EDITORIAL

People. It's the combination of personalities that make some clubs work better than others, and I think HBOC is about as good as it gets. However as our club keeps growing it's hard to keep track of all the new names and faces. Doing caravan registration is probably the best way but Compass Points tries to contribute by having two 'Volunteer of the Month' profiles each edition, offering a brief glimpse of two club members.

As well this edition we profile Terry Russell, club stalwart, leaving us for Tauranga and brother and sister successes Ross and Amber Morrison, part of the talented Morrison clan.

Happy reading.

PRESIDENT'S REPORT

What a great sequence of events we've just had. The School kids couldn't have had a better lead up to the NZSS Champs next weekend in Auckland. I'm sure we'll have a great representation from HB and a number of our kids and schools will come back with titles. Good luck all you youngsters. Well done to all the coaches, organisers and parents who have got their kids to all the school events. This is our pool for the future of orienteering and so it's important to keep fostering the enthusiasm that everyone has created.

The School Champs saw over 200 entries for both the Individual and Relay days and I must say a big thank you to all those who helped put on these major events. Lesley and Pamela drove both events and Sportident is a huge hit with the kids. One day hopefully we will see electronic punching as a permanent fixture in HB. For this to happen though, needs a team of enthusiastic people to learn all the ins and outs of the whole system and have the energy to make it happen.

We also had another major event in the form of three events – the Frank Smith Challenge, the Club Champs and a HB/Wellington Schools Challenge – all on the same day! The HB Schools team won 3 – 1 which was a top effort considering the strength of Wellington, especially in the girls teams. HB also retained the Frank Smith Trophy for the eighth (?) consecutive year. Well done Club members.

Another mention I'd like to make is of Terry Russell, who is moving to Tauranga in the next couple of weeks. He, along with the rest of his family, has been a great contributor to the club over the last few years. He was on the committee for a number of years – editor of the magazine, fixtures officer and Club President – and contributed to many major events as well as the usual setting and vetting jobs.

Thanks Terry, all the best and hopefully we'll see you back down here from time to time.

Coming up we enter our 'rest' phase and time to enjoy the Score series. I hope I'm on scratch again!! Keep up the good work and enjoy the challenge of your next course.

Hamish.

COMMITTEE NEWS

- ❖ Frank Smith Trophy remains in Hawkes Bays hands – great effort to all who competed.
- ❖ Mapping Evening planned – see magazine for details. This is for all the people who might be interested in finding out how it all comes together – from the ground to an event.
- ❖ Congratulations to Ross Morrison for selection into the WOC Team.
- ❖ Farewell for Terry & Sam Russell on Friday 7th July.
- ❖ Committee is working on NZOF's Stakeholder documentation - the purpose of which is to make sure we are looking after all those people and organisations that are influenced by our club.
- ❖ Junior Subsidies – Committee has formalised these with the following:

“ Junior Subsidies are standardised on a graduated scale according to the level or representation, as follows:

<i>Activity</i>	<i>Subsidy / Per Person</i>	<i>Notes</i>
<i>Junior Camp (either local or national)</i>	<i>50% up to \$50 maximum</i>	<i>Limit one per year</i>
<i>D' Squad Camp</i>	<i>50% up to \$60 maximum</i>	<i>Limit one per year</i>
<i>NZ School Team</i>	<i>\$100</i>	
<i>JWOC</i>	<i>\$250</i>	

Subsidies are applicable for the Club Financial Year (1 November – 31 October)”

COMING EVENTS JULY - AUGUST

MARK YOUR CALENDARS NOW

JULY

- 9th Club event, short/middle distance. Te Aute.
- 13th Entries close for the Winter Classic.
- 14/15th NZSS Champs, Woodhill, Auckland.
- 23rd Score series, Pukeora.
23rd Winter Classic, incorporating the Wayne Cretney Memorial, Wairarapa.
-

AUGUST

- 6th Score series, Havelock Hills.
- 13th Red Kiwis event, Himataangi/Tangimoana.
- 20th Score series, Guthrie Smith.

NEW ZEALAND MOUNTAIN BIKE ORIENTEERING TEAM
to contest the
WORLD MTBO CHAMPIONSHIPS
Finland, 9-14 July 2006

Women:

Marquita Gelderman	North West OC
Fiona McBryde	North West OC
Dianne Michels	North West OC

Men:

Greg Barbour	Orienteering Taranaki
Stuart Lynch	North West OC
Michal Glowacki	North West OC
Darryl Taylor	Hawkes Bay OC

Manager/Coach:

Rob Garden	North West OC
------------	---------------

NEW ZEALAND REPRESENTATIVES

Our club has three members currently representing New Zealand

Ross Morrison
Amber Morrison
Darryl Taylor

Darryl is once again representing NZ at the World MTBO Champs, which are being held in Finland from the 9th – 14th of July.

Amber Morrison is currently in Lithuania with the JWOC squad, an event that will be over by the time you read this. She has also been selected in the New Zealand team for a test match against Australia at the Queensland Champs in August.

Ross Morrison has been selected in the New Zealand team for the World Orienteering Champs which are in Denmark from 1st - 5th August. He will be running in the Sprint and Middle distance races as well as the relay. This is an amazing achievement for such a new 'elite', being only 21. Then he joins Amber in representing New Zealand in the Pinestars test match against Australia at the Queensland Champs.

Volunteer of the Month

May Stewart Hyslop

Stewart has been nominated for his introduction and organising of control collection. Four years ago Stewart suggested he organise people to do control collection, rather than leave it to the setter/vetter/event helpers and other volunteers on the day. This works really well and takes the pressure off the group who have worked hard all day already. See his article this issue.

How long have you been orienteering?

Dave Smith (founder member) tells me the club started in 1977, so I would have gone to my first event two or three years later. I became stale after fifteen years and had a complete break for three years, so let me see..... that's about twenty years.

How did you get involved in Orienteering?

The club organised "Business House Relays" in an attempt to gain new members. I was a Scout Leader at the time and we would enter several teams in those relays. The events were held at Te Mata Park, using green buckets with a biro inside as controls. Try finding a green bucket in a pine tree and see how you get on. And as for the black and white map....whaaaaaaa.

What do you remember about your first event?

Approaching the **Finish**, which was a mass of people, I'm wearing Bata Bullets as footwear (no grip) and slipping and sliding all over the place on the dry grass. Not a good look for a scout leader. It didn't rain as much in those days.

What course do you usually run?

Red Short

What do you enjoy about Orienteering?

I love the challenge, trying to find those controls. Also, after about twenty minutes into the course, when the lungs and heart are pumping I almost always get this realisation that I'm lucky to be able to do it. I don't remember that when I was younger. And the people. My kind of people. No fags (cigarettes to you), no litter, cheerful, positive people. Wonderful!

If we met you during the week what would you be doing / what's your job?

Farming cattle, sheep and bees in a lifestyle way. And would you believe it.... drawing contours, roads, fences etc in the production of orienteering maps. Don't call in after lunch though, I'll be having my siesta.

Volunteer of the Month

June Duncan Morrison

Duncan has been nominated for his enthusiastic approach to the sport and his willingness to help out at events, in particular the school's practise event at Te Mata Park.

How long have you been orienteering?

13 years, 9 months and 17 and a half hours (as of the 27th June, 2006). ALL MY LIFE!

How did you get involved in Orienteering?

D-E-R-E-K

What do you remember about your first event?

I remember a Christmas event that Peter Watson set at Horseshoe Bend and everyone did the string course.

What course do you usually run?

Red Medium

What do you enjoy about Orienteering?

The challenge of it being different every week and also trying to find the balance between running speed and map reading. Also, meeting people.

If we met you during the week what would you be doing / what's your job?

Probably eating food. I may be going to have a go at mapping these holidays AND it has been suggested that as a fundraiser. I shovel shit from under the woolshed at the Goodwins. (Decision pending). {Year 9 student at Napier Boys}.

CONTROL COLLECTION - 2006

The last time I wrote on this subject was.....would you believe 2002?

Well I am writing about it again mainly for the benefit of all those new people in the club.

The aim is to help the Setter and Vetter on the day to get those controls in, and to spread the task relatively evenly amongst those in the club that are able and willing.

I do not organise collectors for the Summer Series or any other Street and Park events with the exception of Te Mata Park. My reason is that there are plenty of roads on these maps enabling the Setter to drop collectors off at the most distant controls, and there is invariably a family involved.

I organise it the week before the event, thinking that most people know by then if they will be there or not. I discuss it with the Setter first, followed by the Vetter and the Assistants for the day. If these people have family there, they can often take care of the job. If they are a bit short then I start phoning around.

New orienteers enjoy doing this. It gives them a good experience of walking the map with no pressure, and means they can learn a great deal. Collection starts close to 3pm, so it makes sense to start your course about 11.30a.m., finish, have your lunch and recover, ready to go out again to collect controls. The golden rule is **ONLY COLLECT THE CONTROLS ON YOUR LIST**. If you pass close by another control ... **leave it**. The reason is that the person who is supposed to collect it arrives where they think it should be and hello... it is not there. They then spend some considerable time trying to find it.

The short period of daylight in the middle of winter introduces another element to the collection of controls. There is not a lot of time to do the job. So it pays the Setter for the day to have it already planned with black and white photocopies of the map at the ready with collection areas marked out. The collection area also needs to match the ability of the collector. That needs some thought on my part and yours.

I think I have covered all the bases, but if you have any comments please make contact with me.

Stewart

CLUB 'O' TOPS.

For some time now there has been an undercurrent of discontent, primarily amongst younger club members, with our club O tops. Committee would like to hear club members views on our present tops and if there is a need for change.

At present you will see members wearing two different styles of tops. Both are in the club colours of green, black and white but are made out of different fabric, the earlier 'holey' material being no longer available. Tops are made locally, on demand and to order eg you may have noticed Stewart Hyslop has a long sleeved version.

Why wear a club O top? Well, it means you don't have to worry about what to wear at each event but the main reason is for 'away' events when you are running for Hawkes Bay. A sea of green, black and white tops strikes terror into all opposition, because we are consistently one of the top clubs in New Zealand and people definitely recognise our colours.

And for some this is the problem. Too bright (well, the green is!). Too obvious (do we want people to see us coming?) For others they feel the style is outdated, especially when many clubs in the last year are suddenly sporting very flash looking O tops. For others, there is no problem. What we have is fine. It's distinctive and people immediately know you're a Hawkes Bay runner.

What do you think??????????

Can you take some time to email a response to rfmcd@ihug.co.nz and I will collate results and present findings to Committee. Next committee meeting is July 18th so responses before that date would be most useful, but if you are reading this after that date please send in a response too.

What we want to know.

- 1) Do you own a club O top? If so, which sort and are there any problems with it (eg fabric, style).
- 2) If you don't own a club O top, is there anything to do with the design of the top that has put you off buying one?
- 3) Do you think we should have a new club O top?
 - * No – please give your reasons.
 - * Yes – please give your reasons and suggest what it should be like. Sketches of possibilities welcome. If you can't scan your design please post it to 907 Ebbett St, Hastings.

Thanks
Cara

THANKS TERRY

Club President, Compass Points Editor, Fixtures Officer and Committee member. That's a pretty strong list of responsibilities for someone to take on in their first seven years of Orienteering.

Terry Russell admits to being one of those who became addicted to the sport right from the start and was so keen to be involved in the club he jumped in the deep end as editor of 'Compass Points' after less than a year with Orienteering. He went on committee at the same time, staying on for six years. After two years as Editor (and winning the Silva award for best magazine) he moved on to Fixtures Officer for two years and then became President for two years, stepping down at the end of 2003.

He vividly remembers his first event at Raretu and remembers it was in April 1997, as Pamela was heavily pregnant with Sean at the time. Actually he only went along to take his daughter Jenny and he had no intention of doing a course. At Hastings Girls High, Jenny was friends with an Exchange student who was good at Orienteering and persuaded Jenny to 'give it a go'. At the event Geoff persuaded Terry 'to give it a go', so he and Jason went off on a Yellow course, and, as you would expect when not dressed for the occasion, got rather dirty for their efforts. They also got a little bit lost, as Terry was more used to 1:50,000 maps and took them a tad too far!!! But he was hooked and basically never missed a club event for the next six years.

The attraction of the sport for Terry is the chance to get out into the bush and farmland and areas off the beaten track. He likes the combination of running and thinking which also means you don't notice the distance so much because your mind is so busy. As his job became increasingly 'people focussed' he has also enjoyed just being out on his own, with no worries about work and people 'coming at you' all the time. And of course he has enjoyed the company of the great people in our club.

His favourite maps are Smedley and Maraetotara, although both presented him with major challenges at first. Terry attempted his first Orange course at Maraetotara, taking three hours. That map has since been conquered and he has had many good runs there subsequently. Smedley was when Terry tackled his first Red course. After one hour and NOT finding the first control he decided to DNF and get home to watch the rugby. The only problem was Jenny was out on an Orange. He thought he would do the Orange in reverse and pick her up that way, but after drawing the Orange course on his original map and heading off, he switched to his original Red course and so well and truly missed the rugby. Struggling orienteers can certainly take heart from those rather long times, as Terry now is an extremely competent Red Long competitor.

Successes have been winning M40 at the HB Club Champs last year, coming second in M40 for the Short O at the Wellington Champs in 2002 and he is also the HB Club Short O champ, a event no longer held. He could also have won the M40 Short O event at the Wellington Champs held at Smedley in 2003. After having a good run and coming in 8 -10 minutes ahead of the rest of the field Terry had a drink and a quick change of clothes before heading into the tent to help check control cards. Oops, this person's missed a control. And guess whose clip card it was! A brief conversation with a fellow club member between controls 8 and 9 had been enough to distract him and

look back at his map at control number 9 instead of 8, both on similar features! With such a large lead he probably still would have won had he not missed number 8.

Terry admires endurance athletes and has competed in several adventure races and rogaines himself. In earlier years he and Richard Lynn competed together in rogaines, he has competed in the local 6 hour adventure race for the last two years, run in the Kaweka Challenge on several occasions and this year competed in the Tararua 24 hour event with Chris Howell and Allan Hughes. He is keen to do more of these types of events but would like to be fitter, something he hopes to remedy with his move to Tauranga.

Terry has worked for Bearsley Farms Ltd since 1999, starting as Orchard Manager but with an increase in leased orchards in 2003 he became the Operations Manager in 2004 and the workload just kept increasing. Although he has enjoyed the work, the balance between work and free time was not right, as work was consuming his whole life, interfering with family life, holidays and of course orienteering. The move to Tauranga was a hard decision to make but as Accounts Manager for Seeka Kiwifruit Industries he will have a lot more free time and for the first time in his working life will have the time between Christmas and New Year totally free from work. The kiwifruit industry has a much 'friendlier' season than the apple industry so he should now be able to attend Nationals on a regular basis.

With his children Jenny and Jason still floating round in Hawke's Bay, Terry hopes to return on a regular basis to compete in OYs or other major events in the Bay and of course will stay a club member so he can still receive his copy of Compass Points to keep him up to date with everything that's happening within the club.

Thanks for all your hard work over the last seven years Terry and good luck to you and Samantha on your move to Tauranga.

Magic Moment...

From Minnow to Magnificence in 12 months!

We made it! Central Magic has won the Superseries teams competition! With a lead of 57 points going into Queens Birthday, the team scored 56 and 58 points, to make a total of 890. Home team and last year's winner MacNut Northerners scored *slightly* higher at QB, but they were so far behind it wasn't funny – they ended on 732. The possible threat from Bivouac Southerly Storm evaporated with a low turnout – some of their stalwarts are overseas. They finished with 817.

So the winning margin was 73. In 2003 when the team competition began, Magic finished 267 points behind the winner. In 2004, 188 behind. Last year it was 160 in arrears. A steady improvement, but such was the outlook that some commentators suggested re-drawing the team boundaries for better competition! They're not saying that now ☺

And in the individual contest Magician Karl Dravitzki (Orienteering Taranaki) also finished on top as expected. With the lowest three scores discounted he made 145 points, compared to the 123 of last year's winner Chris Forne (PAPO). Rob Jessop (AOC/PAPO and the 2003 winner) was third.

But look at who comes next. Of the next 8 places, *six* were filled by Central Magic runners! Ross Morrison (HBOC) 4th; Bryn Davies (RKOC) 5th; James Bradshaw (WOC) 6th; Neil Kerrison (OT) 8th; Andrew McCarthy (OHV) 9th; and Bill Edwards (OHV) 11th. In terms of the team competition, it's the solidity of these runners which underpins the result – the team points scale is a flat one unlike the individual scale which falls off more steeply.

In the womens contest MacNut's Tania Robinson won ahead of a dead heat for second: between ex-WOC member Penny Kane and Lara Prince (PAPO). Last year's winner Rachel Smith was 4th.

Magic has not been traditionally strong in the womens department, and has been further weakened by the absence of RK's Claire Paterson with injury; and injury also prevented rising star Amber Morrison (HBOC) from running to her potential. However Amber finished 8th, just ahead of Lizzie Ingham (WOC). Both entered only selected elite races as they are still juniors.

They ran other races in the 20 class, which counts for the new Junior Superseries. Still settling down, it suffers from the natural desire to run in the open class where practical, ie middle and sprint distances. That is something the new HP Director will have to look at – perhaps the 20 and 21 classes can run on the same courses for these short distances, and the top juniors can score junior points as well as measuring themselves against the senior standard.

In spite of spreading their points over two competitions, Ingham won the junior series with Morrison 2nd equal to Hamilton's Tineke Berthelsen. And that's not all. Kate Rea (OHV) was 4th; Kirsty Turner (WOC) 5th; Tessa Ramsden (RKOC) 7th; Rachel Goodwin (HBOC) 8th. And 6 of the next 10 were Magic as well. *Is that called domination or what???*

The boys for some reason weren't so strong, with HB's Scott McDonald just making it into the top 10 by equalling NWOC's Thomas Reynolds. Jack Vincent (also HBOC) was 12th. Nevertheless the large base generated by the efforts of HBOC and the CSW events is going to pay dividends in the near future.

Talking of the near future, the high-performance focus now turns to World Championships: Junior in Lithuania 2-7 July, and Senior in Denmark 1-5 Aug. There's also a test-match with Australia to be held in Queensland 19-20 Aug. The test team hasn't been announced yet, but Magic Members of the JWOC team are Lizzie Ingham, Amber Morrison and Kate Rea; they will already be in Europe when you read this. The other woman is Tineke Berthelsen; the men are Simon Addison (HOC), Riki Cambridge (DOC), Simon Jager (AOC), Alastair Long (CMOC) and Sam McNally (ROC). Coach/Manager is Magician Neil Kerrison.

And three of the four men in the WOC team are also Magic Herdsmen. They are James Bradshaw, Karl Dravitzki and Ross Morrison. The other male is experienced campaigner Rob Jessop, while the women are Jenni Adams (PAPO, at present living in Sweden), Lara Prince (PAPO) and Tania Robinson (CMOC).

The World Championship is the pinnacle, the goal. Superseries rounds, Test matches, they are all ways and means of raising standards through intensifying competition close to home. We wish team members the very best, Magicians and otherwise, and with rising standards of internet reporting will be following you with the keenest of interest.

The Shepherd.

Some words from the team:

Neil:

"As you know I'm going to Lithuania as Coach. I still hope to improve my orienteering by gaining experience of the big race from the whole team's perspective. Win the coaches race, or at least beat all the Australian coaches. Train and race in Sweden including O-Ringen - one of the Meccas of Orienteering. See you in a month."

Kate:

"Thanks for good wishes, I'll definitely keep in touch"

The Others:

Must be tongue-tied. Shy lot, these high performers. Probably busy studying the construction details of Herd Homes...

James
Bradshaw
SS11/NZ12
24yrs/WOC

** Has come up through the school-club-D Squad system. JWOC in 2001 and 02, sport science course in 2002. Wellington background but studying in Auckland, where he received a PM's Athlete Scholarship in 2005.

Lizzie
Ingham
SS10/NZ-
18yrs/WOC

** Top NZ junior woman at the 2005 JWOC. And still some years to go as a junior. Ranked #2 in W18, and named by SPARC as "Future Orienteering Champion" in 2005. Student at Samuel Marsden College, Wellington.

** Descriptions from Superseries website as at the start of the 2005/06 series; Ingham is now at Victoria University. SS— and NZ-- relate to Superseries and NZ rankings as at mid 2005, though age has been updated to 2006.

The Magic Morrisons

Amber

Best Ever N.Z Woman's performance at Junior World Championships Long Distance

Ross

Selected to represent N.Z. at the World Orienteering Championships

The Beginning

Amber was four and Ross six. Derek and Aunty Pamela accompanied Ross around their first course on the old Granules (Maraetotara) map. Meanwhile Uncle Geoff strolled around a course with Val carrying Amber in a backpack and the Morrison orienteering dynasty was begun.

Progress

Ross progressed quickly. By the time he was 11 he was running for the N.Z. M16 team against Australia's best and doing well. From a very young age he was beating nationally ranked adults. At high school he won the North Island Secondary School's **Senior** Championships four times. He has represented N.Z. at two Junior World Championships finishing 10th in the 2005 Sprint race and qualifying 5th in his heat for the A Final of the Middle distance race. In the last year he has become the first Hawkes Bay Elite to win at a major event.

Amber's progress was initially slower but progress was rapid after she was selected for the N.Z. Secondary Schools' team trip to Australia in 2003 and saw what was required to be up with the best. She has won many N.Z. and N.Z. Secondary School titles and was selected to represent N.Z., as an Elite, while still at secondary school.

The Latest

Ross's feats have resulted him being selected for the Sprint, Middle Distance and Relay at this year's World Champs in Denmark.

Amber performed superbly in this month's World Junior Champs in Lithuania finishing 17th in the Long Distance (the best ever by a New Zealand woman) and 14th in the Sprint.

A Message to Hawkes Bay Juniors

Ross and Amber have shown it is possible for juniors from Hawkes Bay to succeed at the International level. With hard work there is no reason the next success story could not be you!

Ross Morrison

Amber Morrison

QUEENSLAND ORIENTEERING CHAMPIONSHIPS

August 19th – 20th 2006 Maryborough, Queensland
(Incorporating the National Orienteering League and Australia v New Zealand)

Compete near the area to be mapped for 2008
Australian Championships Carnival. The 2-Day
event offers 2 new and exiting Geoff Peck maps

with very fast, gently undulating spur-gully terrain that has extensive tree cover with little undergrowth. There are some rock and erosion features on Day 2. Start times have been set to allow competitors to spend the weekend in Queensland or plan a winter holiday in the sun with visits to Hervey Bay, Rainbow Beach, Fraser Island, Bundaberg, or The Town of 1770?

Enquiries Terry Cavanagh (07)38629264 or 0407519820.

Have you ever thought about how the map you buy on Sunday comes into being?

Are you interested in finding out about the "life cycle" of a map?

Photogrammetry...Fieldwork...Cartography

what do these words mean?

FIND OUT MORE

July 28 at 7.30pm

An information evening is being held to enable club members to come along and see map making in action and to learn a bit about each stage of production.

If interested, please RSVP by July 23 - to Pamela Morrison (Ph 877 4870 or pamela.m@xtra.co.nz)

NEW MEMBERS

A warm welcome to the following new members to the club. We look forward to seeing you at future events:

- Anna Williams
- James Thompson
- Christopher Pike
- Natalie Rens
- Tessa Hocking
- Sophie Panton
- Emily Davis
- Thomas, Nick & Georgia Richardson
- Lisa Frith & Tim Eagle
- Scott Bremer
- Joe & Ben Christensen

FOR SALE – Training diaries – especially designed for recording your training for orienteering. \$2 each – contact Pamela Morrison.

Central Districts Orienteering Champs

20/21 May 2006

I couldn't persuade the family to join me for the CD Champs in Rotorua so I trundled up in the ute for the long distance event on Saturday and the MTBO on Sunday. The long distance event was held on the extension to the Okere map on the north side of the Kaituna river. In a small turnout from Hawke's Bay only some of the usual villains were there, Hamish & Rachel Goodwin, Brett & Craig Sceats, Kate Haselhoff, Deborah Turner, Derek and Duncan Morrison.

The map is mainly fast open farmland with scrubby patches and a myriad of electric fences. You could hear everyone groan as the starter said the electric fences are off...and on. It looked at times as if the ground was heating up under runners' feet as they found new and novel ways to get across them. Hamish took the superman approach, leaping them in a single bound. Brett tried the Moses method, believing if he ran at them fast enough the fence would magically part. I went for the nervous nellie style, alternating between leaping them like a gazelle and using the poultry method (the chicken theory). Actually a gazelle is probably rather more graceful than I was.

Most of the route choices were fairly straight forward and the courses were on the short side but the courses were well planned for the limitations the map placed on the setter.

Outstanding results for the day came from Hamish who destroyed his opposition in the M40 grade, running a very quick 39:13, which equates to 8 minute kms. It was a strong indication of the form he was in prior to the QB event and the Club Champs. Rachel cleaned up W18, and although she was in a very lonely grade, she acquitted herself well, beating all the W40A runners, half the M50A runners and all but one in each of the M16 and M21AS grades. Deborah had a day to forget, taking nearly an hour longer than Patricia Aspin. Kate Haselhoff ran strongly to finish second just 3 minutes behind Katherine Hamilton of Rotorua. Duncan demolished his competitors in M16 and Brett was in good form taking out M14. Craig unfortunately had little opposition in M10 but made up for it by running another course as well. In the elite grades it was a close tussle between Karl Dravitzki and Neil Kerrison with Karl edging out Neil by 47 seconds. Rachel Smith won W21E by over two minutes from Rebecca.

In the Park O on Sunday morning, Deborah Turner was 3rd in W55, Brett and Craig cleaned up the M14 grade with Craig edging out Brett by 10 seconds. Must have been the lag effect from the electric fence the day before slowing Brett down! Kate Haselhoff ran well in W14 to finish 7th in a field headed by Rotorua runners. Neil Kerrison reversed the result from the day before to beat Karl by 10 seconds and Rachel continued to dominate W21 winning again from Rebecca.

Then it was on to the mountain bike orienteering in Whakarewarewa forest. I enjoy this event because it gives me the excuse to take the mountain bike to Rotorua and ride some really good single track with more space between the trees than at Esk mountain bike park. For a rider of my ability that is important. The tracks don't seem to get as slippery as Esk and generally aren't as technical or narrow to ride. Not that I rode all that well. Mind you a map table would help a lot. It is hard to keep track of where you are on the map holding it in your hand. Deborah and I were the only HB competitors, which is a shame because the Whakarewarewa forest can give a lot of route choice and some interesting tracks to ride. For the record, I finished a distant third and Deborah was just beaten into 4th by 19 seconds.

Chris Howell

QUEEN'S BIRTHDAY WEEKEND

Sixteen Hawkes Bay competitors made their way north to the Auckland Queens Birthday event hosted by the North West Club and what an excellent event they put on. Day One started with a middle distance event in the morning on Shank's Pony. This was spur gully terrain with scattered native bush, very Hawkes Bay like. The second event of the day was a sprint held at Massey University's Albany Campus.

Day Two consisted of 2 middle distance events on Woodhill Coastal sand dunes with a chasing start in the afternoon. The result was a great spectator event with the order that competitors ran through the last spectator control being their actual position in the race. Fun to compete in as well. The classic race was held on the final day at the challenging Waioneke Forest near the north head of the Kaipara Harbour.

Some Hawkes Bay highlights included

- Ruth Vincent's win by 15 minutes in the W40AS Middle Distance.
- Ross Morrison's 1st in M21E Middle Distance and 3rd overall.
- Craig Sceats winning three out of four events in M10.
- Hamish Goodwin having two firsts and two seconds to win M40 overall and confirm his arrival as a top class orienteer.
- Kate Morrison coming first overall in W16A.
- Emma Watson had an excellent weekend winning two events and finishing top in the W18A grade.
- Scott McDonald won a weak M18 grade and also finished second in the M20A sprint.
- Others who had top three results included Duncan Morrison, Brett Sceats, Jack Vincent and Rachel Goodwin.

A great weekend!!

Rob

Wairarapa Orienteering Club

Proudly present the annual

WINTER CLASSIC

Incorporating the
Wayne Cretney Memorial

23 July 2006

Wairarapa Orienteering Club

Invite you to our annual Winter Classic
Sunday 23 July 2006

The Winter Classic is an endurance event that is both physically and mentally demanding. The event will be as a BLODSLITET event; it is like a relay except you do all the legs yourself!

There are six trophies for various grades, including the handsome 'Wayne Cretney Memorial' cup. You are free to compete on any course and survive a Winter Classic!

Trophies	Wayne Cretney Memorial	M40	Course 2
	Open men	M21	Course 1
	Open women	W21	Course 2
	Junior	M/W18	Course 3
	Veteran men & women	M50 & W40	Course 3

Map	<u>Ruamahunga</u> , 1:10,000, 5m contour Southern / Middle part of the 'Halcione' map first used for 2000 NZOF Champs. Variable contour farmland and some native bush.
Directions	From Masterton travel north for 6.2km; turn right towards Mauriceville for 12.8km; turn left into South Road, signposted Mauriceville West, follow South Road for 3.2km; turn left into West Road; follow signs to event centre. Allow 25 minutes from Masterton. From the North: From Eketahuna travel south on SH2 for 4.6km; turn left into Falkners Road, signposted Hastwell, for 3.3km; turn left into Opaki Kaiparoro Road, signposted Hastwell, Mauriceville for 4km; turn right into North Road signposted Mauriceville West for 4.3km; continue straight ahead into West Road by Settlers Monument; follow signs to event centre.
Event Centre	Southwestern end of West Road, Mauriceville West
Registration	From 9 a.m. on the day
Briefing	9:45 a.m.
Start	Courses 1-3: Mass start at 10 a.m. (all maps pre-marked) Courses 4-5: 10:30 – 12:00
Course closure	2 p.m.
Entries close	12 July 2006. This event is PRE-ENTRY for courses 1-3. Courses 4 & 5 are enter-on-the-day
Planner	Jim Barr

ENTRY FEES: Course 1 \$20 Enquiries to: Jim Barr
 Course 2 \$20 Phone: 06 372 5779
 Course 3 \$15 email: jim.barr@xtra.co.nz
 Course 4 \$5
 Course 5 \$5
 Sportident Hireage \$2

Banking of your cheque is confirmation of entry. No further confirmation of entry will be sent. Please retain this part of entry form for event location and timing details.

Entries Close 12 July 2006

Entries Close 12 July 2006

Course	Estimated winning time	Grades
1	120+ minutes	M21
2	90-120 minutes	M40, W21
3	80-100 minutes	M50, W40, M/W18
4	20-30 minutes	Orange
5	15-25 minutes	Yellow

Sportident

For the first time, we intend to use Sportident for the Winter Classic.

For pre-entry courses (1 – 3) please enter your sportident number on the entry form, or add \$2 hireage charge to your entry fee.

198, give or take a few! Not quite up to The Slump, but pretty impressive given the weather conditions. I think that means McDonalds 1st and 2nd for setting club events with the highest turnout!

Derek joked with me today about having to ring myself in several weeks time to remind me to write a report for Compass Points. Not I – this is the night of the event and I've read my course setters information sheet; your job is not complete until you've written your report and e-mailed it to Faye.

Yes, it has been a busy few weeks. This was actually Cara's event but after returning from Nationals at Easter it was obvious her school commitments and health would adversely suffer if she was setter for this event, and seeing Rob had set the last OY, mum stepped into the gap. Luckily for me Chris Howell was the vetter and he was amazing. I have to admit that course setting is not my thing. In fact one reason I took on the magazine was so that I didn't feel obliged to set courses, as the magazine is my contribution to the club.

After the usual phone calls to several landowners and some rudimentary courses drawn on old maps, I went out to check out the parking, start area and possible white/yellow courses. After that I drew up six courses, consulted with Chris, found out I had to have an extra white and yellow course, altered my courses, consulted with Chris again and then we spent a day actually checking out the sites.

At that point I went off to the NISS Champs and returned to spend all Sunday and most of the next four evenings working on the magazine while Chris finalised the courses, did map corrections with Pamela, sorted out map printing, did the control descriptions and did the 1001 other things that need doing when setting an event.

Saturday was not a pleasant day, weatherwise. Our first hold up came when trying to get the caravan up the hill into the start area. Those of you at the event will understand why this manoeuvre ended up taking about $\frac{3}{4}$ hour, in steady rain. It was a long day, putting out nearly 70 controls, but luckily the rain didn't continue all day.

Sunday also did not start out a pleasant day, weatherwise. Thanks to Geoff and Pamela's foresight the club tent appeared, which is a much better option for a rainy day, compared to the little awning at the end of the caravan which is all we usually have. Between the Gregorys, Pam, Geoff, Chris and I everything was ready on time and then, as has become the norm, it was a steady stream of orienteers starting and finishing for the next five hours.

Although some times were scarily long (especially on the Yellow) winning times were generally about right, although a little on the long side perhaps due to the boggy conditions. Apologies for those who were zapped (we were told the electric fences were off) but at least there were no reports of people being shot at (being the second day of duck shooting), Everyone got wet and muddy and some red runners even admitted enjoying the waterfall. Especially good runs from winners Andy Klapp on Red Long (who is this guy?), Duncan Morrison (Red Medium), Rory Turner (way out front in Red Short), Hannah Harty (Yellow) and Thomas Richardson (White).

The biggest thanks goes to Chris Howell who as vetter did much, much more than required and took the load off me so I could complete the magazine. Also a big thank you to the Gregory family for being there all day, manning the caravan through to collecting controls. To Pam and Geoff who are always around to help, especially Pamela who helped with map corrections and then sat with me at the finish for four hours then went out with Sean to collect controls. To Rob (checking clipcards and collecting controls), Colin Jones (checking clipcards), Cara (posting results and collecting controls), the Howell girls (collecting controls) and all the others who I didn't know about (having my back turned to the masses for most of the day). A great club effort once again.

Faye

The Event

If I had any doubts as to why the club won the "Club of the Year" at the sports awards, I can now clearly see why! I have managed to avoid getting too involved in the organization of a "major" event for the club, but I was so impressed with the number of people (and their skills) who just step up and make it all look so easy. To be honest I don't think I realized how big this event had become when I discovered that the original setter was unavailable and I offered to set the courses.

I live in Napier, so the close proximity of the map was great for someone from a 1-car family as I was able to cycle to the map for all the planning. My planning started with a visit to Bob Pocknall who just happens to be Forest Manager for all the forest on the map. It became pretty obvious that the barn was the most suitable location for the event center so I began to plan some courses around this. I enjoy course planning (more than I enjoy putting all the controls out!). I liken it to a big puzzle where you have to fit all the pieces together to get the answer. The funny thing is that there is no right answer to the puzzle and you only really know if you got a good answer after 200+ people have tested it – (by which time it is too late to change it!).

This event gave me a number of challenges

- The map is very steep.
- I had to set 3 white courses and 2 yellow courses.
- There were going to be a lot of inexperienced Orienteers.
- I wanted to create some spectator interest.

From the results and the feedback I got at (and after) the event, I think the courses worked out about right. I managed to keep the climb right down on the Yellow and White courses and I was really pleased to see that there were hardly any DNF's on these courses. Course 8 which was for the Year 7/8 (Intermediate school age) had the biggest number of runners. A few got into trouble between controls 4-6 where the fence they were supposed to follow had a steep downhill, then uphill then downhill again. To make matters worse the fence vanished under blackberry at one point. Fortunately our spotter Wayne rescued a few kids, but some did get into trouble and in hindsight there probably should have been another control here.

Although I was reasonably happy with the red courses, I was aware that the climb was a bit brutal. I actually did adjust the courses to try and lower it a bit. In the end I thought that a 40 minute winning time was probably a bit optimistic. However these kids keep amazing me with their performances and it was a championship race so I let them have it. Obviously my hunch was proved right with the winning times being 48-49 minutes. An unfortunate impact was that there was no real Red Short course for club members and the club times for Courses 1 & 2 were pretty long.

On a more positive note, I was most happy with the Orange courses 3 & 4 as I think they had some good route choice legs and some interesting control sites. Hopefully the competitors thought so also.

I think the spectator area worked out quite well and it was neat to see so many people watching, as our sport is usually so spectator "unfriendly".

A big thanks to my international controller Ken Holst whose attention to detail was impressive and made me realize what a poor event controller I have been in the past. I have even forgiven the bugger for making me run half way across the map 5 minutes before the first start to move a control 2 meters! Ken had only recently controlled an OY so it was good of him to step up to help again.

Also a big thanks to Dave Fisher who made all the map corrections and assisted me getting all the pre-printed maps done. He even went over to Hastings to pick up the maps. He did a good job of ensuring that my over zealous map corrections were a bit more realistic!

Thanks to Lesley Sceats who was the overall co-ordinator of the event. It is a huge job to co-ordinate all those entries and all the logistics that happen behind the scenes. The fact that I didn't have to worry about anything except courses and maps was evidence of a good event co-ordinator.

I think she gets thanked after every event we have, but once again thanks to Pam Morrison, who not only organized and operated the Sport Ident system but also keep an eye on the whole event. Pam is a bit like a good CEO, she stays in the background, but through a few timely phone calls and emails she ensures it all runs like clockwork.

Finally, thanks to all those (and there were many) who helped in some capacity on or before the event. I won't list them all here as Hamish has already thanked them in the results email. I was very impressed with the number of people who willingly offered to help and made the event run smoothly.

We certainly got enormous publicity after the event with a front-page heart warming story about Orienteering (featuring Morgan Spencer and Xavier Hapi). We also had other nice photos in the paper, including Deborah watching Stewart dancing, so I am sure the school champs will only get bigger and better next year.

The Races:

Senior Boys Championship: Scott MacDonald (Karamu) won his second consecutive Senior title from Jack Vincent (HVHS) and Duncan Morrison (NBHS). Duncan had the lead at the 3rd control and was within 9 seconds of Scott (with Jack a further 29 seconds back) at control 7. But from this point the race was all Scott's as he won nearly every leg to win by 2 minutes.

Senior Girls Championship: Rachel Goodwin (Iona) and Emma Watson (CHB) swapped the lead for the first part of their course with Emma leading by 37 seconds at control 5. Thereafter Rachel dominated the race to win by over 4 minutes from Emma with Chloe Gregory (HNHS) taking 3rd place.

Intermediate Boys Championship: Aari Barrett (Hastings Boys) totally dominated this race leading from start to finish. He had opened up a big lead by the second control and although he had no fastest splits from then on, his consistency gave him a 1:23 minute win over Rory Hart (Karamu). A mere 6 seconds further back was Nick Holder (HNHS) who had been passed by Rory at the second to last control. A very tight finish saw Hamish Patrick (HNHS) and Jamie Brigham-Watson (NBHS) both within 32 seconds of 2nd place.

Intermediate Girls Championship: This race was pretty much won on the long leg to control 2 when Jaime Goodwin (Iona) had opened up a lead of 1:23 from Kate Morrison (NGHS). Jaime eventually won by 2:18 from Kate with Lydia Parker (HNHS) taking 3rd.

Junior Boys Championship: Chris McDonald (Karamu) took the early lead by over 1 minute at control 4 in this race. However a big error at control 5 ended his chances and Brett Sceats (Lindisfarne) took the lead and held it until the finish to win comfortably from James Tinker (NBH) with Luis Slyfield (HNHS) taking 3rd place.

Junior Girls Championship: Hannah Harty (Iona) led this race from start to finish after having a flying start to the first control. She eventually won by 2:13 from Olivia Gregory (HNHS) and Pip Beachen (NGH).

SMEDLEY, CLUB CHAMPS & FRANK SMITH TROPHY

Great, timing couldn't be better, an event to set, and at a time when I'm not too busy at work and hopefully the weather has not got too bad by then. But of course then I go and complicate it by changing jobs and deciding to move to Tauranga

As a map I love Smedley but after setting this event I realize how difficult it can be to set courses on, those gullies and gorges really make it tricky to get the right climb, distance and difficulty required for a good course. I played around with several start positions that wouldn't work and finally settled on one but then Alan and I went for a look and realized that if it was wet we wouldn't get the cars there. No problem we'll just walk them to the start, it'll only be one kilometer or less.

But alas no! Do you think I could get the courses to fit using that start point, so back it came to where it was on the day, which had the effect of making the white course a bit more boring than I like to make them, and it did mean that some of the route choices would take runners back through the finish or near to it. On Red Long Geoff was the one who took what I thought was the best route through the finish and maybe that was what made the difference, enabling him to beat Derek by six & a half minutes. Forget the route Hamish took, hills are to him what flat running is to the rest of us. (well me)

Fortunately I had the pleasure of Alan as my Vetter who likes to be super organized, which, as he states really takes the pressure off as you get close to the event. It also meant that I got to put controls out a week early and in doing it this way meant I could just pick up a bunch of controls and put them in their spots and record the number.

So the day dawned fine and despite our (I mean Alan's) super organization it still seemed we were rushing to get ready by 10:30. Especially as some of the Wellington crowd arrived before we did, (no, we weren't late).

However we started on time and it was great to see the school challenge go off with such enthusiasm. The rest of the day went by in a bit of a flash but there did not seem to be too many moans, well at least not to me. The times seemed to work out pretty close on most courses.

Thanks must go to the Wellington mob who arrived early and proceeded to erect the toilets for us. Special mention must be made of Hayley Tristram and her mum, Sharon, who were down as assistants for the day and were there by 9:00am, manned the caravan all day then went out and collected controls, in fact Hayley collected two lots. Your efforts were greatly appreciated. Thank you to the others who collected controls; Norris Cox, Paul Steeds, Stuart Hyslop, Jenny Russell and Colin Jones. Apologies to Colin for my confusing him by collecting some of his controls. Thanks also to those who helped Alan at the finish. I know of Jenny, Max and Pam but thanks to anyone I've missed.

Anyway I hope you all enjoyed your day. Smedley is a great place especially on a day like we had. As most of you are aware I'm on the move to Tauranga so this is the last event I'll be setting for a while. I'll certainly miss the HB Orienteering Club but hopefully I'll be back for some OY's, can't let Chris get too complacent. It's been a most enjoyable club to be part of but hopefully we can catch up at various events around the country.

Cheers

Terry

The Frank Smith/Hawke's Bay Champs also included a Junior Challenge, initiated by Malcolm Ingham. Geoff and Chris Howell picked the Hawke's Bay teams and the results, at the bottom of the page, were the best two results from each three man/women team.

Hawke's Bay

Senior Boys: Scott McDonald (Karamu), Duncan Morrison (Napier Boys'), Jack Vincent (Havelock North)

Senior Girls: Rachel Goodwin (Iona), Chloe Gregory (Havelock North), Emma Watson (Central HB)

Intermediate Boys: Aari Barrett (Hastings Boys'), Sam Eames (Lindisfarne), Rory Hart (Karamu)

Intermediate Girls: Jaime Goodwin (Iona), Kate Morrison (Napier Girls'), Lydia Parker (Havelock North)

Wellington

Senior Boys: Andrew Glover (HTIB), Thomas Robinson (HTIB), Jamie Young-Drew (NEWL)

Senior Girls: Kate Rea (CHIL), Kirsty Turner (SAMU), Jess Young (CHIL)

Intermediate Boys: Michael Baughen (NEWL), Jareth Lau (NEWL), Cameron Paintin (WLCO)

Intermediate Girls: Claire Dinsdale (SAMU), Laura Robertson (CHIL), Nicole van Oosterom (CHIL)

Results

Senior Boys

Hawkes Bay	125.11
Wellington	188.34

Senior Girls

Wellington	101.49
Hawkes Bay	104.14

Intermediate Boys

Hawkes Bay	69.20
Wellington	83.10
Manawatu/Wanganui	110.14

Intermediate Girls

Hawkes Bay	62.02
Wellington	63.47

FINAL RESULT:

Hawkes Bay	3
Wellington	1

2006 HB School Relays

WHIRINAKI HAWKES BAY SCHOOL RELAYS

25th June 06

SETTER: JENNY RUSSELL

VETTER: PAM MORRISON

The Hawkes Bay School Relays was to be the first event that I would set. It was a scary thought but very exciting. Originally I was to set at Rochfort, but this was later changed to Whirinaki. While I was down in Palmy graduating, Pam, Geoff and Sean went and did the map changes. So thank you to you guys, it made Pam and my job a lot easier to set the courses.

I jotted a few ideas down on the map and then headed round to Pam's to put them on the computer programme Condes, which is a great programme to use. Pam and I then went and checked that what we had on paper matched what was on the terrain.

As it was the School Relays we only needed to set to orange level (thank-goodness). This also meant there were only 35 controls in total to put out, making the job not so time consuming. Thank-you to those who helped set up on Saturday afternoon, it was a big help to us.

Well Sunday 25th June arrived very fast. It was a very early start (5:30am wake up to be precise) as I had to be at Pam's to then go put the base stations out into the controls by 8am. All that ran smoothly, in fact the morning ran smoothly with only a minor glitch of the splits not printing but that wasn't anything too major.

Everyone seemed to enjoy the courses, I hope. Only a few seemed to get lost but a majority finished. It was funny watching the starts; the mass start of the primary girls where they were shaking in their shoes, the white runners running in all the same direction before realising that they had a split on the first control, and a lot of the younger orienteers orientating their map and themselves north and then turning their heads in the direction they were supposed to be going.

Now is the time for all the thank-you's, very sorry if I miss anyone out. First thank-you to Pam. I have learnt so much from you about setting an event and such a big one too. A thank-you must be given to Pam also for all the computer work done in the tent on the day. Next is a big thank-you to Lesley Sceats: without her the relays would not have run smoothly. She put a huge effort into the event and it showed. Thank-you to all those who helped on Saturday and Sunday in anyway, there were so many of you that the list goes on and on. Thank you to all my control collectors on Sunday, and for those who cleaned up after the event.

I enjoyed setting this event and I look forward to setting my next event whenever that may be.

Thanks

Jenny ☺

.....and 10 years on.

Many members will not realise that 2006 marked the 10th running of the HB Schools Championships. It all started back on June 22, 1997 when 10 starters lined up at Pukeora Hill to take part in the inaugural event. There were 2 grades in the secondary school competition, senior & junior, with some close racing and controversy despite the small numbers. The event report in the August 1997 magazine concluded, ".....the day was very successful. From here we can hopefully build. Perhaps next year we can make it an all schools championship".

Move forward to 2006 and another successful school orienteering season is almost over. This season has been particularly successful, with entries exceeding 200 (221 actually) for the first time for the individual event at the Mission, followed by excellent entries (192) at Whirinaki for the relays.

These events are fantastic development opportunities for the club in a number of ways. Not only do we expose a number of new people to the sport, but the events also provide opportunities for club members to gain skills by being involved in the organisation of a large event.

Thanks to all the club members who contributed to the successful running of the events this year. A special thanks to Lesley Sceats who took on the role as co-ordinator for both events.

Thanks also to the many members who work hard to co-ordinate teams for these events. I hope all your competitors enjoyed their orienteering experiences and will be keen to try the sport again. I'm sure many, including coaches, will have learnt a lot.

Pamela Morrison

**HAWKE'S BAY ORIENTEERING CLUB
2006 "ORIENTEER OF THE YEAR" SERIES**

Points in the 2006 "Orienteer of the Year" series.

Six events are classified as "OY" events during the year. The winner of each course (men & women) each receive 25 points and points are allocated to other competitors based on times compared with the winner.
