President's Report 2008

Hi everyone. The last year has been yet another highly successful year for the HB Orienteering Club. Membership has reached a new record and it's now normal to see over a hundred people at each event. Geoff and his team of student recruiters are doing a great job of getting orienteering into most of HB's schools. Every year a few more kids are exposed to orienteering and we pick up a few new members and their families. And with this exposure slowly the image of orienteering is changing. Some people are actually starting to realise orienteering is a sport and that we don't all walk around wearing socks and sandals and knotted hankchiefs!

There are a few highlights from this year. The Kaweka Challenge, our major fundraiser for the year, was once again a great success. Thank you to all those members who took time out to help in the smooth running of the event. I'd especially like to mention and thank on behalf of the club, committee members Doug, Norris, Tim, Louise, Allan, Sharon and Deborah who make it all happen. Well done guys! Nationals. We won. We have finally moved from a club of talented juniors (and a few old has beens) to an all round top team. We brought home 3 elite titles (thanks to Amber, Penny and Ross), both relay titles and a number of age group titles. Following on from this Amber, Ross, Jack and Kate were all selected for either senior or junior world champs teams.

The School season. Record numbers attended our school champs once again (over 200 at each) – well done all those people who got kids to these two events. HB schools were also well represented at the NISS Champs in New Plymouth, NZSS Champs in Christchurch and the Inter Regional competition put on by the Wellington OC. As usual we took out a number of individual titles, relay titles and premier school trophies. All this led to 7 of our juniors being selected for the NZSS team.

The Club Champs. Not really a highlight. The top 4 places in both the Men's and women's open grades were taken by juniors. Bugger.

The Deco double. A great event was put on by the club at Labour weekend. Even with the trying weather. Thanks to Pamela and her team who put HB's name up there as a top place to come orienteering . Our new caravan. Wow. It's been a long time coming but hopefully it's worth it. Well done to Jo, Alan, David and Murray who made it all happen.

Now my personal thanks.

I've had a great committee to work with. Kirsten as Secretary . Mark as Treasurer. Geoff as Club Captain and Junior camp organiser. Lesley on fixtures and schools co ordinator. Paul on mapping, Murray on equipment and Jack as our Junior rep. They have all done top jobs. Off committee great contributions have come from Chris (landowner liaison), Steve (magazine), David (website), Stewart (control collection) and Alan (auditor).

I must also mention the mapping committee who meet to discuss our future mapping projects. Thanks to them we have brought in at least 4 new or updated maps over the last year – The Slump, Arataki/ Hereworth, Havelock Village and Taheke.

Well that's it from me. It's been a great experience for me to serve as President – not a job I wanted but I 'm really glad I did it. Merry Xmas and Happy New Year.

Hamish

David Fisher made life member of the club

After over 20 years in the club, David was awarded a life membership at the recent club AGM. His service to the club in that time has been immense, and he has quietly contributed to its well-being in many capacities.

He joined the club in November 1986 and his list of contributions to the committee and event organisation over the next few years is huge:

1988 Editor "Compass Points"
1988 Organiser – 'Easter 3-day'
1989 President
1990 – 1996 Secretary
1990 – 1991 Secretary Kaweka Challenge Committee
1992 – 1995 Co-ordinator of Smedley Long O events organised by Ted Sapsford
1994 APOC organising committee and APOC setter with Brian Crawford at The Slump
1994 Assisted Brian Crawford with NZOF Course Setting Competition
2000 Kaweka Challenge Committee

David's computer programming expertise has resulted in a major contribution to the club as the sport became more 'electronic'. In 1995 he was the driving force behind the club purchasing OCAD and undoubtedly many hours would have been spent experimenting and figuring out how it all worked. The result of this experimentation was the "Mini-Smedley" map that materialised for a Xmas event. Faced with redundancy the following year, the huge Tangoio mapping project filled a number of hours for both him and Brian Crawford and the result was the club's first OCAD map.

Once maps started to be converted to electronic files, the whole issue of file management

Club President Hamish Goodwin congratulates David Fisher on being awarded HBOC Life Membership

and security for this significant club asset has never occurred to most committee members or club members, simply because behind the scenes David has quietly and efficiently backed-up and organised the files.

His file organisation hasn't stopped at map files though, as besides numerous boxes of paper documents that are stored somewhere in his house, he has also documented and saved numerous files relating to the history of the club. This impressive archive collection can be found on the club website.

His organisation of club assets hasn't stopped at electronic files and paper documents though, as his garage has also become the primary storage space for all the surplus club equipment. As well if any maintenance is needed, it will miraculously happen. If anyone has

ever needed extra controls or flags for an event, after a phone-call, they'll always be found on David's lawn or back-door step counted out and ready to go.

More recently, with some spare hours following another redundancy, he has been one of the key members behind the design and building of the new caravan. As usual, instructions on towage and storage of equipment miraculously appeared. As well in the last year, the club website got an overhaul and a superb on-line entry system was created for the Deco Double event at Labour weekend.

When you get your map at the next event or check out something on the club website, there's a very good chance that David Fisher has had something to do with it — very quietly, it all just happens miraculously.

Experience Whirinaki — 26,27,28 January

Want to get into or go hard at Adventure Racing? This is an amazing opportunity to visit the majestic forests of the Whirinaki Forest Park, learn navigation skills from some of the best navigators in the country, practise rope skills (logisitics permitting) and take on a scenic and challenging races at expert, intermediate and beginner levels. And all for the price of diddly squat, or perhaps a donation to a local charity.

All races include the disciplines of trekking, mountain biking and tubing, and in a new announcement will be able to be completed unsupported! Flexible team sizes, 3+ of whatever gender make-up encourage participation. The weekend will also include a focus on the local area, including conservation initiatives being undertaken, and plenty of time for independent exploration of a fascinating and amazing area.

The event is being run for free by Jamie Stewart, Brent Edwards and friends to raise the profile of AR in NZ. For more information visit www.madeventz.co.nz/kiwisummer

The Boohai: Adventure Rogaine Weekend 1 and 2 March

The latest innovative event from MADEventz. The Boohai: Adventure Rogaine Weekend is a 2 day rogaine: 8 hours on the Saturday, five hours on the Sunday, which will each year be held at a random, isolated North Island location. For the inaugural event we are heading to the East Coast north of Gisborne and the peaceful haven of Anaura Bay. Course design and maps will be of the highest standard, with the other focus being on creating a great social atmosphere at the overnight campsite.

This is a one off opportunity to explore this great part of the country. For more information check out www.madeventz.co.nz/boohai

19th Kaweka Challenge

23 - 24 February 2008

The Highest
Endurance Race
in New Zealand

Entry form on the next two pages
Full information on the event website:
www.kawekachallenge.org.nz

COURSE 1: SOLO CLASSIC ONE DAY (Saturday 23rd February 2008)

Category: Super fit
Minimum age 18 years
Length, approximately 41 km
Climb, approximately 3200 m

Climb 750 m to Kuripapango Hill. Follow the ridges to Kiwi Saddle and Kaiarahi to Kaweka J (1724 m), the highest point in Hawke's Bay. Down Makahu Trials Spur and return via the Matauria Ridge, Mackintosh Plateau and Lakes car park to finish at the Event Centre.

COURSE 2: MAKAHU TWO DAY SOLO / PAIR (Saturday 23rd / Sunday 24th February 2008)

Category: Extra fit
Minimum age 16 years
Length, approximately 41 km
Climb, approximately 3200 m

Saturday: Climb 750 m to Kuripapango Hill. Follow the ridges to Kiwi Saddle and Kaiarahi to Kaweka J (1724 m), the highest point in Hawke's Bay. Down Makahu Trials Spur to overnight campsite at Makahu Saddle.

Sunday: Return via the Matauria Ridge, Mackintosh Plateau and Lakes car park to finish at the Event Centre.

COURSE 3: PEARL IZUMI ONE DAY SOLO (Saturday 23rd February 2008)

Category: Extra fit
Minimum age 16 years
Length, approximately 28 km
Climb, approximately 2270 m

Climb 750 m to Kuripapango Hill. Follow the ridges via Kiwi Saddle and Kaiarahi (1500 m) to Mackintosh Spur. Down Mackintosh Spur and south along the Kaweka track. Return via Lakes car park to finish at the Event Centre.

COURSE 4: MARMOT TWO DAY SOLO / PAIR (Saturday 23rd / Sunday 24th February 2008)

Category: Fit
Minimum age 16 years
Length, approximately 30 km
Climb, approximately 2330 m

Saturday: Climb 750 m to Kuripapango Hill. Follow the ridges via Kiwi Saddle and Kaiarahi (1500m) to Mackintosh Spur. Down Mackintosh Spur to overnight camp site beside Mackintosh Hut.

Sunday: Return via Lakes car park to finish at the Event Centre. This course is able to be tramped within the time limits set.

COURSE 5: THE KAWEKA FOOD COMPANY ONE DAY SOLO / SCHOOL PAIR (Sunday 24th February 2008)

Category: Fit
Minimum age 14 years (Guardian consent required for under 16 year olds.)
Length, approximately 13 km
Climb, approximately 950 m

Climb 750m to Kuripapango Hill (1250 m). Descend to the Lakes car park and return around the base of Kuripapango Hill to finish at the Event Centre.

COURSE 6: THE HUB DUATHLON (RUN / CYCLE / RUN) ONE DAY, SOLO / TEAM (Sunday 24th February 2008)

Category: Fit
Minimum age 14 years (Guardian consent required for under 16 year olds.)
Length, total approximately 29 km
Climb, approximately 1050 m

Climb 750m to Kuripapango Hill (1250 m), then descend to the Lakes car park. Course continues with a 16 km mountain bike ride over forestry roads and tracks returning to the Lakes car park. The last section is a run around the base of Kuripapango Hill to finish at the Event Centre.

13	M10, M12B, W10, W12B	2-3km	White

Middle Distance: Courses based on 30 minute winning time

Long Distance: Course 1 based on 90 minute winning time

Relays

Mixed Long			
Leg	Restrictions	Win Time	Difficulty
1	Open	30 mins	Orange
2	No E classes, No M18A - 50A	30 mins	Orange
3	No M21E, No M20A - 35A	30 mins	Orange
Mixed Short			
Leg	Restrictions	Win Time	Difficulty
1	No E classes, No M16A - 55A	25 mins	Orange
2	No M14 or above, No W14 or above, all C classes	15 mins	White
3	No E classes, No M16A - 60A, No W16A - 50A	20 mins	Yellow

Relay Rules: Leg eligibility will be determined by your age class. Legs will be run in the order shown. There must be at least one women orienteer in each team to be official. Competitors may only run officially for the club through which they affiliated to NZOF in 2008 (2007?). Small clubs with about 30 members may combine with another club from the same region to form a composite team. The combined team will be an official entry in the NZ Relay. Competitors must send in their individual entries on the entry form. All club secretaries will be notified approximately 2 weeks before the event advising them of club members that have entered. Club secretaries must then notify the organiser of the exact no of teams in either mixed long or mixed short one week prior to event. Names of team members must also be supplied at this time, although the organiser will accept some changes and final teams composition must be supplied to the organisers by 4pm on the day prior to the Relay. Changes after this will be at the organisers discretion.

SportIdent: Electronic punching will be used for all events. If you own a SportIdent e-card, please ensure that you enter its number on the entry form. E-cards will be available for purchase (\$50) or hire (\$3 per day) at the event. Please state your requirements on the entry form. E-cards are not transferable to another person during the championship. Replacement cost for lost hired E-cards is \$50.

Start time requests: Classes are block started. If you have a special start time request, because of child care requirements, please tell us on the entry form.

Programme and results: Printed copies of the programme and results will be available at \$8 a set. Alternatively, these will be available for download from our website. Programme (event information and start lists) will be available around 10 March 08.

T – shirts: T shirts will be available with the event logo - see the website (www.nzoc08.com) for details. Please enter type / sizes/ numbers needed on the entry form.

Social Function: A dinner and prize giving is being planned for the Sunday night. Pricing is yet to be determined but please indicate on the entry form if you wish to attend the Dinner. The prize giving may be attended whether you attend the dinner or not.

Age Classes: Your class is determined by your age as at 31st Dec 2008.

Competitors aged 20 or younger are entitled to compete in older classes up to and including 21. Competitors aged 21 or older are entitled to compete in younger class down to and including 21.

A junior is anyone eligible to compete in M20 / W20 or younger classes.

A family is up to two seniors living at the same address and any number of juniors that look to at least one of the seniors as a parent.

An overseas orienteer: must have 3 months continuous residency before the first day of competition and be an affiliated member of the NZOF to be eligible to run officially in the NZ Championships

NZOF affiliation: Competitors not belonging to a NZ O club or an IOF affiliated member organisation must pay an extra one event participation levy of \$8 per senior, \$4 per junior, \$16 per family, for each day of competition.

Closing Dates for Entries

Early bird Entries: 21st January 2008

Closing Date for all entries: 1st March 2008. Entries must be received with payment on or before this date.

Late Entries: may be possible up to 14th March. Absolutely no entries after this date.

Entry Fees

Early	Sprint	Long	Middle	Relays	All
Senior	13.50	27.00	27.00	18.00	81.00
Junior	9.00	13.50	13.50	9.00	40.50
Family	36.00	67.50	67.50	45.00	202.50

Entry	Sprint	Long	Middle	Relays	All
Senior	15.00	30.00	30.00	20.00	90.00
Junior	10.00	15.00	15.00	10.00	45.00
Family	40.00	75.00	75.00	50.00	225.00

Expressions of interest New Zealand Orienteering Championships Easter 2008 — Wairarapa

Looking for a ride?

Two years ago, the club organised a van to this event in Nelson/Marlborough and it was very successful.

This year we are going to do the same, so if you are looking for a ride, a place to stay and good social enjoyment, then let me know. Last year our ages ranged from 70 to 8, including 5 teenagers, and every one of them was great company.

Costs for the group will be van-hireage, accommodation, fuel for the group, while individually we will pay our own food and entry. We expect the individual cost within the group will be somewhere between \$100 and \$140 for the trip.

Please let me know if you are interested.

Geoff

NZOF NEWS – November 2007

DEVELOPMENT FUNDING

The NZOF Council recently approved a development grant of \$550 plus GST to **Counties Manukau OC** for the promotion of a new summer series.

Clubs are reminded that “NZOF Development Project Funding Guidelines” are on the NZOF website. Projects referred to in the guidelines include: newer forms of orienteering, permanent courses, orienteering in schools, promotional resources (including web-based resources) and stronger clubs mentoring neighbouring clubs. The primary aim in each case is to increase participation in the sport with a flow-on effect for the recruitment and retention of club members.

WINS AND LOSSES

Congratulations to the NZ Schools Team for their comprehensive victory over the Australian Schools team during the Oceania Championships. Unfortunately, at the same carnival, the NZ Pinestars went down to the Australian Bushrangers and NZ lost the Alan Brown Memorial Trophy in the (all-classes) ANZ Challenge. Thank you to the respective team managers: Derek Morrison and Anna Roberstson (Schools), Jamie Stewart (Pinestars) and Paul Dalton (ANZ Challenge).

However, in the ANZ MTBO Challenge, held as part of the Australian MTBO Championships, NZ proved victorious. Furthermore, their win in Australian terrain is something that has never been accomplished in the foot-O challenge. Well done to Di Michels and her team.

ENDORSED ATHLETES POLICY

With the NZOF now targeting every World Championships (WOC), NZOF will provide extra financial support for the athletes considered likely to qualify for an A-final. These athletes to be referred to as endorsed athletes.

The aims are:

- 1) to encourage the very best athletes to compete at WOC every year;
- 2) to maintain NZ's results at their best level and thereby motivate others; and
- 3) to specify that our result goals are to have athletes qualifying for finals (and doing well in the final).

Accordingly, the following criteria for athlete endorsement in any given year will be:

1. Qualification for an A-final at the previous year's WOC. or
2. Achieving a World Ranking points score above the qualifying standard at one or more of the WOC trial events. This qualifying standard is effectively a World Ranking points score that would have ensured A-final qualification for the same discipline (sprint, middle or long) at the previous year's WOC. or
3. Having two or more live (within the year prior to the first day of the trials) World Ranking points scores above the qualifying standard.

A non-endorsed athlete who reaches an A-final at WOC will be retrospectively endorsed to the level of the other endorsed athletes, within the high performance budget, the total amount for endorsed athletes being capped in advance for that year. This is the only way for an athlete to gain endorsement after team selection has taken place.

This year the following athletes have been endorsed: Tania Robinson (CM), Chris Forne (PP) and

Ross Morrison (HB). They share an amount of \$1,500 to subsidise expenses occurred in participating in the recent WOC in Ukraine.

MAPPING WORKSHOP

An NZOF Mapping Workshop will be held, as part of the Waitangi Summer Carnival, on Friday 8th February in Auckland. For further details contact the Technical Director, Graham Teahan: phone (06) 329 3938 or email gteahan@xtra.co.nz.

A STRATEGY FOR YOUTH

The NZOF Council has prepared a Youth Strategy. After having it reviewed by some of our leading junior competitors, the draft strategy is now on the NZOF website for comment by the general membership.

The strategy focuses on three broad goals:

- Participation by youth.
- Retention of youth.
- Involvement of youth in management.

To achieve the strategic goals proposed requires the strategy to be a partnership between the national federation and its affiliated clubs.

2008 NZOF AGM

The Annual General Meeting of the NZOF will be held in Wellington on the weekend of 12-13 April. Clubs are therefore reminded that remits for the AGM must be with the General Manager for circulation no later than Friday 19 January.

The AGM will be held in conjunction with a Strategic Planning Seminar, which will aim to outline the priorities for the renewal of the national strategic plan through to 2012. Participation at the Seminar (and therefore the AGM) will be funded by the NZOF.

VACANCY : MARKETING AND PROMOTION OFFICER

This is a new contract position, incorporating the previous volunteer roles of Media Officer, Ampro Liaison Officer and the marketing-promotion role of the Editor of *New Zealand Orienteering*. As such the primary role is to foster and promote orienteering through the various forms of media and through sponsorship agreements.

The position will commence 1 January. A job description is available from the General Manager. Applications close 15 December.

VACANCY : COACHING DIRECTOR

The NZOF has a vacancy, from 1 January 2008, for the national position of Coaching Director. This is a part-time, paid contract position.

The primary role of the Coaching Director is to identify the needs and priorities of orienteering coaching within New Zealand. This is translated into a network of coaches at various levels, with support (personal and materials) depending on funds available.

Applicants should have strong administrative and interpersonal skills as well as coaching experience and senior NZOF coaching qualifications (or equivalent).

A job description is available from the General Manager. Applications close 15 December.

VACANCY : WOC 2008 MANAGER

The national volunteer position of Manager for the Silva NZ team to compete at the 2008 World Champs, 10-20 July, in Czech Republic, remains open.

A job description is available from the General Manager.

New club shirts can be ordered

HB Club Orienteering Shirts are here . . . FINALLY! Well almost. Please, if you would like to order one of our new shirts they will sell for \$55 each if we order over 50, or otherwise \$59.50 each if we order 20. So if you're keen and would like one for National Champs, the orders need to be in by about the 4th Feb. Unfortunately I am away now camping for two weeks, and the shirts will not be ready for sizing until next Tuesday the 22nd January. Val and Amber Morrison have kindly offered to help out so you can phone them first on 8778261 to check if someone is home and then visit them at home 24 Tauroa Rd Havelock North to try for your size. The shirts will be in men's fitting Small, Med, Large and a woman's fitting Small, Med, Large and a unisex fit of extra small. You need to preorder your correct size. Val and/or Amber will also be available on the first summer series event on the 30th Jan at Hereworth. This will be your last chance to order if you want to get them for NZ Nationals at Easter and to lower the price to try and get 50. The trial shirts do not have the logo on them at this stage but there is a sample one for you to see. Any questions you can phone Val at home.

Good Luck, Jo Eames

JWOC 2008 Interim Squad

The Interim Squad for JWOC 2008 is:

WOMEN:

Claire Dinsdale	Wellington OC
Rachel Goodwin	Hawkes Bay OC
Lizzie Ingham	Wellington OC
Greta Knarston	Counties Manukau OC
Kate Morrison	Hawkes Bay OC
Nicola Peat	Counties Manukau OC
Kate Rea	Counties Manukau OC
Laura Robertson	Orienteering Hutt Valley
Angela Simpson	Rotorua OC
Georgia Whitla	Peninsula & Plains Orienteers

MEN:

Simon Jager	Auckland OC
Scott McDonald	Hawkes Bay OC
Ciaran Murphy	Counties Manukau OC
Andrew Peat	Counties Manukau OC
Thomas Reynolds	North West OC
Jack Vincent	Hawkes Bay OC

A trial will be held during the Waitangi Summer Carnival, 2-10 February 2008, for team selection. The trial events are as follows: 4/2/08 Sprint, Waikato University; 6/2/08 CD Long Champs, Aramiro; 9/2/08 Middle Distance, Woodhill

Triallists should compete in M/W20E in all the trial events. The final JWOC team will be selected by 28 February.

NZ Pinestars Team Waitangi 2008

NZ PINESTARS TEAM to compete against the Australian Bushrangers in a Test Match Series at the Waitangi Summer Carnival, 2-10 February 2008

Women

Lizzie Ingham	Wellington OC
Greta Knarston	Counties Manukau OC
Lise Moen	Counties Manukau OC
Lara Prince	Peninsula & Plains Orienteers
Kate Rea	Counties Manukau OC
Rachel Smith	Hawkes Bay OC
Reserve: Penny Kane	Hawkes Bay OC
Reserves:	Karl Dravitzki for test matches on 4/2, 9/2 and 10/2. Thomas Reynolds (North West OC) for test match on 6/2.

Men

Darren Ashmore	Taupo OC
James Bradshaw	Counties Manukau OC
Karl Dravitzki*	Orienteering Taranaki
Chris Forne	Peninsula & Plains
Neil Kerrison#	Orienteering Taranaki
Ross Morrison	Hawkes Bay OC
Jamie Stewart	Hawkes Bay OC

Manager: To be advised

Jeff Greenwood, Convenor, NZOF Selection Panel

Hamish Goodwin	8	6	10	8	-	10	10	52
Ross Morrison	10	10	-	-	10	10	10	50

The Clipper Cup was a close competition this year, with a number of contenders falling by the way as the year progressed. Congratulations to Duncan Morrison, who remained the most consistent performer for the year, although a number of challengers did come close.

Scott McDonald started his scoring badly with only an iron credit in the M20A class at the NZ Champs. Despite perfect scores for the rest of the year, he was unable to make up his early 4-point deficit.

Penny Kane also produced perfect scores, apart from a costly DNF in the Auckland Long distance race.

Going into the last race of the season, Jamie Stewart was on equal points with Duncan, but a missed control at Whanawhana meant his name wasn't to appear on the trophy.

The 'Clipper Cup' History

This trophy is awarded each year to encourage members to take part in competitive 'badge' level events around the country.

The NZOF awards badge credits – gold, silver, bronze and iron, according to performance. Go to <http://www.orienteingresults.com/O/nzof/default.asp> to check out what badge credits you've earned at events you've competed at. You can also apply for physical 'badges' if you wish.

For the Clipper Cup, points are awarded as follows:

Badge credit	Points
Gold	10
Silver	8
Bronze	6
Iron	4
DNF	2

Coaching Corner

Handrails

Major features of the map left after skimming away the details can also be used as handrails to lead you ahead without the need of a compass — much as a rope guideline leads you up a gang plank or a railing on a balcony. Naturally manmade objects like roads, tracks and fences are excellent handrails but topographical features can also work well for the advanced orienteer. Ridges and valleys can be utilised to lead you towards your attack point, as well as hydrographic features, e.g., streams, lakes and swamps. The idea behind handrails, is to permit you to run at maximum speed with little time spent on map and compass, learning to identify the good natural handrails takes time, but it is worth it.

Geoff

We need you!

Hawke's Bay is hosting the North Island Schools' Champs on 2 and 3 May 2008. Geoff is setting courses for both days on the Tangoio map with Rolf doing the job of vetter.

A list of all the other jobs is available. What is needed is someone to take the role of co-ordinator. This involves seeing that all these jobs are allocated.

If this sounds like you , then please contact Lesley Sceats:

l.sceats@xtra.co.nz

Phone 879 7674

Map cards for sale

The club is offering pre-paid map cards again this year. These will be for sale at Registration at events.

The card will be valid for 5 events and will cost \$24 for individuals or \$63 for families. This gives you a saving of \$1 or \$2, respectively, over the 5 events and will help speed up the registration process at events.

To redeem the card, bring it along to your next event, present it at Registration and receive your maps in exchange - all done!

If you have trouble finding cash before an event, then the map card will solve your problem and it could even make a suitable gift for a hard to buy for person!

Eye in the sky

By the magpie

- * Medically it has been a big Christmas break for a couple of club members. Deborah Turner unfortunately had to have a lung removed in Wellington Hospital after she was found to have a tumour on one. It sounds as if the operation was successful, and apparently she is dead keen to stand on the finish line at the Kaweka Challenge greeting the finishers. I'm sure she will be doing her utmost to be standing on the start line in the first OY of the year. It might hinder her ability to chat and run at the same time but it will take more than that to suppress her. She actually joins an exclusive club within the orienteering club who overcome adversity and continue the sport successfully. The list includes hip replacements, broken necks, screwed together feet, shot knees, strokes and heart by-passes to name just a few problems. So Deborah has come up with a novel alternative.
- * The second problem came about while on a tramp at Waimarama beach. It happened to a local GP! Poor Colin Jones fell and broke his leg, so that will put him out of commission for a while. He had been given an emergency location beacon for Christmas and he was able to use it (perhaps someone was in the know). Ironically, Colin has spent some time as a call doctor on the emergency rescue helicopter, so maybe he sampled a different aspect of the service. Like Deborah, here is hoping that Colin recovers quickly and we see him orienteering soon in the near future.
- * Havelock North High were the HB regional finalists in the Get 2 Go adventure race for Y9 and 10 held on Great Barrier in December. There was a quite a significant orienteering element in the competition so the team was advantaged in having a few kids with experience spearheaded by Jaime Goodwin in the team. Consequently they were the inaugural Grand Final winners.
- * Gee those orienteering kids are great. Some head pupils have already been selected for 2008 with Iona naming Rachel Goodwin as head girl, and Sam Eames as deputy at Lindisfarne. Though Sam could never be head boy as he is a day pupil! Louis Chambers was dux at Havelock North last year (as well as being head boy) while Jack Vincent was sports dux. How come Louis didn't win it?!!
- * Andrew Bott turned a few eyebrows when he rode for New Zealand in the Australian MTB orienteering tests in Australia last year. He won twice at the NSW Champs and performed creditably against the Aussies in the test, some who are world class.
- * Speaking of MTB, Aari and Jay Barrett have been competing strongly on the downhill circuit over the summer, while Duncan Morrison ran 4.17 to run 5th in the junior boys 1500m at the NZSS athletic champs. Ross finally broke 2 minutes for 800m, while James Thompson has been carving it up surf lifesaving. Anna Fuhrer came second in the recent bloke free triathlon, while Olivia Gregory, Kate Hensman and Elise Yule were all part of the national title-winning Havelock North High girls' cricket team. Olivia was also picked to take part in the Development cricket tournament for Central Districts.
- * Forget grand slam tennis. Forget Serena, Venus, Justine, Anna, Martina or Maria. We have our own version within the club. When Sharon Mardon and Jo Eames meet on court it is showdown time. Lots of fist pumping, line call disputes, etc, these contests have it all.

Volunteer of the Month

November — Rachel Goodwin

Rachel is November's Volunteer of the Month for her work mapping Taheke. Rachel did most of the flattest part of the map which spans three properties — only the middle part was used for the recent event — while Hamish did the remainder. Hamish checked Rachel's fieldwork and she checked some of his. She learned how difficult it is to decide what to map, finding she couldn't map all the cliff clusters and ending by removing a lot of the rocks originally mapped. The starting point was a photo from the eighties and Stewart's photogrammetry which provided contours and suggested features.

Rachel is also recognised for organising a training group, at the suggestion of Jamie Stewart and Darren Ashmore, for the many juniors who are coming through in Hawke's Bay. The sessions combine running for fitness with orienteering exercises. Kate, Duncan, Sam, Sarah, Jamie, Scott, Brett, Chloe, Jaime and Jack are among those who have joined Rachel for these sessions at venues like Park Island and Te Mata Peak. "I hope to get it going more in 2008."

How long have you been involved with orienteering?

Seven years

How did you get involved with orienteering?

Dad was doing adventure races and used to get lost. He decided to take the family along to orienteering.

What do you remember about your first event?

Me and dad did a white event at Rowe Road and he took jellybeans along and bribed me. I was ten.

What courses do you usually run?

Red medium.

What do you enjoy about orienteering?

The personal challenge you can set yourself: you can make it as hard or as easy as you like. You don't have to compete against other people, you can just work on minimising your own mistakes. Meeting other people too.

If we met you during the week, what would you be doing?

At Iona College boarding. I found out in assembly on 11 December I would be Head Girl this year. I got a massive box of stuff from last year's Head Girl. I know I'll be standing in front of chapel and Leader of the Student Council. Lots of studying of course. Right now I'm working at Chris's — he's left this huge list of things to do like mowing, painting, sanding, putting up gates, moving sheep, leaf plucking, mulching, weedeating, stacking firewood, repairing irrigation lines, replacing driplines, welding up the bike carrier. And then in the afternoon . . .

Volunteer of the Month

December — Jack Vincent

Jack is December's volunteer for setting the sprint event at Deco Double, for committee work through the year and for 'Ocadding' the new Taradale map.

Although Jack has set a number of courses ('heaps' he said) including OYs on Rochfort, Gruinard and Maraetotara, Deco Double was his first A level event with élites from outside the area here for the big weekend. The event was a great success, drawing much favourable comment from the out-of-towners.

As a committee member, Jack followed Amber and Cara as juniors on the committee, taking the opportunity to comment on ideas from the point of view of what juniors would like.

The new Taradale map is 'awesome'. 'The EIT part is sprint level easily and very technical'. Three quarters through at time of writing, Jack will complete the Ocad work with David before heading for study in Dunedin.

How long have you been involved with orienteering?

From 2000. Maybe seven or eight years.

How did you get involved with orienteering?

We were in a baby-sitting club with the Morrissions. Mum and dad had done it a long time ago when we used to live in Blenheim and thought it would be good to go along.

What do you remember about your first event?

We went as a family. I can't remember where but it was a farm map. I remember sliding down this big as hill.

What courses do you usually run?

Red long.

What do you enjoy about orienteering?

I enjoy seeing the world. And the people as well.

If we met you during the week, what would you be doing?

WORKING . . . Sailing on and off. Playing computer games. Training. NOTHING.

WOA Long, Whanawhana — Setter's Report

A double dose of the memory sins of absentmindedness and omission meant that I neglected to write a report for the last issue of *Compass Points*. What follows is a belated attempt to redeem myself.

Whanawhana is always going to present a significant challenge to both competitors and setters. If it isn't the wind making life difficult, it is the terrain. The days Max and I put out controls, the wind was so strong we had difficulty standing up, let alone holding conversations about control sites and map interpretation. As setter, it was a tough exercise finding a way to utilise a steep map without putting in loads of climb, particularly for the shorter courses. Compounding the problem of refining the courses was the lack of access to the map at critical times due to lambing. Unbeknown to us, the farm has a no entry policy to lambing paddocks, even for staff. Consequently, any difficulties with courses had to be resolved in a short space of time (the week before). I think there was only one issue of similar control numbers next to each other, which arose as a result of a late course change. It is always the last minute change to resolve one problem that creates another one on the day.

Sport Ident was fantastic as usual. We had one or two interesting experiences putting out the base stations on the morning of the event. The wind had ripped one control from the ground on Geoff's route. He found the need to relieve himself (face downwind next time Geoff!) and while he was contemplating how to find the site in the very small re-entrant he was fortunate to spot the remnant of the paint spot marking the site. Meanwhile, I had lost my map in a gully area and was contemplating how to put out the rest when I spotted the map on the edge of the dam below me. Without any regard to personal safety I stepped into the 100mm deep water and promptly sank up to my hips in the mud. I spent a very careful 10 minutes extracting myself, all the while thinking, if I can't get out I suppose they will find me when the first runner goes through!

Although the day went well, there were a few moments for me that gave me stress or pleasure. The most stressful part was trying to tape the white course in the wind with start times rapidly approaching. A huge amount of thanks to those who helped put the tape out. I think the best comment on the day came from a HB junior who commented that the white course was hard, but really good because it made you think about which direction you had to turn next. White courses can be difficult to set and Max was very thorough in his assessment of the white course to ensure that it was set well and fairly.

The short red course was very difficult to set given the location of the finish area. The decision to walk so far to the start was made to give the courses access to the more technical parts of the map, even if it meant some legs of mediocre quality getting there.

I particularly enjoyed the challenge of tripping up the senior runners and the élites. The long courses all had legs that took them into the steep scrub gullies in the SW of the map. I think Jamie Stewart summed it up well on the Maptalk website in saying "In the difficult native gully section of the course which involved a very technical downhill descent ... lost plenty (of time) as did many others." Comments like this give me a great deal of satisfaction as setter. Although we try and set traps for runners, it doesn't always work so it is gratifying when you manage to trip up the best orienteers in the country. On long distance courses, route choice is very important and very long legs can open up all sorts of possibilities. The M21E course had a long leg of over 2.2km which gave three main route choices. I had thought that right up to a saddle and then a downhill run to a long flattish track would be quicker, but in reality left was faster but only by 30 seconds or so. Of more relevance was fitness after three days of orienteering.

I would like to thank all the volunteers behind the event: Murray, Pamela, David, Tim, Lesley, Alan, the Girl Guides for the food and all those who helped on the day running the start and collecting controls. It made it much easier for me. Thank you.

Max Kerrison did a sterling job vetting the courses for me and kept me on the straight and narrow. It is a long way down from Matata and I appreciate the time he gave me.

Finally a few comments posted on Maptalk. I think they sum up the Labour Weekend events from the perspective of the competitors . . .

"THANKS for a tough but enjoyable event on awesome terrain. No wonder HB orienteers are a hardy lot!"

"Hey just want to thank the organisers of Labour Weekend. I reckon it was a great event with challenging maps, good course setting, excellent organisation and a fun atmosphere."

"I even enjoyed the classic on the last day which I wasn't expecting to!"

"Thanks Hawke's Bay Club members. You always put on a well organised, fun weekend. Thanks for all the hours of work that your club put in to making sure we all had a fantastic weekend of orienteering."

"Labour weekend was my first multiday event. Congrats to the Hawke's Bay club for putting on a really good weekend with some very challenging courses. Now I just need to work on the fitness levels."

Setter's Report

"You can walk on Blackberry you know!!"
— *Morrison. D, 2007*

Te Awanga is an exciting map to work with and offers tough terrain coupled with spectacular wilderness. Of course, the greatest hurdle and frustration is the ever-present blackberry. Too often promising control sites and routes are rendered inadmissible through blackberry and at the end of the day subtle changes to sites and extra controls are required to prevent dog-legs and to produce challenging decisions for the competitors. Setting for this event became a steep learning curve for me and thankfully, Derek Morrison was very patient explaining in detail where the red courses could and couldn't go and how best to create route choices.

Derek was an absolute master and attacked the task with a perfectionist approach. He not only spent hours hacking path after path through bushes of blackberry with his trusty hedge cutters, but he would come up with small changes to control sites in order to open up new route choices. On an early reconnaissance he produced an unforgettable tip. We had ventured into a

canyon of the prickly enemy and looked to be well and truly boxed in, but undeterred Derek turned and stated "You can walk on blackberry you know." And with that he proceeded to do just that with his 'Doubting Thomas' in hot pursuit!!

It took us a long time to settle on our final courses and eventually we formed a system of maps based on two circuits with spur and gully route choices between. Derek and I wanted to present terrain that would be 'newish' to our more experienced members and offering a mental, as well as a physical challenge. Going from the finishing times the courses were on the tough side and my congratulations go to all of you who hung in there, despite the heat, to reach the finish.

Congratulations go to Scott, for winning the Red Long by just over a minute from Hamish. The Red Medium produced the closest racing of the day with only three minutes separating the first five place getters and congratulations go to Rolf Boswell who just held off Kate Morrison. Neville Smith showed his rapid improvement over this season to take out the Red Short event by thirteen minutes over Chris McDonald. Katie Eames finished well to win the Orange event over Tom Harrison while Iain Murray and Craig Sceats proved too strong for the Yellow event, winning in respectable times. The White course proved to be much harder than I had intended it to be and congratulations go to Hamish Muir, Naomi Anderson and Richard Hocking for podium finishes in this event.

Events like these do soak up the man-hours but the beauty of setting comes from the extra hours that you get to spend out in the wilderness. An added bonus is that you get to know a map very well, and there was very little ground that we didn't check out. Again I want to thank Derek for going well beyond the duty as a vetter and for teaching me so much about route choices and orienteering 'thinking.' Pam Morrison also deserves a medal for helping us out with our map work. We had two very late nights at Geoff and Pam's, one to make map changes and one to set the courses. Thankfully, Pam is very patient!! Thanks also go to Bev and Tom Harrison for their help with the caravan; to Stewart Hyslop, the Parker family and Brett Sceats for helping collect controls and to Pam and Geoff and others who helped pack up at the end of the day.

Murray Richardson

Taheke OY6 — 18 November 2007

Red Kiwis / HBOC Challenge

Setters : Rachel and Jaime Goodwin Vetter : Hamish Goodwin

Red Long (8.1km 390m climb)

Scott McDonald	60.43
Jack Vincent	62.34
Duncan Morrison	69.42

Setter's Report

Taheke is a map down our road that Dad, Rachel and I all mapped (Dad did most of it!) and it was decided that we were going to be setting OY6 on this new map.

At the beginning of the year we planned to set our courses as early as possible, so the farmers would have an advanced warning on where to move their stock. The plan did not work. At all. Sometime during September we realised that time was fast running out and began to work on some courses. Course setting is nowhere near as easy as you would think. I assumed that I'd find a few cool control sites, join the points and count the climb. Yeah right!

Course setting is about challenging people. You need to find two points where there is as much confusion as possible and a variety of different routes.

We roughly set a white and a yellow and most of an orange course. There were heaps of red control sites and legs marked on our maps; they all just needed putting together.

The weekend before our big day we all went out on the map (in our scheduled study breaks, eh dad?!). It was quite possibly the most depressing thing I have ever done in my life. Everything we had put down on paper was pretty much non-existent or utterly ridiculous. We walked home and sat down with our great friend . . . the map. After several hours of hard work and 5 million cups of tea, not mentioning anyone in particular . . . Hamdog, we had adapted everything and made some wicked courses!

So Ham went to Dave Fisher's and they did a few map corrections etc. and the maps were printed. After another hard-out week of exam preparation, the weekend arrived.

On Saturday, Dad did an awful lot of running. Rachel and I were told we could have the afternoon off studying so we put out some controls and checked dad's sites. I am sorry for all of you who had the cave control. I was the one who decided it wasn't far enough in . . . so I moved it!

That night, we drew all the courses on the maps and mentally prepared ourselves for the next day. Dad was up early to move stock and he left a note for us to check a control that some bulls might have knocked over. After that we set everything up and started to wait.

It is quite nerve-racking watching people run in totally the wrong direction or in totally the right direction! You want people to get confused and lose a little bit of time on each control, not get totally lost or find it really easy! There is quite a fine line!

All in all I think the day was a success and it was such a good experience, definitely helped me as an orienteer and also gave me insight into how much work goes into putting on an event. Thank you to Jennie and mum. Also everybody who helped out with control collection!

Hope everyone enjoyed the new map and our courses.

Jaime

Orienteers recognised at Hawke's Bay secondary school sports awards

Orienteers were very much to the fore at the HB schools' sports awards at the Century Theatre on Monday 1 November.

The Napier Boys' High team won the Mackersey Construction Team of the Year Award. NBHS had been the winners of the Top School Cup at North Islands, won the Top School Trophy at nationals and shared the Silva Premier School Cup at nationals with Lindisfarne College.

The Havelock North High School girls' team won a merit award in the same Team of the Year category. The Havelock girls had won the Top School Cup at North Islands, won the Top School Trophy at nationals and won the Silva Premier School Cup by a five-point margin.

Jack Vincent won a merit award in the EIT Sportsperson of the Year category. Jack ran for New Zealand at Junior Worlds, for New Zealand in the Australia-New Zealand Schools' Test where he won the senior boys' course and for New Zealand at the Oceania Champs in the M20E grade.

Kate Morrison also won a merit award in this category. Kate ran for the New Zealand team at Junior Worlds where she finished 49th in the long final, ran for NZ secondary schools in the test against Australian secondary schools and at Oceanias in the W18 grade.

In the Aqua Fern Fair Play category, Anna Williams, while not being recognised for her orienteering, won the section for helping a distressed team-mate at the East Coast schools' cross country in Gisborne and sacrificing her own performance.

Likewise, Rochelle Sceats won a merit award in the NZ Couriers Contribution to Officiating category for her work as a volleyball referee.

Well done, all. Good to see so many orienteers up there.

HAWKE'S BAY ORIENTEERING CLUB
2007 "ORIENTEER OF THE YEAR" SERIES

Points to date in the 2007 "Orienteer of the Year" series.

Six events are classified as "OY" events during the year. The winner of each course (men & women) each receive 25 points and points are allocated to other competitors based on times compared with the winner.

Once a member has competed in two events on one course, then this becomes the only course for which they can score points.
