays. What can I say. You don't like to criticise when you know how much hard work goes into running an event, but to have controls missing on courses because no one checked the courses is unfortunate to say the least. Part way around the course there were two controls missing, which affected every relay course. First leg runners didn't know what to do once they had searched all likely places and found no control, with reports of up to 30 people at the spot at one time. Some searched for up to 20 minutes before deciding to carry on. Upsetting for all first leg runners plus it made the relay results meaningless. The decision was made to count the relays on just the 2<sup>nd</sup> and 3<sup>rd</sup> leg runners (by then the controls had been put out), but coaches don't organise their teams on those two runners and personally I think the relay results should not have counted towards the Top Schools competition, and the trophies should have been awarded on the results from the first day.

However points were awarded on that basis and the best performing HB relays teams were Napier Girls A (1<sup>st</sup> in IG) and Havelock North A (1<sup>st</sup> in JG). Napier Boys B were 2<sup>nd</sup> in JB and Napier Girls 2<sup>nd</sup> in JG with 3<sup>rd</sup> places going to Napier Girls (SG), Karamu (IB) and Havelock North (JB).

From those results the Top School Competition was won by Havelock North (boys) and Napier Girls.

Despite the relay problems, I'm sure most orienteers enjoyed the two day experience – lovely area, fine weather, over 200 competitors, lots of fun and lots of tired people by the time they arrived home late Saturday night.

## HAWKE'S BAY ORIENTEERING CLUB 2005 "ORIENTEER OF THE YEAR" SERIES

Points in the 2005 "Orienteer of the Year" series after two events.

Six events are classified as "OY" events during the year. The winner of each course (men & women) each receive 25 points and points are allocated to other competitors based on times compared with the winner.

Remaining events in the 2005 series are:

May 8 - Maraetotara  
June 19 - Arborfield  
October 16 - Rochfort  
October 30 - Tangoio

## NEW MEMBERS

A warm welcome to the following new members to the club – all joined so far in 2005. We look forward to seeing you at future events:

- Georgina Carvell
- Callum Neil
- Michelle Little
- Stephanie McPhail
- Paul Jensen
- Lydia Parker
- Pearson Williams
- Mark Irwin
- Kate & Hannah Boekhorst
- Aidan Boswell
- Tony, Sally & Sam Haslett
- Philippe Grooby
- Allan Smith
- Susannah Allen
- Alex McCormack
- George Christison
- Sam Manson
- Graham Black
- Brett & Craig Sceats
- Ashley King
- Ian Weir
- Ernst, Vicki, Sam, Tom & Angus Fuhrer
- Bruce, Kathy, Hayley & Thomas Jenkins

# BITS AND PIECES

Our club website address has undergone a slight change. From now on access information at [www.hborienteeing.com](http://www.hborienteeing.com), previously .org.nz.

The Mapping Committee is a group of club members who are interested in mapping issues. Meetings are set down for the second Tuesday of each month at Faye and Rob McDonald's house, but some months there is no need for a meeting. The group is looking for some new blood, so if this sounds like you talk to one of the present or past members such as Paul Steeds, Alan Berry, Stewart Hyslop, Dave Fisher, Bob Pocknall, Rob McDonald, Ken Holst or Pamela Morrison.

Do you need the answer to last editions Work It Out puzzle with the 4 men and their hats? The answer was C. C is sure because he heard nothing from D. D can see both B and C. Because of that, if B and C had the same coloured hats, either black or white, D would know that his hat must be the other colour. Therefore C knows that because D has not said anything, B and C must have different coloured hats. Therefore if C can see man B has a white hat he can be certain that his own hat is black. Thanks Ted.

HBO club members are always in the news. Just some I've noticed;

- ❖ Jack Vincent and Cara McDonald are both in the new Hawkes Bay Secondary School Sports Academy. This new initiative asked HB schools to nominate top sports people who had represented NZ and they meet about once a month for information on training, fitness and health.
- ❖ Paul Smith was one of ten winners of the Prime Minister's Essay Competition about Gallipoli. His prize was a 10 day all expenses paid trip to Gallipoli for Anzac Day. Wow! Cara McDonald was highly commended in the same competition (sadly for her, no trip to Turkey).
- ❖ Aari Barrett speeding downhill to a second placing in the NZSS Downhill Mountain biking event held in Levin in April.
- ❖ Deborah Turner fundraising by biking from her farm into work at the Council.
- ❖ Chris Howell is always in the paper as President of the HB Grapegrowers Association
- ❖ Also a picture of Chris and Terry Russell appeared, wading through the lazy river at the start of the 6 Hour Adventure Race organised by Tim Wilkins. Orienteers got together and entered a 4 person team of Chris, Terry, Pamela Morrison and Alan Oates (although Alan had to be replaced by non-orienteer Robert Marshall) and came 9<sup>th</sup> overall. Max Kerrison was their support person. Other orienteers participating were Wayne Hosking, Pauline Klay, Darryl Taylor, Stephen Dodd, Erica Hobbs, George Christenson and Tom Wilson.
- ❖ Scott McDonald won the ECNI junior boys 3000m in a record time of 9.56 then two weeks later came 2<sup>nd</sup> in the NISS JB 3000m cutting his time down to 9.42. Not bad for no track training and running in bare feet!
- ❖ Scott, along with Nic Harty and Tom Wilson were all members of the Karamu High JB canoe polo team who came first at the Nationals in April. Lucy Macmillan was in the Napier Girls High SG team that came 2<sup>nd</sup> and Stephen Dodd was in the unplaced Napier Boys team (but all the teams at Nationals had to qualify by coming 1<sup>st</sup> or 2<sup>nd</sup> at Regionals, so the standard is high).
- ❖ Jack Vincent solo mountain biked Triple Peaks, coming 11<sup>th</sup> overall, a big improvement from a 20 something placing last year.
- ❖ What's Louise Goodwin been up to? There was a lovely photo of her in the paper - as Louise Christenson (George's wife). Is she leading a double life?
- ❖ Surf Lifesaving in HB recognised Jay Barrett (age group winner, 10 years male) and Avril Turvey (most improved competitor during the season) at the recent HB awards.

## Setters/Vetters/Assistants HBOC 2005 Events Program (30<sup>th</sup> April 05)
