President's Report

Welcome to the 2009 HB Orienteering Club AGM. Tonight we are here to celebrate the people and achievements that make Hawkes Bay Orienteering Club the success that it is.

This year, the club has seen some major changes in the way it organises and manages events. We are in the fortunate position of being the envy of many other orienteering clubs around NZ and also of other sports clubs within HB for our skill in organising large events in a low key but professional manner. That is entirely due to the efforts of a membership that freely volunteers, a hardworking committee and a few members with particular skills that enable us to function the way we do. I would like to thank each and every one of you for being part of that success.

While club membership is down slightly on 2008, participation at club events has increased and I will let Mark go into that in more detail. Needless to say, it is the emphasis the club places on the school program that is largely responsible for generating that success.

The major change for the club in 2009 has been on the financial side with the registration for GST and with the introduction of Sportident electronic timing. Sportident has been an unqualified success for the club with regard to the role of setting and vetting. It has removed the major headache of clipcard checking and calculating event results manually. Accurate results are now available both during and immediately after the event. With the aid of several of our very able volunteers, results are nearly always on the website the same night which is much appreciated by us all.

Congratulations to those who won National titles this year, and particular mention must be made of Ross Morrison who not only finished a very credible 10th at the World Games this year, but also made all the A finals at the World Champs. Ross's international career at elite level has only just begun and I am sure that in future years he is an athlete that many junior orienteers will look to for inspiration. Ross is our most successful export from the HB Orienteering Club and it is great to see him back from Denmark.

We have begun to look more to the long term survival of the club with regard to the running of major events. As you are aware, HBOC is hosting the 2011 National Champs which will also include a world ranking event. Until now, we have frequently had to go outside the region for A grade controllers. Recently, five club members attended a course held by NZOF and gained accreditation as A grade controllers. Congratulations to Derek, Pamela, Hamish and Rolf. As part of hosting the National championships, we have commissioned a new map for the classic distance event and the committee is about to order the photogrammetry for a new middle distance map. We are in a good position this far out from the event, but the time between now and then will go quickly and so if you would like to help, please talk to a member of the committee. This is a big undertaking for the club and needs to be a whole club effort.

We are club that has grown through the hard work of members to over 300. We are also the envy of other clubs not just for our success at growing membership and participation rates, but also for our flexibility and capacity for innovation. We introduced sprint, score and middle distance events to the OY series this year which I think has revitalised the competition. However, we shouldn't be caught thinking that tweaking the OY series is enough to keep us at the pointy end of orienteering. For many years our success has come from the efforts of teachers and parents organising school events and training. We should not think that 300 members is the ceiling, or that it will remain steady at that level. We need to continue to be innovative, flexible, well organised and motivated to continue that success.

Currently Taupo Orienteering Club is struggling to survive with one or two active members shouldering the workload and iconic events such as the Katoa Po are now at risk. We have received a request for us to leave Wellington and join Central Districts Orienteering Association in abid to prop up CDOA events and in particular Taupo and the maps it holds. This issue was first discussed by the club about five years ago and rejected. This needs serious consideration as it will have both organisational and financial implications for the club. As a region, our strength has been the motivated and active membership building a vibrant club based on a strong junior programme. It has not been built on the back of the greater regional structure.

Our future is in our hands and so finally, I would like to issue a challenge to you all: how about growing HBOC to a club of 500 active members?

JUNIORS LOOK!!

2010 HAWKE'S BAY ORIENTEERING CAMP

January 19 – 22, 2010

This camp is for all orienteers of intermediate (Y7-8) school age or older who want to move up to yellow, orange or red level. The aim of this week is to upskill so you can move on to the next colour level with ease. As usual we will be using some coaching expertise from outside the club, which will include world-ranked orienteers.

Accommodation will be at Moore Road camp, near Havelock North in bunkrooms and all meals will be provided.

The camp will commence at 1.30pm on January 19. A programme will be forwarded to participants a few days before the camp.

The cost of the camp will be \$67.50. (\$135 is the full cost, which is subsidised 50% for club members who have not received a camp subsidy since 1 November.)

If you wish to participate, please complete the form below and forward with your payment (cheques made payable to HB Orienteering Club Inc.) to Geoff Morrison, 27 Margaret Avenue, Havelock North by January 15, 2010.

HELP NEEDED!

To make this camp happen the support of parents/caregivers is required. Assistance is needed with:

- Transport during the camp – daily from the camp to the maps used for training and to the event on Wednesday evening.
- Female care and supervision of the camp participants.

For those who are happy to stay at the camp, accommodation will be in the bunkrooms or alternatively, there is plenty of space for camping. You are welcome to share the fine meals which will be provided.

CAMP APPLICATION

<i>Participant information:</i>
Name:
Any special dietary needs/preferences?
Any special medical needs?
<i>Parent/caregiver information:</i>
Name:
Contact phone number:
Able to assist with? (please indicate days available)
• Transport
• Meals
Do you wish to stay at the camp?
If staying, do you have any special dietary needs/preferences?

Control Collection

The last time I wrote on this subject was.....would you believe 2006? Well I am writing about it again mainly for the benefit of all those new people in the club, and perhaps for myself . . . see the last paragraph.

The aim is **to help** the Setter and Vetter to get the controls in on the farm and forest events. Also to spread the task relatively evenly amongst those in the club who are able and willing to do so.

I do not organise collectors for the Summer Series or any other Street and Park events with the exception of Te Mata Park. My reasons are that there are plenty of roads on these maps enabling the Setter to drop collectors off at the most distant controls, there are not as many controls, and invariably a family is involved.

I organise collection in the week before an event, thinking that people know by then if they will be there or not. I discuss it with the Setter first, followed by the Vetter and the Assistants for the day. If these people have family there, they can often take care of the job. If they are short of collectors, then I start phoning around. When the wise hear my voice on the phone on Thursday evening, they know what we will be discussing. **New orienteers enjoy collecting controls.** It gives them a good experience of walking the map with no pressure, and means they can learn a great deal. **Collection starts close to 3p.m.**, so it makes sense to start your course about 11.30a.m., finish, have your lunch and recover, ready to go out again to collect controls.

The golden rule is **ONLY COLLECT THE CONTROLS ON YOUR LIST.** If you pass close by another control ... **leave it.** The reason is that the person who is supposed to collect it arrives where they think it should be and hello... it is not there. They then spend some considerable time trying to find it.

Two things that can upset the best laid plans. One is when the folk arrive late, take longer on their course than is usual [often the case on an OY], end up knackered and too tired to collect controls. Two is when they thoughtlessly get injured, and have to have medical attention. Can't be helped, so volunteers are always welcome on any day. **Thanks to those who do this.**

The short period of daylight in the middle of winter introduces another element to the collection of controls. There is not a lot of time to do the job. So it pays the Setter for the day to have it already planned with black and white photo copies of the map at the ready with collection areas marked out. **The collection area also needs to match the ability of the collector.** That needs some thought on my part and yours.

It is quite daunting for me to look at a list of our members . . . 300 odd . . . and think where do I start? I don't know these people! If you want to help with control collection please give me a call or email me to let me know. Thanks, I would really appreciate it. I have a filter on my computer which will tell you to send the message twice because you are not on its list of addresses.

I think I have covered all the bases, but if you have any comments on this subject please talk to me.

Cell: 0273761846

Sprint the Bay

6 races . 3 days . 1 tour . unlimited summer

Introduction

This event will show case Hawke's Bay sprint racing in the summertime. The relaxed sunshine combined with the high intensity discipline of sprint orienteering will draw a number of keen athletes from all corners of New Zealand. This will see very close and competitive racing across all grades, with our young Hawke's Bay talent rivalling the best from the nation. This event will be the first of its kind in New Zealand, Tour Orienteering. The idea of holding this tour is to fill the lack of competitive orienteering between November and February. The date of the tour is to be the weekend of the 22nd, 23rd and 24th of January.

Friday 22nd of January 2010

Day One- Event One: Havelock North Village

Saturday 23rd of January 2010

Day Two- Event Two: Arataki

- Event Three: Tainui Kerunga

- Event Four: Woodford Iona

Sunday 24th of January 2010

Day Three- Event Five: Frimley Park

- Event Six : Napier Boys' High School

The Terrain/Preview

Although sprint racing terrain tends to be not too dissimilar wherever you go in New Zealand we are quite confident that you will find the variation during this tour pleasing. The sprint racing starts off with a run through the back alleys and downtown shopping centre of the Havelock Village map. Footing conditions are mostly fast pavement with the scattering of small grassed parks being the only exception. The next stop on the tour sees competitors pacing their way around the classrooms of three schools in close proximity linked by fields and reserves. Once again conditions are very fast with the exception of some slowing undergrowth in parts of the stream bed, found in the reserve. Next up the tour will move away from buildings and into the Tainui (Morrison training ground) and Kerunga reserves, also incorporating surrounding streets. Run ability here will be slower than previous races

www.sprintthebay.com

Sprint The Bay

dirty.d

As terrain is 60% steep forest with some areas of varying shades of green. This is easily countered though with numerous walking tracks. Bordering this map is the venue for the next stage in the tour, Woodford Iona. This map has a smattering of buildings but is mainly made up of forested grounds, fields, tennis courts and school farms. Run ability is fast for 90% of the map. As the tour moves away from Havelock North we find ourselves in the suburb of Hastings named Frimley. The map contains two schools and a large sports field/gardens. A highlight of this map could well be the maze like rose garden. Lastly we travel to Napier to conclude our tour of the bay with the finale staged at Napier Boys High School. Conditions allow for very fast running over all parts of the map which has the combined the school hostel and farm on it.

Age Grades/ Courses

When entering you must be allegeable for that grade from your age at the end of 2010. We ask you to please respect this. The age grades are as follows:

- Men's/women's 10 and under (m10-, w10-)
- Men's/women's 14 and under (m14-, w14-)
- Men's/women's 18 and under (m18-, w18-)
- Men's/women's elite
- Men's/women's 30-44 (m30+, w30+)
- Men's/women's 45 to 59 (m45+, w45+)
- Men's/women's 60 and over (m60+, w60+)

Course	Length	Age Grade
Course 1	100%	(melite,welite) (m30+)
Course 2	75%	(m18-, w18-)(m45+)(w30+)
Course 3	65%	(m60+,w60+)(m14-, w14-)(w45+)
White	60%	(m10-, w10-)

Timetable

Dates are provisional

Time/Day	Map	Positioning
Friday 22 th 8.00pm	Havelock Village	In the centre of Havelock North, 5 minutes from Hasting and 20 minutes from Napier
Saturday 23 th 8.45am	Arataki	On the eastern side of Havelock North, 10 minutes from Hasting and 20 minutes from Napier
Saturday 23 th 1.30pm	Tainui/Kerunga	Just out of Havelock North CBD, 7 minutes from Hasting and 20 minutes from Napier

Sprint The Bay

Saturday 23th 6.00pm

Woodford/Iona

Just out of Havelock North CBD, 7 minutes from Hasting and 20 minutes from Napier

Sunday 24th 8.30am

Frimley

On the Northern side of Hastings, 10 minutes from Havelock North, 15minutes from Napier.

Sunday 24th 12.45pm

Napier Boys High School

In Napier south, 5 minutes from Napier CBD, 15minutes from Hastings and 20 minutes from Havelock North

Costs

- \$11 per race (\$8 if entering in 60+ or 10- age grades)
- \$54 for all 6 races (\$45 if entering in 60+ or 10- age grades)
- A 10% discount to any family with three or more people.

What is the Tour?

Like the Tour de France there is always an overall winner, this winner will be recognized as champion of that grade in the case of sprint the bay. For both Men's and Women's elite grades a **yellow jersey** will be worn (supplied by race) by the competitor that is leading the overall tour standings. After completion of the tour the winner of each grade will keep the yellow jersey.

The overall winner is the person with the lowest overall time added up from all six events, this applies to all grades **apart from** Men's and Women's 60+, 40+ and 10- as they may drop their slowest time or DNS/DSQ/DNF. (2 races for men's and women's 60+) All other grades overall winner must run in every stage with a counting result.

Thank you to dirty d design. main sponsor of 2010 Sprint the Bay.

Dunedin Orienteering Club is proud to host

New Zealand Orienteering Championships 2010

2nd - 5th April and the
Nationals Follow Up Series Courtesy of PAPO
7th - 11th April

Entries close 5:00pm Friday 19th March 2010

For Nationals events, any late entries may be accepted at the Controller's discretion with a 50% extra fee, but the late entry will be deemed to be unofficial once the start draw is completed. Casual entries or wayfarers may enter late or on the day depending on map availability. They will start once the official participants have started. Competitors must be affiliated to NZOF (be a member of an orienteering club) or an equivalent overseas body. If you do not belong to a club you may enter but must pay an extra participation fee. For the Follow Up Series, late entries will not be accepted but entry will be available on the day with no extra fee payable.

Day 1 – Friday 2 April – NZ Sprint – Roxburgh Tailings (World Ranking Event)

Terrain	Open forest, mainly flat with some gold tailings		
Location	Roxburgh East, 5minutes from Roxburgh		
Planner	Tane Cambridge	Controller	Bruce McLeod
Scale	1:5000	IOF Controller	Rob Crawford
Starts	From 2:00 pm	Contour Interval	2.5m

Day 2 – Saturday 3 April – NZ Middle Distance – Bannockburn Sluicing (A Grade Event)

Terrain	Intricate gold sluicing, open ground		
Location	Bannockburn, 10 minutes from Cromwell		
Planner	Bunny Rathbone	Controller	Bruce McLeod
Scale	1:10 000 /1:7500	Contour interval	5m
Starts	From 11 am		

Day 3 – Sunday 4 April – NZ Long Distance – Earnsclough Station (A Grade Event)

Terrain	Open, rocky, gully spur		
Location	15 minutes from Alexandra		
Planner	Barrie Foote	Controller	Allan Foote
Scale	TBC	Contours	5m
Starts	From 10:30 am		

Day 4 – Monday 5 April – NZ Relay – Naseby East

Terrain	Mainly open farmland, with patchy vegetation and areas of intricate contour.		
Location	10 minutes from Naseby township		
Planner	Nick Mortimer	Controller	Myles Thayer
Scale	1:10 000 1:7500	Contours	5m
Starts	From 11 am		

Day 5 – Wednesday 7 April – Multiday Distance – Lake Pukaki (Irishman Creek)

Terrain Glaciated lake edge and farmland, 20% forested
Location 30 minutes from Tekapo or Twizel
Planner TBC **Controller** TBC
Scale TBC **Contours** 5m
Starts 10:30 am – 1.00pm

Day 6 – Thursday 8 April – Multiday Distance – Lake Tekapo

Terrain Glacial moraine pine forest
Location 5 minutes from Tekapo
Planner TBC **Controller** TBC
Scale TBC **Contours** 5m
Starts 10:30 am – 1.00pm

Day 7 – Saturday 7 April – Multiday Distance – Craigieburn (OY3)

Terrain Sub-Alpine hill country, varied vegetation
Location 90 minutes from Christchurch
Planner TBC **Controller** TBC
Scale TBC **Contours** 5m
Starts 10:30 am – 1.00pm

In addition: Controllers Clinic – Wednesday/Thursday 7/8 April

Delivered by: Graham Teahan (NZOF Technical Director)

Target Audience: Planners moving on to controlling and controllers moving to A + B grade certification.

Part I: Wed 7th April 1:30pm-2:30pm. Map walk on the Irishman Creek (Lake Pukaki) map

Part II: Wed 7th April 4:30pm-6:30pm. Classroom session at Tekapo Community Hall 9-11 Aorangi Crescent, Tekapo.

Part III: Thurs 8th April 8:30am-10:30am Continuation of classroom session at Tekapo Community Hall 9-11 Aorangi Crescent, Tekapo.

Free to all who take part.

Please indicate on the entry form if you intend to participate in the controllers clinic.

Course and Class Combinations for Day 1 (NZ Sprint)

Course	Mens Grades	Womens Grades	Winning Time
1	M18, M20, M21, M21E, M35, M40, M45	W20, W21E	12-15 min
2	M16, M50, M55, M60	W16, W18, W21, W35, W40, W45, W50, W55	12-15 min
3	M14, M65, M70, M75, M80, M85	W14, W60, W65, W70, W75	12-15 min
4	M10, M12	W10, W12	12-15 min

Course and Class Combinations for Days 2 and 3

Day 2 will be the NZ Middle Distance and Day 3 will be the NZ Long Distance with grade combinations and difficulty in accordance with NZOF guidelines. Course lengths will be based on expected winning times below.

Course	Mens Grades	Womens Grades	Winning Times		Difficulty
			Middle	Long	
1	M21E		30min	90-100min	Red
2	M20A, M21A (open), M35A	W21E	30min	70min	Red
3	M18A, M40A, M45A		30min	60min	Red
4	M50A	W20A, W21A (open), W35A	30min	55min	Red
5	M55A, M21AS (open), M16A	W40A, W45A	30min	50min	Red
6	M60A, M40AS	W18A, W50A	30min	45min	Red
7	M65A	W55A, W21AS (open), W40AS, W16A	30min	45min	Red
8	M70A, M75A	W60A, W65A	25min	45min	Red
9	M80A, M85A	W70A, W75A	25min	45min	Red
10	M18B, M21B (open), M20B, M40B	W20B, W21B (open)	25min	45min	Orange
11	M14A, M16B, M50B	W18B, W40B	25min	45min	Orange
12		W14A, W16B, W50B	25min	40min	Orange
13	M12A, M14B, M21C (Open)	W12A, W14B, W21C (open)	20min medium	35min medium	Yellow
14	M10, M12B	W10, W12B	20min medium	35min medium	White

Course and Class Combinations for Day 4 (Relay)

Relay Leg	Class Restrictions	Technical level	Length
Mixed Long Leg 1	Open	Orange	30min
Mixed Long Leg 2	No E classes, No M18A-50A	Orange	30min
Mixed Long Leg 3	No M21E, No M20A-35A	Orange	30min
Mixed Short Leg 1	No E classes, No M16A-M55A	Orange	25min
Mixed Short Leg 2	No M/W14A or above, C classes ok	White	15min
Mixed Short Leg 3	No E classes, No M16A-60A, No W16A-50A	Yellow	20min

- All relay teams must include at least one female.
- Small clubs with 30 or less members may combine with another club from the same region to form a composite team. The combined team will be an official entry in the New Zealand relay.
- If a competitor does not wish to enter in a team for a relay, they may enter as a casual (wayfarer) for the day and start after the relay mass starts.

Course and Class Combinations for Days 5, 6 and 7

Courses	
Long red	No age
Medium red	restriction
Short red	for any
Orange	Courses.
Yellow	
White	

Age Grades for NZ Championships

Junior (born in or after)

M/W10 2000
M/W12 1998
M/W14 1996
M/W16 1994
M/W18 1992
M/W20 1990

Senior (born in or before)

M/W21 open
M/W35 1975
M/W40 1970
M/W45 1965
M/W50 1960
M/W55 1955
M/W60 1950
M/W65 1945
M/W70 1940
M/W75 1935
M80 1930
M85 1925

Entry Fees:	Sprint	Middle	Long	Relay	All 4 Days
Senior	\$16.00	\$32.00	\$32.00	\$16.00	\$90.00
Junior (below 21 yrs)	\$8.00	\$15.00	\$15.00	\$8.00	\$45.00
Family	\$45.00	\$85.00	\$85.00	\$50.00	\$230.00
Sport Ident Hire \$3.00 per day					
Family is up to two seniors (looked to as parents) plus any number of juniors resident at the same address					
NZOF Levy for persons not affiliated to an NZOF club or an IOF member organisation \$9.00 per senior, \$5.50 per junior, or \$23.50 per family, for each day.					
Refunds for withdrawals at controller's discretion.					

Entry Fees for Each Follow up Series Event

Senior \$12	Junior \$6	Family \$28 max. Per event
-------------	------------	----------------------------

Sport Ident Hire \$3.00 per day (or \$16 max for Nationals and Follow up events.)

National MTB-Orienteering Champs

On the weekend of 14/15th of November I travelled to compete in the NZ MTB Orienteering Championships in Rotorua. Three races were on the menu: short course, middle distance, and the premier event, the long course. Races are run in a time trial format, with the fastest time finding the winner at the end of the race. A map is presented to us one minute before our start with a series of points (controls) that we must collect in the correct order.

So Saturday morning was the start of the weekend with the middle distance up first. The course is set so that the winner will take approximately one hour.

Long story short, I had a shocker!!!!!! a combination of myself misreading the start list and my watch being five minutes slow, I missed my start by two minutes, and we had strict instructions that if this happens you will not be compensated. Any way, I had a reasonably good run and by 50 minutes into the race I had pulled back the two minutes I was late and was a further 20 seconds in the lead with about five minutes to race. Unfortunately in the two minutes I was late I had missed a really important instruction that allowed us to take a short cut . . . yup a 15 minute shortcut, so if you could hear a lead exploding on you, this one would have sounded like a nuclear bomb!! In the end I finished 10th about 19 minutes behind the winner, Thomas Reynolds.

Saturday afternoon came the short course. Nothing exciting to report, all the orienteers that had come were doing much better in this race and my navigation was letting me down a little. I finished 5th about five minutes behind the winner. Again, Thomas Reynolds.

Sunday morning and things had to turn around for me, and fortunately they did. The long course is set to take around two hours so the riding component is much more important. I was one of the last to start, and made sure I was reeeeeeeaaaaaalllllyyyyyy early. I didnt want a repeat of yesterday. The first leg was a long one, 20 plus minutes right to the highest point (almost) in the forest. There were two obvious routes and I took too long to decide which one to take, but once I had made that choice I was away and had a really good race, not making any mistakes and in the end coming in 11 minutes ahead of second place, Mark Leishman of Rotorua.

All in all, the weekend was a success. I'm a little peeved about the first race because had I not had my mishap I would have been very close to the the win in that race too :)

I still have the maps from the race and if anyone is interested in seeing the Rotorua tracks the way I had to for the weekend, then come in to see me at Pedal Power, in Taradale, and I can show you how it works.

Thanks to Steve and Nicky at Pedal Power for their support

Andrew Bott

Map cards for sale

The club is offering pre-paid map cards again this year. These will be for sale at Registration at events. The card will be valid for 5 events and will cost \$28 for individuals or \$70 for families. This gives you a saving of \$1 or \$2, respectively, over the 5 events and will help speed up the registration process at events.

To redeem the card, bring it along to your next event, present it at Registration and receive your maps in exchange - all done!

If you have trouble finding cash before an event, then the map card will solve your problem and it could even make a suitable gift for a hard to buy for person!

Hawkeye

With the demise of the magpie, the committee decided to resurrect a page devoted to little mishaps, achievements and interesting information regarding club members. If you have any good stuff you'd like to share with the rest of the club please forward it to a committee member

Callum Herries forgot to take his control descriptions to the start at Battlehill — rather than jog back the ten minutes to get them he made the only sensible decision open to him — he sent his dad!

Sara Bailey was dux of Havelock North High School and Ben Christensen was dux of Karamu — there really are a lot of intelligent and hard-working students in our club. Have a look at the school prize lists. Well done, you guys!

Nicole Jones has been in the wars just like her brother. She took her scooter (or was it Mitchell's?) for a spin downhill and decided to use her knees as brakes — OUCH . . . that gotta hurt.

Speaking of the Jones family — Paul 'Cooch' Jones figured in the *Hawke's Bay Today* when he took time out to fix the Havelock North Christmas lights — well done Paul!

Neville Smith won the inaugural Cape Kidnappers Challenge — he cut it fairly fine — the winning margin was just three seconds!

Olivia Gregory has been selected to represent the Central Districts Hinds cricket team — great stuff Olivia.

Derek Morrison decided he needed a bit of extra training at Tangoio — three hours is taking things to a bit of an extreme, especially an hour and a half on one memory leg!

Seems the Morrison family got a bit of extra work when they took on Sprint the Bay — they've spent a number of hours remapping six of our park / school maps. Well done you guys!

Club members might recognise some of the Havelock High year nine team that took the bronze medal behind Auckland Grammar and Westlake in the national road race: Marcus Yule, Harrison Gregory, Thomas Hensman, Ryan Calder, James Cruickshank and Carlos Aberhart..

Have you visited www.hborienteering.com lately?

This is our club website and if you haven't visited recently, then have a look. This is the place where you'll find all the latest information on what is happening in the club — news, results and latest event information.

If someone wants to find out about the club or the sport, then direct them to the club website — there is information there for new members, the latest fixture information and a map of our event locations.

22 December 2009

To all HBOC Members,

We have received a request from Central Districts Orienteering Association to join their region. This would mean leaving the Wellington Area Association.

The rationale behind the request is to boost numbers in CDOA and to encourage CDOA members to travel to HBOC events on a regular basis. It would also give CDOA valuable support and access to greater resources when hosting major events.

For our club membership, it would mean that they could officially compete for CDOA trophies and utilise the CDOA maps for events.

The committee need to hear your response as soon as possible so that if you decide we should swap regions it can be actioned at the NZOF AGM at Easter. Please email your thoughts on the matter to Committee, President and Secretary by January 10 so that appropriate action can be taken in response to the feedback.

Warm Regards & Merry Christmas,

*Chris Howell,
President
Hawkes Bay Orienteering Club.*

JWOC 2010

To be held in Aalborg, Denmark on 4-11 July 2010.

Selection trials for JWOC 2010 will be held over the weekend of January 30-31, 2010, on coastal sand dune terrain in the Manawatu region. These will follow on from the D squad camp held during the previous week. The trial events and maps are still being confirmed, but will be announced as soon as they are finalised. Triallists should also be prepared for a sprint trial race on Friday January 29, but this is yet to be confirmed.

Triallists should compete in all the trial events. Once announced, the trial map areas will be embargoed for all triallists until the trials take place.

All interested athletes are required to confirm their availability for selection to the Convenor of Selectors, Jeff Greenwood, by 15 January, 2010. This communication must include confirmation that the athlete possesses a NZ passport valid for the duration of JWOC.

The final JWOC team will be announced by 31 March.

**Jeff Greenwood
Convenor of Selectors
October 29, 2009**

Congratulations Kate

Kate Morrison from Hawke's Bay and Angela Simpson from Rotorua are preselected for JWOC 2010 and need not trial for their places. Well done, Kate.

Member of the Month

November — Bob Pocknall

Bob Pocknall's lifetime working in forestry makes him an asset to the club as someone who can spot areas which could be of interest as future club maps.

It was Bob who initiated the Mission map some years ago and he is still actively involved with the property as the forestry manager.

The young Merriwa forest on Patoka Road is another Bob has negotiated for us.

Bob remembers setting his first course at Punamara on Seafield Road with Ken Holst as his vetter. He says he learned a lot from Ken who was very particular.

Bob says he has assisted at a number of events over the years but these days his main input is as a member of the club's mapping committee.

But Bob's heavy work commitments and his general dislike of getting out in hot weather mean that we haven't seen as much of him as we otherwise might have.

How long have you been involved with orienteering?

I think I started in 97 or 98 .

How did you get involved with orienteering?

Stewart Hyslop got me into it. He was doing some mapping or photogrammetry for a client associate of mine. He became interested in me for my knowledge of the forests and later invited me along to an event.

What do you remember about your first event?

Stewart described the different grades and said, "You know your way around. Why don't you do an orange course?" I didn't take a compass. I rely on my ability to read land and judge distance. But I struggled that day. It must have been The Slump. I knew David Hartree's place because I'd done some work on his trees. I got to a lake and thought I knew which one it was, but the shape was all wrong. I found out which one it was on the map and managed to relocate myself. I eventually got round. It was quite enjoyable as a learning experience.

What courses do you usually run?

Now I run red courses. Although I didn't go at all last year.

What do you enjoy about orienteering?

Helanie has never been interested in orienteering but we like the rogaines because we love tramping. I did Geoff's at Wanstead and the Eland one. I love being in the countryside and I love the people. It's great to see all the families enjoying themselves and seeing them achieve . . . then watching the kids share their experience with the others, including the adults. And seeing the older ones like Stewart and Paul who are just so passionate about it.

If we met you during the week, what would you be doing?

I'm a forester and I run a business in Napier growing trees. PF Olsen. We're a forestry servicing company and we do consulting. I manage the Hawke's Bay business sector. I'm on three forestry committees, chairing two of them. So you wouldn't meet me during the week, and when I'm not doing that I get out in the mountains tramping and hunting. I've been so lucky. People have always paid me to do what I love doing.

Member of the Month

December — Mark Irwin

"Can you count? Can you write cheques?"

That was the job interview for club treasurer Mark Irwin, who must have passed it with flying colours as he has been in the job now for the three years that he's been on the club committee.

Mark had never done anything like it before and says that taking the role on put him out of his comfort zone. He soon figured out how to set up spreadsheets for the club finances, but admits to a few sleepless nights before coming to terms with the challenges of the role.

One such challenge was the decision to register the club for GST. For club members this just meant that the event fee went up, but for Mark it meant some extra work.

"It's been manageable," he says. "We were more or less forced into it as we had been over the income threshold for two years running. Then the new government put the threshold up, but we found that de-registering was just too hard, so we've stayed with it."

How long have you been involved with orienteering?

Five or six years I guess.

How did you get involved with orienteering?

Through daughters Emily and Virginia at school. Emily started in year ten. I got involved by taking them to events.

What do you remember about your first event?

My first yellow was at the Slump. I spent a lot of time running round in circles when I should have just stopped and looked at the map. I finished totally exhausted in a pretty average time. Then to rub salt in the wounds, when I looked at the results, an extra hour had been added to my time. I must have put the wrong start time on the clipcard.

What courses do you usually run?

Red medium. That feels about right. It's a bit depressing though watching all the young ones going past. They have fitness and youth on their side.

What do you enjoy about orienteering?

I love orienteering . . . I love being out in the country . . . I love the exercise — it's a good reason to keep fit. I enjoy the navigational challenge. And I enjoy the neat bunch of people in the club.

If we met you during the week, what would you be doing?

I'm an anaesthetist at Hawke's Bay Regional Hospital and at Royston. Four teenage daughters keep me pretty busy. The other love of my life is music. I play the saxophone with the Hawke's Bay Jazz Club Big Band and have done for the last seven years.

Orienteering features well at Hawke's Bay school sports awards

Congratulations to club orienteers who were recognised at the Hawke's Bay secondary school sports awards held on Wednesday 11 November at the Hawke's Bay Opera House.

Derek Morrison (above left) was named as Coach of the Year for his work with Napier Boys' and Girls' Highs which included qualifying both schools' orienteering teams to represent New Zealand at the World Schools' Championships in Spain in April.

Duncan Morrison (above right) accepted the award for Napier Boys' orienteers who won HBSS Team of the Year for their fifth place at World Schools' and for winning NZSS Top Boys' School and Premier Boys' School. Duncan, for his individual fifth at World Schools, was also the winner of a merit award in Sportsman of the Year, a section won by rower Giacomo Thomas (holding cups, opposite right).

Sara Bailey (pictured opposite behind Giacomo) accepted the award for the Havelock North Senior Girls' orienteering team who won a merit award in Team of the Year for winning the NZSS Senior Girls' Relay Title.

DESIGN A LOGO

With Nationals 2011 only 15 months away, HBOC needs a logo for official event information and a webpage for prospective competitors to visit. If you have a bent for design and want to have a go at putting together either or both, then email your entries to the committee. Close off date is the 24th of January. The committee will decide on a suitable prize for the winning entries.

Regards

*Chris

Over the Hill report

Well saying we'd do the Over the Hill map again seemed like a good idea eleven months out. But somehow these things catch up on you. Easy I thought, Gary would do the walk over, sort out the sites and I'd help him with the computer stuff.

You know the story about good plans? Well they don't always go the way you want. Gary damaged his back two weeks out from the event, and I was under the weather. I guess the advantage of a large club is there are many capable people who can fill in if things go wrong, and on this occasion it was Hamish to the rescue. We needed a man with leg power, though after it was all over I discovered Hamish too was injured! What a picture of poor health we three were.

I sat and figured out the courses and with a little tweaking from Hamish it was all go. Gary and Hamish got nearly all the controls out and checked on Saturday afternoon and finished just before the course starters on the Sunday morning. Fortunately some creative taping for the whites was discovered early on — this could have been challenging for the new members as a link was inadvertently made between a red control and a white!

Somehow it seemed to come together on the day with the usual assistance of Pamela on the maps production and good caravan helpers. Most people seemed to get a sweat up on the medium/long red . . . and they're often the hardest to please! Especially on a 'runners' map' like Over the Hill.

So thanks all round, especially to Hamish.

Ruth Vincent

“Glorious Depression” – Setting on the Slump

I started thinking about the ‘Slump’ nine months out- having received the nod from Lesley that this would be the last OY of the season and would be an OY Long. My first thoughts were, “How long is long?” And “How many depressions can you choose as control features?” then once I had studied the map “thank goodness I have fences!!”

I thoroughly enjoyed my visits to the Slump – David Fisher and I had three perfect days of ferreting around eliminating some great looking control sites and finding others that fitted the bill more to our liking or more importantly, fitted within the regulations. When setting, rules are very important and David pointed out a new one on me – you can’t have two control features that are the same within 100m— so while there are depressions everywhere we had to be careful as to which ones we chose to use. Our biggest problems however proved to be: climb, electric fences and handrails.

Unfortunately late calving on the lower farm and also the number of outrigger fences that were in abundance down there made an airstrip start the best option. David quickly knocked my Red courses into shape and calculated the ‘real’ distances once the climb was established — the long longs were pulled back to acceptable levels and we were able to build the other courses around these. In retrospect if I was setting from the airstrip again I would keep the courses in the technical areas for longer and use short legs to turn the runners around more so that they have to keep their eyes on the maps rather than the tracks and other handrails that are spread throughout the Slump.

The day itself was our fourth day of great weather and the racing was in earnest, made even more so thanks to the contingent of elites who arrived from Wellington. Creating pre-printed maps makes the morning of the event much easier to set up and means that rain is not such a factor in the set up — the only worry is guessing the number of participants for each event!! We had guessed about 140 in total so the 128 who did front were easily catered for. The times were quicker than we had envisaged and congratulations go to our winners: Jamie Stewart, Nick Hann, Tom Harrison, Ken Holst, Callum Herries, Connor Alseban and Jarrod Lobb. Thankfully most of the runners were able to navigate successfully around the courses. I hope Paul that you have recovered from your spill and skin loss!! Ouch!

Special thanks go to Dave Fisher for his help and insight. David knows this map well and was able to describe each leg that I created in detail with climb, route choice etc and then offer a more suitable control site or leg. David is great with the maps and this made the Condes aspect easy for me. The fantastic thing about setting is the knowledge that you gain from the vetter. Thanks also to Bev and Tom for manning the caravan; Greg for taking charge of the computer; to Pam and Geoff who helped pack the caravan and to the control collectors who got all the stations back efficiently for me. I certainly enjoyed working on the Slump and hope you all enjoyed running out there.

Murray Richardson

Report on Horseshoe Bend

'OK' was my reply when Steve Armon asked if I could set the Horseshoe Bend team event (with his help and advice). I really didn't know what I was getting myself into, having been a casual competitor for just over a year. I have developed new respect for the work put in by the setters and veters who create courses fortnightly over the season. First step was to plot possible controls on the map which was a lot bigger than the maps that I have been using completing orange level events. Setting up the course so it could be completed by a team of four made the task a bit more challenging.

After discussions with Steve, we decided to go for a wander around the map to look at what I had plotted. Several hours later, dehydrated, I returned with new control points for the event. Other new experiences were learning the symbols and plotting the course on Condes — orienteering software. At this point the pressure was really on to get the map to Pam who organises the printing (and no doubt tidied up any mistakes).

Setting a course, in spring, on farmland came with difficulties I hadn't previously thought about, such as: the grass grows a lot in two weeks, and depressions were no longer visible, and farm owners, quite rightly, tend to move their stock about and change the availability of paddocks.

With these minor challenges overcome, it was time to set up the course. We had to do this in stages to fit around fundraising for the Havelock North High team attending the nationals at Easter. First up, Steve and I took Friday afternoon off school to place out 24 team relay controls plus the white course. As we couldn't leave the base stations out for the weekend, we had to go over the course again on Saturday afternoon (after delivering phonebooks for fundraising). This all went smoothly as Steve and I were becoming very familiar with the Horseshoe Bend map.

*LAST GASP PLANNING — Geoff, Alan, Sean and Pamela (above) plot their strategy
GEORGIA (below left) picks up her map before doing all the controls as a solo*

Sunday — hot and windy! The trailer had been organised early but the keys were left behind so we were a bit late setting up the caravan. Thanks to those early starters who helped get the gear organised. Caravan and computer set up, it was time to send off the keen teams while we 'relaxed' in the shade of the awning, waiting for the finishers. While we had chosen a good viewing point for the pivot, we hadn't thought about shade, so it was some very hot competitors waiting for their team mates. Sorry guys! Overall this was a great learning experience and a good opportunity to improve my orienteering skills.

Thanks to the farm owners for allowing access to the land, and to Steve, Pam and Derek for all their help.

Tim Barclay

As the event doubled as a Christmas event for the club, Steve put up prizes:

- * Christmas cake for Winning Team
(won by some burglars with a world ranking)
- * Christmas mince pies for best team name
(Al Coombe Al Coombe)
- * Christmas mince pies for best team on sealed handicap other than the winners (GASP)

(I'm amazed, Tim, you managed to write this report without using the word 'thistles' once — Editor)

HAWKE'S BAY ORIENTEERING CLUB

2009 CLIPPER CUP

This trophy is awarded each year to encourage members to take part in competitive 'badge' level events around the country.

The NZOF awards badge credits – gold, silver, bronze and iron, according to performance. Go to <http://www.orienteingresults.com/O/nzof/default.asp> to check out what badge credits you've earned at events you've competed at. You can also apply for physical 'badges' if you wish.

For the Clipper Cup, points are awarded as follows:

Badge credit Points

Gold 10

Silver 8

Bronze 6

Iron 4

DNF 2

HAWKE'S BAY ORIENTEERING CLUB
2009 "ORIENTEER OF THE YEAR" SERIES

Points to date in the 2009 "Orienteer of the Year" series.

Seven events are classified as "OY" events during the year. The winner of each course (men & women) each receive 25 points and points are allocated to other competitors based on times compared with the winner.

Once a member has competed in two events on one course, then this becomes the only course for which they can score points.

JWOC trial events open to anyone

HBOC members may like to do two events being put on by the Red Kiwi Club. These are trial events for those wishing to be selected in the New Zealand JWOC team, and they are open to anyone else who would like to do them:

JWOC Sprint Trial and Superseries Event— Massey

Friday 29 January

Start times 6.30 to 8.30pm

Pre-entry by 22 January to Russell Higham red.kiwi.o@gmail.com

Parking signposted from Highway 27; those coming from Old West Road, turn left into ringroad and right in to library road.

WOA OY#1, JWOC Trial and Superseries Event — Osgiliath (north end)

Sunday 31 January

Start Times 10.30am to 2.00pm

Pre-entry by 22 January to Russell Higham red.kiwi.o@gmail.com

Location: Waiterere Beach, Levin

Signposted from Oturoa Road just south of the Manawatu River Bridge — from the north end of Levin follow SH1 north 10.6k to Oturoa Rd on the left, then 4k to the forest — from the south end of Foxton follow SH1 south 5.1k to Oturoa Rd, see above.
