EDITORIAL

One of the nicest things about the Winter Score Series, aka the Thermal Dash, has been the weather. Hawke's Bay is lucky to have great weather most of the time and the mild, sunny days we've had for Havelock Hills, Pukeora and Te Mata Park certainly made it (almost) painless to get out and about on a course. Although not everyones favourite type of event, they at least get us out of the house in winter and for people like me there is the added advantage that you're only out for an hour (usually a Red Medium keeps me busy for much, much longer!) The last one in the series is Bluff Hill this Sunday – steep, but lots of nice house to look at on this map! Make sure you come along.

PRESIDENT'S REPORT

Well, it's time for a few more gems from me. Don't hold your breath.

I would like to congratulate Aari, Jack, Kate, Rachel and Scott on being selected for the NZ Secondary Schools team to do battle with the Australian Schools team in Tasmania in late September. More than that, I would like to congratulate those people responsible for realising their talent and the talent of the other 10 kids who could have made it from our club. Geoff undoubtedly is the key figure. All these kids have been through his Junior camp each January. Geoff organises the whole week and makes sure our juniors are surrounded by NZ's best elites. Also in the mix add the input of Derek (NBHS and NGHS), Steve Armon (HNHS), Jennie Barrett (Woodford) and Faye McDonald (Karamu) as well as a lot of others. Well done again all of you. HB Schools had a great representation at the NZ School Champs in Wanganui and deservedly brought home a number of titles. Derek obviously hasn't had enough of the school calendar and volunteered to manage the School team in Australia. Good luck to you and your team.

As for our events, we have moved into the exciting time of the year when the who's who get knocked off the leader board (unless you're Jack) and handicaps and route choice take control (pun). I really enjoy the Winter Score series – everyone can talk about the same course and compare their day. This series culminates with the Score Champs late next month. After that we are due to do battle with Red Kiwis in Wanganui on October the 2nd. We are organising mini buses (subsidised) so put this date on your calendar to ensure a strong club representation.

Well, that's it for now. Use Care and enjoy your Orienteering.

Hamish

COMMITTEE NEWS

- 1 We have developed new hireage of orienteering equipment.
"If an HBOC member is furthering the sport of orienteering then there is no charge. Anyone wanting to use O gear for commercial purposes should be charged: \$1 per control, 50c per clipcard, other items on a case by case basis. Losses or non returns will be invoiced 7 days after the event."
- 2 On the equipment front Jo Eames has done a big clean up in the caravan. Please follow her signage to return things to their proper place. Thanks Jo.
- 3 9 attended the Sport HB health check. We received a report from Donna Trow (SHB) who made the following recommendations.
 - *As a club you need to determine a clear mission or vision statement- i.e. a statement of purpose. This statement then needs to be made evident and clear to the members of the club through the committee's actions and people. You can also publish this mission or vision statement on the cover of your bi monthly magazine.*
 - *Consideration should be given to the developing job descriptions for key members within the committee. This will clearly establish what your organisation expects of these people. When developing the job descriptions you will be able to identify positions that overburden individuals. You can then look at sharing the workload around.*
 - *Because of the scatter effect of your club, instead of doing a survey, I would recommend putting place a suggestion box. Careful consideration needs to be made as to how you are going to achieve this to make sure it is effective. You could inform the club that this process is being put in place by promoting the concept through the bimonthly newsletter. The information that is gathered can be then used in your annual planning for the next year.*
 - *Holding a planning day is an important part of the year, as it is a process to set operational targets which includes timelines and identifies who is responsible for what activities and outcomes. The operational plan needs to be linked to the financial plan, for example an annual budget needs to be prepared showing proposed expenditure and income linked to your operational plan. This day should involve a wide cross section of the organisation, not just the committee.*
 - *Job descriptions need to be written for the following volunteers: land liaison officer and equipment officer.*
 - *Because your club relies heavily on volunteer support to run events, a volunteer of the month award (which can be done bimonthly alongside the magazine) should be established. This can be done in the form of having a recognition section in your mag about the winner or offering a voucher of some description.*

In response to this we have already:

- a. Established a mission statement:
 - **"All people in HB will recognize orienteering as a genuine sport or recreation, and will have the opportunity to experience and enjoy it."**
- b. Developed a set of job descriptions for the committee.
- c. A suggestion box will soon appear at the caravan at events.
- d. Set a date for the annual planning day, 18th Nov.
- e. Volunteers are forwarding their job descriptions.
- f. Chosen a volunteer of the month for the last 2 months: Sue Field for July (for her efforts at the HB Sec schools events) and Steve Armon for August (for getting the HNHS numbers up and supporting them to attend the National, NI and HB Sec schools events this year). Congratulations to both of them. See profiles later in this issue.

We have support and time to work through these recommendations, then we will receive some funding and a sport good health award which will help us when applying for fundraising from outside organisations.

- 4 Remember to put aside the 2 October for the Red Kiwi challenge. We will all travel down to the event by minibus.

RUTH VINCENT

COMING EVENTS SEPTEMBER - OCTOBER

MARK YOUR CALENDARS NOW

SEPTEMBER

- 11th Bluff Hill. Final score handicap event.
- 23rd Entries close for Central Districts Champs.
- 25th Over the Hill. Club Score Championships.

OCTOBER

- 2nd Red Kiwis Challenge at Marangai or Jailhouse Dunes.
A club bus will be going across for the day – more details
will follow by e-mail.
- 7th Entries close for the Auckland Champs.
- 8/9th Central Districts Champs, Taupo/Rotorua. Pre entry
event. See information in this issue.
- 16th OY5 Rochfort.
- 22nd Entries close for the Wellington Champs. Pre-entry
event. See information this issue.
- 22-24th Auckland Champs – Waiuku, Huriwai, Manurewa. Pre
entry event. See information in this issue.

ph/fax: 64 - 3 - 337 2275 email: nzof@nzorienteering.com

NZOF NEWS – AUGUST 2005

NZOF APPOINTMENTS

Derek Morrison and Julie Smith have been appointed Manager / Assistant Manager, respectively for the NZ Schools team to compete in the Australian Schools Championships, 27-28 September, in Tasmania.

ELSA MOEN

It is with sadness that we note the passing of one of the founders of orienteering in New Zealand. Elsa Moen, mother of Unni Lewis and Terje Moen, died on 9 July aged 93. Elsa took up orienteering in Norway in 1935 and with her late husband, Sverre (later to become an NZOF life member), started orienteering in New Zealand in 1971.

DEVELOPMENT GRANTS

The NZOF Council recently approved the following two development grants:

- \$1,000 to Orienteering Hutt Valley, as part of the Silva Development Programme, for the promotion of its innovative City Safari Urban Rogaine to be held on 6 August, and
- \$500 from the Silva Schools Development Programme to Wellington OC as hosts of this year's Silva NZ Secondary School championships.

VOLUNTEER COACH OF THE YEAR

The Wattie's Volunteer Coach of the Year is run in conjunction with SPARC. Nominations are now open. Those eligible can be anyone coaching at a club or school level. Everyone who makes a nomination goes into a draw to win \$2,000 cash or one of two prizes of \$500 worth of sporting gear for their school or sports club. Reward a coach; make a nomination.

SPONSORSHIP for JWOC team

Before it left New Zealand, the NZ team for the Junior World Championships received further funding by way of sponsorship from McNally Valuation (2000) Ltd. NZOF thanks team member Sam McNally's father Steve McNally for organising this sponsorship.

REGIONAL FORUMS

As part of the implementation of the new Strategic Plan, regional development forums, organised and funded by the NZOF, are to be held in each of the four recognised areas. The forums, to be held between now and the end of the year, will be led off by the Wellington Area. They will aim to align at the regional level where the sport is headed and how best to speed its development. More details soon.

GENERAL MANAGER ABROAD

Please note that the General Manager will be overseas from 11 August until 1 September. If you have matters requiring urgent attention during this period, please contact the NZOF President, Rob Crawford, phone (09) 235 5346 or email actionshotz@xtra.co.nz.

VACANCY: NOS COACHING COORDINATOR

Applications are invited for the position of Coaching Coordinator of the National Squad. This is a two year appointment commencing upon the completion of WOC 2005 through to the completion of WOC 2007. Direct expenses will be reimbursed within the budget. A job description is available from the General Manager. Applications close 15 August.

VACANCY: JWOC 2006 MANAGER

Applications are invited for the position of Manager of the NZ Team, to compete in the 2006 Junior World Orienteering Championships to be held in Lithuania, 2-7 July. A job description is available from the General Manager. Applications close 30 September.

NZ SECONDARY SCHOOLS TEAM 2005
To compete in the Australian Schools Championships
27 & 28 September 2005

Junior Girls

Claire Dinsdale	Samuel Marsden Collegiate, Wellington
Rachel Goodwin	Iona College, Hawkes Bay
Kate Morrison	Napier Girls High School
Nicola Peat	St Cuthberts College, Epsom

Senior Girls

Lizzie Ingham	Samuel Marsden Collegiate, Wellington
Tessa Ramsden	Wanganui High School
Kate Rea	Chilton St James, Lower Hutt
Georgia Whitla	Riccarton High School, Christchurch

Junior Boys

Aari Barrett	Hastings Boys High School
Scott McDonald	Karamu High School, Hastings
Ben Reidie	Nayland College, Nelson
Toby Scott	Glendowie College, Auckland

Senior Boys

Simon Jager	Mt Roskill Grammar, Auckland
Sam McNally	Te Puke High School
Thomas Reynolds	Westlake Boys High School, Auckland
Jack Vincent	Havelock North High School

Manager: Derek Morrison
Assistant Manager: Julie Smith

CONGRATULATIONS
JACK, SCOTT, AARI, RACHEL AND KATE
AND THANKS TO DEREK FOR BEING MAMAGER AGAIN.

Volunteer of the Month

July

Sue Field

Sue was nominated for her many long stints in the caravan recently, amongst them the Mountain Bike Orienteering up Te Mata Peak, the HB Schools Individuals and the HB Schools relays. Although after the Individuals she was told, "no more caravan duty, you've done your bit for the year", somehow Nigel managed to volunteer her for the HB school relays as well! She also did the entries for the HB Schools Individual Champs and she has done it all with a smile.

How long have you been Orienteering? Started in 1999

How did you get involved in Orienteering? Through the McDonald family.

What do you remember about your first event?

It was a street series at Frimley Park. I thoroughly enjoyed the idea of getting fit while learning to map read and people were very welcoming and willing to show us 'the ropes'.

What course do you usually run?

Yellow. I've tried Orange and given up in disgust.

What do you enjoy about Orienteering?

Friendly people, you can go at your own pace, lots of positive encouragement and the fact that it's a family sport which allows you to see some beautiful aspects of Hawke's Bay.

If we met you during the week what would you be doing / what's your job?

I'm an Office Administrator for Orchard Crisp (Apple Growers Co-operative) plus I have my own business doing the reconciliation of orchardists' paperwork.

Volunteer of the Month

August

Steve Armon

Steve was nominated because of all the hard work he has put into organising the Havelock High Orienteering team. Orienteering at Havelock High has gone from a handful of students four years ago to now sending away one of the largest teams to the NISS and NZSS Champs. And it's not just the numbers. The school has had many successes with titles in the Championship and Standard grades as well as the relays, the boys winning the Silva Premier Trophy and this year the girls winning the Top Schools Trophy

How long have you been Orienteering? 3 ½ years.

How did you get involved in Orienteering?

By taking 6 Havelock North students to the Hawke's Bay School Champs in 2002 and this rekindled an interest as I had done a couple of courses in Dunedin many years ago when I was dragged along by Miles Thayer.

What do you remember about your first event?

Nothing at all – but something must have appealed about it because I kept coming back.

What course do you usually run?

Struggling with Red Medium this year.

What do you enjoy about Orienteering?

The mental challenge. It's the perfect balance of problem solving and running. I'm not doing very well at either at the moment, but I can see myself getting more into orienteering as I get less competitive in running.

If we met you during the week what would you be doing / what's your job?

I'm Sports Co-ordinator at Havelock High so I'm either taking kids out running or just out running myself.

Eye in the sky

By the magpie

- If you see a dent in the McDonalds' car, blame the caravan. The only way to park the caravan at their house is sideways behind the fence, but unfortunately the towbar sticks out. So poor old Cara backed the car out to go to work, and you guessed it!
 - Paul and Hamish shot out to Pukeora on the Saturday to put the controls for the score event. They got themselves ready, opened the boot, and you guessed it again, no controls.
 - Sam Haslett got 8 controls at the score event at Havelock Hills. They were numbers 1 to 8, so he ended up with 8 points. He didn't realise you could do them in any order. It would have been harsh at Te Mata.
 - Cara is doing Media Studies and her theme is orienteering. At the moment she spends her time stalking orienteers with her video camera, making interviews and generally making a pest of herself. But we are all looking forward to the finished product.
 - Apparently Louis Chambers featured in the local paper, a write-up waxing lyrically about his academic and sporting feats. It looks like the club attracts a lot of debaters, perhaps it is the sport.
 - Josh Nicholls and Nigel Field put the controls out for their Te Mata Park event. But when they were checked in the morning, one was missing. Thinking it had been stolen, Josh said he would grab one off the string course. The control he picked up just happened to be the one that should have been out.
 - Stewart has decided to give his knees a break so has done a couple of courses on his bike though he gave Te Mata Park a miss. I wonder why?
-
- If you see a little Hastings Council 'bubble' car driving around, take a close look. It will probably be Amber at the wheel.
 - Our new Swedish exchange student, Erik Andersson is coming to terms with orienteering in New Zealand. Used to having showers in his home country after an event, he thought it was normal when having a shower after Guthrie Smith. Now after every event, he asks where are the showers?
 - Poor Tom Wilson has missed out going to the NZSS champs two years in a row. Last year he went mountain biking on Te Mata Peak and broke his arm. This year, he went mountain biking at Te Mata Peak and broke his arm. Tom, don't go mountain biking at Te Mata Peak before next years NZSS champs.
 - What a great year Paul Smith has had. Firstly, he won an essay competition and with it a trip to Gallipoli for ANZAC day, then he won the administrator of the year at the NZOF prize-giving for his work on the national web-site, then his Napier BHS basketball team won the 'super 8' competition, beating traditional foes Hastings BHS on the way, and then he captained Napier BHS orienteering team to victory at the NZSS championships.

NEW MEMBERS

A warm welcome to the following new members to the club. We look forward to seeing you at future events:

- Neville Smith
- Luis Slyfield
- Erik Andersson
- William Kale
- Louis Chambers
- Chris, Kim, Hilary & Ryan Mitchell

MARK YOUR CALENDAR NOW!

Hawke's Bay v Red Kiwi

The club has hired vans for the day – cost is \$7 per person for the trip.

877 4870 or email pamela.m@xtra.co.nz

Coaching Corner

How to save time?

Often, you get the feeling that you are wasting time reading the map. But no, saving time is made through a careful look at the map. How many of you have questioned yourself after the event? The control you had a problem with would have been easy if you had seen an obvious attack point, or route choice, or whatever. This is all happening when you take a close look at the map **after** you have finished.

So why not use that technique during your course? It allows you to be confident in what you are doing. The old adage applies here "fail to plan, plan to fail". People with running backgrounds have the biggest problems with this. They have an in-built mechanism that tells them they must keep running to save time, so they have to sacrifice something, which just happens to be map-reading.

Next time you do a course, have a plan for each control. Don't move until you have one. This technique will become the norm as you realise how accurate you have become. You will then find your process will become quicker and quicker. Then watch your times come down.

Good luck.

Geoff

Bits and Pieces

The idea of **Adopt a Map** was in the last magazine along with a list of our maps. If you/your family would be able to be responsible for one map just let Paul Steeds know. It's a great way of keeping our maps up to date so please consider it.

The club's compass policy has been published in the magazine from time to time. The club willingly provides compasses for orienteers to borrow at club events. Compasses are not cheap and because of dwindling numbers you will see they are now clearly displayed on a board inside the caravan and are all very clearly numbered. The caravan assistant **MUST** ensure they record the number of the compass next to the borrowers name and **MUST** ensure they cross off the number when the compass is returned. People borrowing compasses should also check the correct number has been written down next to their name and they must also check that when they return the compass to the caravan, their number is crossed off. Because of the expense involved with compasses it becomes very awkward if someone says they returned a compass yet that compass can't be found. It is also to be understood that if a compass is lost or broken it is the responsibility of the borrower to pay for a replacement.

The Committee is keen to acknowledge all our volunteers, so has begun a **Volunteer of the Month** award. Each committee meeting a worthy volunteer will be chosen and their profiles will appear in the next magazine. Cara McDonald has the job of tracking down and finding out something about each volunteer.

You may have noticed that **Eye in the Sky** has been missing from the last two issues. The Magpie has been finding it rather hard to track down those good stories so, as Editor, please feel free to tell me all the gossip and I will pass it on. And no, neither Rob nor I are the Magpie.

NEVER GO HUNGRY AT ORIENTEERING

**PLEASE SUPPORT THE FUNDRAISING
EFFORTS OF CARA AND DEREK.**

NZSS CHAMPS

HB sent a strong contingent to the 19th NZSS Champs held on pine-forested sand dunes just outside Wanganui on the last Friday and Saturday of the July holidays.

Havelock North, Napier Boys and Napier Girls had large teams but also represented were Karamu, Iona, Lindisfarne, Central Hawke's Bay, Woodford and Hastings Boys.

The individuals were run at Harakeke in fine, relatively mild conditions. HB had a realistic chance in 5 of the 6 Championship grades, with Lizzie Ingham considered too strong in SG.

Scott McDonald (Karamu) was the favourite in JB and had the biggest winning margin of the day, beating Aari Barrett (Hastings Boys) by nearly 6 minutes. Rachel Goodwin (Iona) had a tougher field but came through with a one minute victory over unexpected 2nd place-getter Greta Knarsten (Epsom Girls). Lucy Macmillan (Napier Girls) had a great run for 4th.

Senior Boys was also a tough field with many runners fore-going the chance of winning the Intermediate Boys title to run up a grade and improve their chances of selection in the NZSS team for Australia.

Thomas Reynolds (Westlake Boys) had a clear win over Simon Jager (Mt Roskill) by 2 ½ minutes with Havelock North's Jack Vincent in third.

Senior Girl's, as predicted, was won by Lizzie Ingham (Samuel Marsden) even though she had a bad cold and had only returned from JWOC in Switzerland just three days earlier.

Intermediate Boy's was wide open as the five favourites (Thomas, Simon, Jack, Andrew Peat and Ciaran Murphy) all ran up in Senior Boys. This meant HB was definitely in with a chance with Sam Eames (Lindisfarne), Joshua Nicholls and Jamie Brigham Watson (both Napier Boys). However on the day the top three places were filled by boys relatively new on the National scene with Jourdan Harvey (Kings College) taking the title.

Junior Girl's was expected to be close between Emily Murphy (Macleans College) and Kate Morrison (Napier Girl's) and on the day Emily came in first with Breone Lay (Havelock North) sneaking past Kate for second.

Standard grades produced many strong performances from HB runners who won 4 of the 6 grades. Maia Scott Wheeler (Havelock North) won SB, Laura Wallis (Napier Girl's) won SG, Avril Turvey (Napier Girls) won IG and Robert Creffier (Havelock North) won JB.

Relays on Saturday were at Marangai with the day being overcast and cooler, but once again lovely running on undulating pine forest dunes. With Geoff Morrison as commentator somehow managing to keep track of teams, it was an exciting event to watch as runners posted very fast times. Unfortunately the results board didn't quite keep up with the pace but Geoff's calls were spot on and HB teams performed strongly as expected. Disqualification meant heartbreak for several teams and elation for others such as Karamu High Junior Boy's who went from 3rd to 1st!

HB showed their strength in numbers by yet again fighting it out for Top School honours between Napier Boys/Girls and Havelock North. In the end the Top Schools trophies went to Havelock North (girls) and Napier Boys.

Once again a great two days, especially for the students able to catch up with friends from outside HB, as this is the only event besides the Nationals where large numbers of young orienteers from throughout NZ can compete against each other. The Wellington Club provided two well-organised events with great courses, the weather was good (well anything would be better than Rotorua 2004!), there was lots of parental support and everyone had a great time.

INDIVIDUAL RESULTS

Senior Boys

1. Thomas Reynolds	Westlake Boys	52.55
2. Simon Jager	Mt Roskill	55.32
3. Jack Vincent	Havelock North	58.05

Senior Girls

1. Lizzie Ingham	Samuel Marsden	51.34
2. Kate Rea	Chilton St James	55.50
3. Georgia Whitla	Riccarton High	56.31

Intermediate Boys

1. Jourdan Harvey	Kings	33.18
2. Thomas Robinson	Hutt International	33.42
3. Jareth Lau	Newlands	35.52

Intermediate Girls

1. Rachel Goodwin	Iona	33.20
2. Greta Knarsten	Epsom Girls	34.25
3. Claire Dinsdale	Samule Marsden	37.57

Junior Boys

1. Scott McDonald	Karamu	19.56
2. Aari Barrett	Hastings Boys	25.32
3. Matthew Ogden	Massey High	25.48

Junior Girls

1. Emily Murphy	Macleans College	25.57
2. Breone Lay	Havelock North	28.09
3. Kate Morrison	Napier Girls	28.41

Senior Boys Standard

1. Maia Scott-Wheeler	Havelock North	40.55
2. Scott Bicknell	Napier Boys	49.56
3. Grant McPherson	Birkenhead	51.34

Senior Girls Standard

1. Laura Wallis	Napier Girls	53.55
2. Tabitha Donnelly	Napier Girls	56.39
3. Kely Smith	St M	62.03

Intermediate Boys Standard

1. Michael Baughen	Newlands	26.11
2. Alex McCormack	Napier Boys	28.49
3. Dylan Hone	Te Puke	30.54

Intermediate Girls Standard

1. Avril Turvey	Napier Girls	29.29
2. Jessica Dean	Te Puke	30.10
3. Karen Parry	Te Puke	33.30

Junior Boys Standard

- | | | |
|----------------------|----------------|-------|
| 1. Robert Creffier | Havelock North | 14.37 |
| 2. Jericho Malabonga | Birkenhead | 14.43 |
| 3. Dylan Nicholson | Te Puke | 16.54 |

Junior Girls Standard

- | | | |
|-----------------------|---------------|-------|
| 1. Katherine Hamilton | Rotorua Lakes | 17.12 |
| 2. Natalie Dever | Napier Girls | 18.01 |
| 3. Sonya Litchfield | Te Puke | 18.11 |

relay team.

CITY SAFARI

Sophie came home from the Secondary School Nationals, full of enthusiasm for the City Safari. Michael Woods had done a good sell to her & in the van on the way home she had persuaded Eric, Havelock High's Swedish exchange student, that it was a good idea. 3 or 6 hours of running/walking, buses & trains. The latter two sounded good to me & a good chance for father/daughter bonding, so 6 hours it was.

The day dawned fine but cold, a good start. I joked that we would have to be in the Hills between the Hutt & Wainuiomata to the kids. They looked huge! We had a variety of bus/train timetables with us & the first 1/2 hour was working out a route choice. Difficult when you have no idea how long it will take from A to B. Wainuiomata looked a good choice as there were plenty of points in the controls in the surrounding hills. One was worth 90, but we were told the track was difficult & only for the experienced? Was that us?

Another map & a fifteen minute sprint prologue around the shops. No clip cards, you had to answer a question about the control, as with the main event. Another 15 minutes map studying & we were off. Collecting a control we made for the railway but caught a bus to Wainui, sounds logical. 3 other teams of the 30 or so, got on the same bus later. The orienteers were relaxed but the multi sport teams in their sponsored gear (where was ours, Hamish?) were very studious, taking in Leppin. Another run & a short bus ride & we were into the Hills for the next 3 hours collecting points. Some lovely bush & some real scrub. We got the 90 pointer easily, but it was a climb back out. We descended back into Wainui town, another 2 controls, 90 mins to get back, sprint, (well Eric did), for the bus, which we missed. Must have been early, Yeah, right!

Wait for 1/2 hour getting 10 points, off the bus, race to the train, one stop, off, a 20 point control & sprint for home. Eric was 30 secs over, so we lost 10 points. Sophie was not far behind him & I felt it was important to take in the atmosphere of the surrounds at a leisurely pace, as I'm not ready to die just yet!

We came 13th with 860 points, the winners got 1200 out of a possible 1900. A great day, lots of fun & I thoroughly recommend it to all next year if they hold it again.

Jon

Central Districts

TRIPLE'O Championships 2005

8th & 9th October 2005

EVENT 1 - Saturday 8th October – Central Districts Foot'O Championships

10 course Classic Foot'O event to be held on Rolling to steep forested map 45 Minutes South of Rotorua. Start times from 11am. The courses and organisation of this event will be to "A" level standards.

Southland Championships & Anniversary Event 2005

1 -2 October, 2005

Day 1 - Southland Champs - Overton Forest

Day 2 - Anniversary Event- Sandy Point South

Entries close 5.00pm Wednesday 21st September. If the entry fee is received after this date the entry will be deemed late.

Day 1 - Saturday 1st October - Southland Champs Overton Forest

Terrain: Eucalypt forest and some small blocks of mature pine on gully-spur terrain.

Location: Overton Forest is ½ hour west of Gore and 1 hour north of Invercargill

Planner: Alan Foote

Controller: David McDiarmid/Joe Sherriff

Start times: From 12 noon

Day 2 - Sunday 2nd October - Anniversary Event Sandy Point South

Terrain: Pine forest on sand dunes. The map is a mixture of mature forest with good visibility and young pine plantations with reduced visibility and complex contour details.

Approximately 50 per cent of the map is new area, mapped recently and most of it has never before been used for orienteering.

Location: Sandy Point is SW of Invercargill City off the road to Oreti Beach

Planner: Svend Pedersen

Controller: Joe Sherriff/David McDiarmid

Start times: From 10am

MAPS: Both Days -Pre-marked OCAD maps 1:10000, or 1:7500 with 5m contours Day 1, 3m contours Day 2.

CRECHE: None available.

BILLETS: Limited number available. Please indicate on your entry form if required.

SOCIAL EVENT:

A meal will be held at the White Heron Tweed St, Invercargill to celebrate the Club's 25th Anniversary. The evening will commence with a complimentary drink and a chance to chat while looking at a display of memorabilia and maps since the inception of the club, followed by a 3 course buffet meal and reminiscing by old (ex) and current club members. The cost will be \$25 per head and payment is to be included with entry fees. The club will subsidise the meal and provide some wine. Other drinks will be available from the bar at your own cost.

In conjunction with this we are holding an 'O' theme limerick competition. Please email or post your entries to the organisers (even if not coming to the event) and these will be judged on the night.

A prize will be awarded for the best hat with an orienteering theme. Bring these to the dinner for judging (do not have to be worn).

If you know of any other people associated with the club in the last 25 years please feel free to advise them of this anniversary.

BBQ LUNCH : Following the Sunday event there will be a free sausage sizzle.

For the complete entry form contact Faye McDonald.

When I saw in the 'Preview' that I was to set the School's Relays this year I thought, oh yes, been there, done that, not a problem. However, unlike the last time I set relays, this time there was Primary and Intermediate to cater for. That meant three white courses and, oh yes, please do two orange courses, one for the Senior Boys and one for the Senior Girls. Pam sent me some copies of the map and I spent a couple of nights trying to fit three white courses plus variations on to a map which was not very wide. Clearly a trip out to the map was needed.

A walk around the area proved very helpful as there were a lot of new fence lines and gates which had been added since the map was made. Some of the fences were not permanent but a quick call to the farmer assured me that they were there for the winter. This made the whole exercise a lot easier and I took my proposed courses to be vetted by Geoff. We batted ideas back and forth and finally came up with what we thought would work.

Another trip out to the map and a meeting with the farmer threw up a few problems, namely we had to work around electric fences that could not be turned off as the farmer was not going to be home the weekend of the event and he wanted his cattle in the back paddock to stay there. We altered this and changed that and decided that if we stationed a man to unhook a fence when someone needed to cross it, we could live with the main electric fences being on. The controls went out with only one misplacement, I managed to switch the last two controls.

The weather was great for the day and the whole event went very smoothly, only one competitor took the wrong map and caused another competitor to panic.

Many thanks to Geoff, my vetter, without his input the event would not have been as successful as it was. Thanks to Pam for all those map changes and plotting the courses. Hamish, thanks for towing the caravan as I don't have a tow bar and also for manning the fence. Also thanks to all those who came out on Saturday and put up the tents etc and then took them down again on Sunday.

Sharon

DSQ

This was my first effort at setting an orienteering event, and when I blithely said yes on Christmas Eve last year, July 2005 seemed ions away. I have to admit, that if it hadn't been for Chris Howell's expertise with the Condes programme, and his major changes in my dog legs on the courses, I'd probably still be out there scratching my head. When I was informed that there were huge mapping changes to be done to the Guthrie Smith map about two weeks before the event I did a major flip, as we had our White and Yellow courses all worked out and the Red and Orange getting there. But everyone else seemed to think that this was quite normal. Again another part of the learning curve! The white course had to be totally revamped, hence the two start triangles, as there had been major logging in the middle of the route!

Chris's idea to include a memory event on the Red courses was a great idea. This was to keep all those people on their toes 'who knew the map like the back of their hands' so I was told. However, on the Friday before the event, when we were madly cutting up bits of map, sticking them into snap lock bags and watching the wind play havoc with the pieces of string, the idea did seem to have its drawbacks.

Then the rains came down! I can now sympathise with all those setters who spend the wee hours worrying about whether the control is in the exact right spot, as I spent the night visualising plastic bags full of water and soggy maps. Chris said 'no problem, as I had closed them properly, hadn't I?' In the morning it was still pouring cats and dogs but it did seem to be little kinder during the middle of the day. I was really pleased that he had worked out a nice, dry possey for me to sit in and watch the finishers as they came, sweaty and caked in mud, across the finish line. Pamela informed me later that we had the best weather in the country with floods and all sorts being unleashed elsewhere, so we should have considered ourselves fortunate!

All in all, despite numbers being down (74 starters), people generally seemed to enjoy the courses, and there didn't seem to be too many complaints apart from orange being a bit tough. A few people did go astray on the memory events, which was to be expected. Some looked at the wrong map and found themselves on Red Long rather than Red Short! A few speedy people got thrown by there being two legs on one map at one of the later controls - ay Scott? On the whole, judging by the results from the Nationals, it was an excellent warm up for these School events the following week.

I would like to say thank you for the opportunity to learn about setting a course, but a special thanks must go to Chris for all his assistance. It is great to know there are so many people in the club who are willing to pass their expertise on to those who are coming into the sport. I am also much more appreciative of all that goes into the planning of and running an event, and I take my hat off to those who do this so willingly on a regular basis.

Janet Turvey

Most people our age spend the holidays relaxing, texting and going out with their friends, but not us. After four days at Ohope and three days catching up with our friends, our perfect holiday came to a sudden halt. Setting this course we got to really see what goes on behind the scenes and experience this ourselves. One of the first things we had to get accustomed to were the early morning wake up calls of 9 a.m. Also the nerves and responsibility of not making any mistakes. In case there was anything wrong, it was Gary's fault!

The morning of the 31st finally arrived and the excitement of it all finally kicked in. Being the kind people we are, we decided to help Olivia out by putting out half of her white course. Instead of getting the thanks we deserved, we got "The Look." So we left her to it and decided to concentrate on more important things like checking that all our controls were out, all the jobs were covered and most importantly if we were going to wear our matching jackets.

The day ran pretty smoothly, with lots of good feedback-thanks to everyone who came and ran our course, we had a great turnout. We did have some people who didn't bother reading control descriptions or just can't see what's right in front of them. These people didn't notice our very generous clues written clearly below street controls stating exactly where the controls were eg "Letterbox 18," so they wandered around the street for awhile.

A big thanks to Geoff, our vetter and also Pamela, for helping us out every five minutes when we were setting the course on the computer. After about the tenth time, we got too scared to go upstairs and ask them something once again. Thanks to Gail and Olivia for being in the caravan and to Gary for being there when we needed him. After all, he was supposed to be the setter. Thanks also to those of you who helped collect controls afterwards, it was done very quickly and was a great way to end the day. We never realized how much was really involved in organising a course and we really appreciate those who set courses other weeks. All in all it was a memorable occasion and we're looking forward to helping out at further events.

Chloe and Lydia

PUKEORA

The 'Thermal Dash' winter series are good, leg-stretching, fun events even though every nook and cranny of the maps get familiar as the years go by. Pukeora was extra popular this year and Kate and Max are great people to visit... You can buy *some* of their 'San Hill' wines at supermarkets. Planning a score event is usually easy-peasy compared to the work involved in a classic although the white course often presents more of a problem, trying to offer variety and yet avoiding any DNF's. But you kids all made it! I promise to get that cliff area updated by next year for the bigger people! A great result from Olivia and Jack. There were a couple of ankle injuries. Rachel G. who was collected by that boy racer Geoff, and Catherine H. who was well enough by Friday to help young Helen do the shopping. It was good too to see that young Stewart on his mobility scooter not giving in to a tricky knee.

I was a bit frustrated in my attempt to use Condes for the course planning. Not having the up-to-date version, I down-loaded it from the web site but it wouldn't install, didn't recognise the publisher. Help please someone? But it's the way to go, all you young course setters. Just get the Condes code from Dave Fisher, or me. Hamish made it look so simple, and it was, to just pop those purple control circles onto the map on screen.. No more red biro in a red tent in the rain!

It was very satisfying of course to have such a good turn-out. Twenty-four runners in the white course beat the record, and shows what a healthy future the Club has. The sixty-nine runners for the score run also showed how people like to get out on a fine winter's day.

Rachel didn't bust herself until she'd done a good job in the caravan. Jaime then carried the load till the end. Thanks girls. And where would I have been without my mentor Hamish, hauling the caravan too... Now, if you all feel sad that we didn't ask you to help collect controls then don't feel too bad about it 'cos after Hamish and I had braved the chill breeze in the shade at the Start/Finish for three hours I personally was happy to have a trot around. And there's always next time. It's a good way to practice your navigation, and with a bit of help, course setting's fun too. Oh, I nearly forgot. Stewart wasn't quick enough to get away. He helped with the control collection. Thanks Stew!

Paul.

Wow, that was an experience and a half. If anyone has taken any notice at all of some of my orienteering results you will be able to work out quite quickly that I struggle a lot with which way I'm supposed to be going. But after setting a course, and even just this one course so far, you get to learn a hang of a lot. I hope I can live up to that comment with some better results in the future. I can highly recommend to anyone to take up the opportunity, if offered, to set a course. It is very satisfying also to hear the thanks from a lot of people. I, as most of you are well aware, didn't do this on my own. And I have to thank all of those people who helped out on the day. A very big thanks though has to go to Rob McDonald, my vetter, who put a lot of time into putting the map together and teaching me a few good pointers such as route choice. Some of you might know that I like running very much but screaming along tracks or fence lines is sometimes not the most energy efficient or the best use of time. And using time wisely is particularly important when doing a score event. Turning up at the finish line 32 minutes late is not very beneficial to your overall score. That is what I did last year at this very event. Maybe someone was taking pity on me and that's why I was asked to set the course. All I was really hoping for was that all those who did take part enjoyed themselves. Was it hard enough, did it make you think, were the controls in some neat spots, was it too easy and so on are some of the questions I asked myself when setting the course. And by viewing the results it appears that most of my questions were answered. Good on everyone who did take part and I hope you achieved what you set out to do. If not, try again. I do. It doesn't seem to get me very far but never say die I say. Always try and find a positive. A bad days orienteering for me always turns out to be a good days run. And sometimes it feels like I have been out there all day. Just check out those results. Congratulations to Rory Hart. I felt so mean Rory, giving you 1 penalty point for being only 6 seconds, yes 6 seconds, late but you still ended up at the top of the heap anyway. Good on you Rory. And finally I would like to add some advice to those setting future courses. Unless you're as hard as nails or as tough as old boots don't, and I mean don't, run a half marathon on the day that you have to put out all the controls. I was a shattered man. Thanks again Rob, the McDonald family, Brad, Rory and all the people behind the scenes that do so much event after event.

Henry.
